CHAIRMAN'S MESSAGE

As we reflect on 2024, IHC has once again demonstrated its ability to navigate complexity with precision and foresight. This year has been shaped by shifting geopolitical landscapes, technological breakthroughs, and evolving global markets. Through it all, we have remained steadfast in our pursuit of sustainable growth, ensuring that IHC continues to be at the forefront of investment excellence and strategic evolution. Our ability to pivot, optimize, and capitalize on emerging opportunities has further reinforced our position as a leading force in the global economy.

Geopolitical and macroeconomic shifts underscored the importance of adaptability in 2024. IHC has remained agile, ensuring that our business decisions align with long-term stability and growth. We strategically repositioned our investments to mitigate risks and capitalize on emerging opportunities in key markets. Our unwavering confidence in the UAE's economic strength and progressive policies continues to drive our expansion across diverse sectors.

This year, we took decisive steps to optimize our portfolio, replenishing assets, divesting from select businesses, and reinvesting in high-growth, future-ready industries. By channeling capital into sectors poised for exponential growth, we have reinforced our commitment to long-term value creation. This disciplined approach to capital allocation ensures that IHC remains ahead of the curve, continuously evolving to seize new market opportunities.

Artificial Intelligence continues to be a transformative force for IHC. We have embedded AI-driven efficiencies across all sectors of our portfolio, enhancing operational excellence, decision-making, and value generation. From predictive analytics in financial investments to AI-powered automation in key industries, we are leveraging technology to drive superior performance. Our integration of AI is setting new benchmarks for innovation globally and across industries.

IHC's financial performance this year underscores the strength of our strategic direction. IHC's total assets now stand at AED 401.8 billion, reflecting our disciplined expansion and robust balance sheet. Earnings per Share (EPS) has reached AED 7.2, further solidifying our reputation as one of the region's most prominent investment groups. These milestones reaffirm our commitment to delivering exceptional shareholder value.

Our success is built on the enduring trust of our shareholders, the dedication of our leadership, and the resilience of our people. As we look to the future, we remain committed to sustaining momentum, fostering innovation, and reinforcing IHC's role as a key driver of economic growth.

On behalf of the Board of Directors, I extend my deepest gratitude to our shareholders, partners, and employees for their support. Together, we will continue shaping a future of resilience, innovation, and sustained prosperity.

Tahnoon bin Zayed Al Nahyan

Chairman, IHC

1.2

CEO'S MESSAGE

In 2024, IHC continued to strengthen its position as a global investment leader, delivering long-term value through strategic expansion, diversification, and operational excellence. This year, we prioritized high-value investments that generate strong cash flows and reinforce our financial resilience. By expanding our presence in real estate, financial services, healthcare, food processing and other key industries, we ensured that IHC remains agile, adaptable, and well-positioned for future growth.

Our performance this year reflects the strength of this approach. With a focus on operational profitability, we optimized efficiencies across our businesses, ensuring that each investment contributes meaningfully to our overall growth. Revenues reached AED 92.7 billion, supported by disciplined cost management and strategic reinvestments into high-growth sectors. IHC's ability to maximize asset value, coupled with a long-term vision for expansion, continues to underpin our financial strength, highlighted by our Net Profit Margin of 27.7%.

As we scale, global collaborations and sector diversification remain critical to our strategy. We have strengthened partnerships in key markets, leveraging synergies to broaden our reach and increase market competitiveness. By fostering innovation, enhancing operational efficiencies, and leveraging emerging opportunities across key sectors, we remain committed to making strategic decisions that generate enduring value.

Beyond financial success, we recognize our responsibility to the communities we serve. Our investments are designed not only to drive economic growth but also to deliver tangible societal benefits which are generating employment, improving infrastructure, and fostering long-term development.

By aligning our success with broader economic and social progress, IHC continues to play a vital role in shaping the future of the markets in which we operate.

None of this would be possible without the dedication of our employees and the trust of our partners. With over 86,000 employees, IHC's workforce remains at the heart of our achievements, driving the operational efficiencies and strategic execution that define our success. Our partners and stakeholders play an equally critical role in our journey, and we are committed to strengthening these relationships, ensuring that their contributions are recognized and rewarded. As we look ahead, our focus remains clear: driving operational excellence, expanding into high-growth sectors, and maximizing the profitability of our investments. With a disciplined strategy, a commitment to performance, and an unwavering focus on delivering value, IHC is well-positioned for continued success in the years to come.

Syed Basar Shueb

CEO & Managing Director, IHC

1.3

OUR ORGANIZATION

Established in 1999, IHC has become the most valuable holding company in the Middle East and one of world's largest investment firms, with a market capitalization of AED 892 billion. But IHC is more than just a holding company - we are a forward-thinking investment leader, redefining the traditional holding company model and representing a new generation of investors.

Overview

IHC operates through a global network of over 1,200 subsidiaries across sectors including asset management, healthcare, real estate, financial services, IT, and more. This diverse portfolio enhances our agility, allowing us to adapt to market dynamics and seize emerging opportunities.

Empowered Subsidiaries

Each subsidiary operates with autonomy and is accountable to its own Board while being guided to innovate, expand, and diversify in alignment with IHC's strategic goals of enhancing dynamic value networks. This balance of independence and alignment ensures agility and accountability, unlocking even greater returns.

Global Collaboration

At IHC, we cultivate partnerships with vision and purpose, collaborating with leading organisations and governments to drive innovation, unlock new markets, and explore new frontiers of investment.

What We Do

Our strength lies in our ability to look beyond the stand-alone value of our assets for opportunities and to work across them, stepping outside of traditional approaches and artificial barriers to increase value for our business partners and shareholders. At IHC, we invest responsibly to create dynamic value networks that make a real impact, going beyond the numbers to create a lasting, meaningful difference.

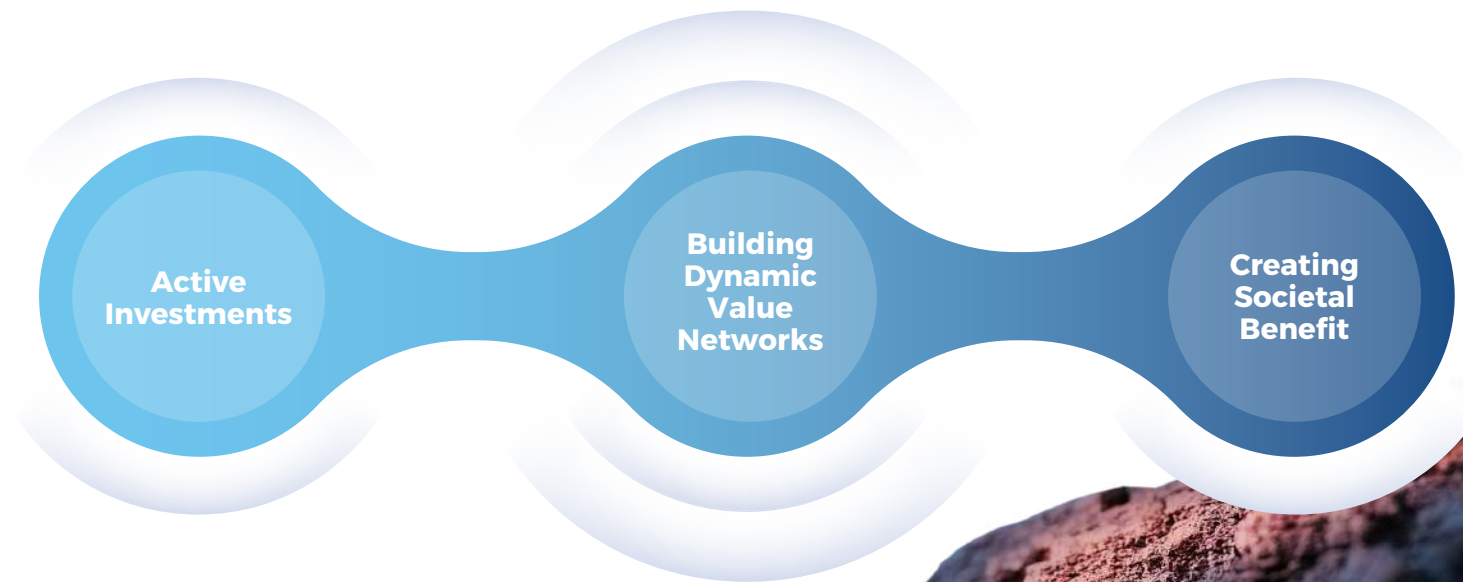

1.4 STRATEGY

Building Dynamic Value Networks

In 2024, IHC solidified its position as a global leader in investment, redefining industries through innovation, sustainability, and impact-driven growth. Building on our legacy, we are accelerating transformative initiatives across our portfolio, reinforcing our commitment to delivering exceptional value for stakeholders and creating a lasting, positive impact on society.

Strategic Pillars

Our strategy is underpinned by three core pillars that drive every decision and investment we make:

1. Active Investments

Unlike a traditional holding company, IHC takes a proactive role in managing our portfolio and identifies unique growth opportunities for responsible investment that create value by connecting assets.

2. Building Dynamic Value Networks

Our unique difference lies in our approach to identifying and capitalizing on potential investment connections. Through this approach, we create Dynamic Value Networks within each sector that drive significant value for stakeholders, shareholders, and communities.

3. Creating Societal Benefit

We believe that our approach to responsible value creation will always drive positive change. Our focus on providing value to not only our shareholders but also society at large ensures that every investment supports a prosperous future for both our clients and the world.

Strategic Fundamentals

01. Acquisitions

Strategic acquisitions to increase shareholder value, gain cost advantages and expand our portfolio

02. Restructuring

Redesigning operations and management reporting structures to maximize cost efficiencies and enhance performance

03. Consolidation

Establishing synergies between our verticals, to realize new recurrent revenue streams

04. Diversification

Expand firms' operations by adding markets, channels, technology, products & services to the existing business

05. Divesting

Through M&A or a listing process to create additional shareholder value & empower our leaders to innovate and dominate

IHC'S 5 Key Strategic Fundamentals

Our robust five-pronged acquisition strategy ensures value-accretive expansion. Each acquisition undergoes rigorous evaluation through the lens of Strategic, Restructuring, Consolidation, Diversification, and Divesting pillars, guaranteeing alignment with our overall vision and shareholder value creation

Our Guiding Principles in Action

1. Strategic Global Expansion

IHC expanded its global footprint with significant milestones, including the completion of International Resources Holding's acquisition of Mopani Copper Mines in Zambia. Additionally, we acquired a near 15% stake in Grupo Nutresa, a Latin American leader in sustainable food systems

2. Innovation in Decision-Making

With the deployment of Aiden Insight, as IHC's Board Observer, our investment process now benefits from real-time analytics, tailored to our mission, enhancing our ability to identify growth opportunities and address inefficiencies swiftly.

3. Intrapreneurial Spirit

Finstreet, highlights our commitment to innovation through the launch of the first regulated digital venue in ADGM. Marking a regulated digital venue, integrating traditional and blockchain solutions. Streamlining origination, issuance, trading, and custody, it enhances market liquidity and aligns with the UAE's CEPA strategy, driving global financial advancements.

4. Climate Leadership

Our subsidiaries achieved significant milestones in advancing sustainability. Climate leadership remains central to our strategy as we integrate climate risk assessments into investment decisions and actively support subsidiaries in developing robust decarbonization plans and receiving internationally recognized ratings.

5. Partnerships for Progress

We became Associate Partners of the World Economic Forum (WEF), to actively contribute shaping global discussions on technology, and economic development. This collaboration positions IHC at the forefront of addressing critical global challenges and influencing transformative policies that create societal benefit.

Metrics and Outcomes: A Review of 2024

In 2024, IHC delivered exceptional financial and operational performance across its diversified portfolio, underscoring the value of its strategic approach and commitment to excellence. Key highlights include:

Revenue increased by 54.2% across our key sectors, driven by significant contributions from real estate and construction, and marine and dredging, hospitality and leisure

These achievements highlight IHC's ability to create value not only for shareholders but also for the industries and communities we serve.

Sharpening Shareholder Value

As we look to 2025, IHC remains steadfast in its commitment to maximizing earnings per share and net profit, ensuring sustained growth and enhanced shareholder benefits. Through disciplined investments and impactful strategies, we are driving financial and societal benefits in equal measure, ensuring long-term value creation for all stakeholders.

Share Buyback Program

In 2024, IHC's Board of Directors approved a landmark AED 5 billion share buyback program to further enhance shareholder value. This initiative underscores our strong financial position and commitment to optimizing capital allocation. By reducing outstanding shares and reinforcing market confidence, the program reflects IHC's focus on delivering long-term benefits to our shareholders.

VISION FOR 2025 AND BEYOND

IHC remains committed to:

1. Fostering Talent and Performance

By nurturing top talent and promoting diversity, we will ensure a resilient and future-ready workforce. We continue to invest in our culture, to increase collaboration and provide support in achieving shared goals and outcomes.

2. Expanding Global Influences

Building on our investments through our dynamic value networks, we aim to establish IHC as a global leader across major sectors of financial services, technology, mining, consumer goods and real estate.

3. Scaling Innovation

Leveraging advanced technologies and data-driven insights, we will identify and capitalize on emerging opportunities that redefine multiple industries.

4. Driving Economic Diversification

Through targeted investments and strategies, we will contribute to the UAE's vision of a diversified, innovation-led economy, enhancing local production, and attracting fresh capital to the region.

5. Strengthening Community Impact

We will continue to align our portfolio with global sustainability standards and amplify our CSR initiatives, focusing on creating meaningful, measurable change that benefits communities locally and globally.

6. Enabling Long-Term Value Creation

IHC remains committed to driving meaningful change across industries and geographies, with value creation, innovation, and impact at the core of our strategy. Our focus is to deliver returns while shaping a better future for all.

Together, we are building a legacy of transformative growth and sustainable impact.

1.5

PORTFOLIO OVERVIEW

Building on Momentum

IHC's effective execution of its growth strategy led to an increase in subsidiaries from 600+ to over 1,200+ in 2024. Guided by the Group's leadership, IHC remains committed to driving growth through acquisitions, joint ventures, and organic expansion – continuing to broaden its footprint and explore new frontiers.

A Diversified Holding of Listed Entities

Today, IHC is the region's largest listed holding company, with a market capitalization of AED 876.5 billion. Our strong financial performance, underpinned by consistent revenue and profit growth, reflects our disciplined approach to value creation. A key pillar of this strategy – divesting through public listings – has seen us list eight direct subsidiaries, unlocking significant value while providing a clear pathway for our privately held

businesses to strengthen their performance and achieve their strategic and financial objectives. In turn, these listed subsidiaries have reinvested in publicly traded companies, expanding our portfolio, enhancing diversification, and positioning IHC to capture growth opportunities across key economic sectors.

Alpha Dhabi

Alpha Dhabi Holding (ADH) is one of the region's largest and fastest growing listed investment platforms, connecting investors to the exceptional returns of a dynamic and vibrant economy.

Multiply Group

Multiply Group PJSC, an Abu Dhabi-based holding company, invests and operates globally in transformative, cash-generating businesses.

Modon

Modon is a global leader in urban innovation. Specializing in real estate, hospitality, asset management, investments, events, and tourism, Modon creates iconic designs and experiences.

Ghitha Holding

Ghitha Holding PJSC, a stock listed food conglomerate, specializes in food, agriculture, distribution, and dairy.

Al Seer Marine

Leading maritime, manufacturing, commercial and technical management company in the Arabian maritime region.

Palms Sports

Top-tier provider for sports training programs and schools in the UAE and the largest Jiu-Jitsu company in the world.

Emirates Stallions Group

ESG maintains a diversified portfolio spanning the manpower and accommodation solutions, real estate development, retail, interior decoration, and manufacturing sectors.

EasyLease

EasyLease is a leading provider of integrated Mobility solutions, catering to diverse sectors, including e-commerce, delivery, logistics, couriers, and food service providers.

Building Dynamic Value Networks

IHC Subsidiaries and Associates Portfolio

Beyond our direct ownership in listed subsidiaries, IHC's portfolio spans privately held operating assets and publicly traded companies across key sectors, including Emerging Technologies, Digital Solutions, Climate Solutions, Leisure,

IT, Financial Services, Insurance, and Food Production & Distribution. Our strategy focuses on driving shareholder returns through strategic acquisitions, consolidations, and continued diversification.

Investments in funds and asset management remain key focus areas for IHC's growth strategy. We have deployed capital into regional and global funds that invest in and manage diverse asset classes, including venture capital, growth equity, microfinancing, climate-tech, and public market credit.

Investments in Public Market and Funds

IHC has adopted a multi-pronged approach, positioning itself as a dynamic investor and value creator. Our strategy combines portfolio diversification with business integration, fostering interconnected ecosystems that drive growth and maximize returns for all stakeholders.

By investing in a diverse mix of global and local listed securities, IHC gains exposure to a broad range of markets

and asset classes. This diversification mitigates risk, unlocks new growth opportunities across geographies, and creates strategic synergies. Our portfolio spans investments in Adani Enterprises, local AI and crypto firms, and the region's first SPAC – ADC by Chimera Investments – which acquired the security printing firm E7 Group.

1.6 KEY DEVELOPMENTS SUMMARY

IPO

NMDC Energy IPO oversubscribed 31.3 times

A leading provider of engineering, procurement and construction services for offshore and onshore energy clients, NMDC Energy began trading on ADX on 11 September 2024, following its IPO of 1.15 billion shares representing 23% of the company's total share capital. The IPO, which was 31.3 times oversubscribed, raised AED 3.2 Bn.

Investments and Other Developments

Landmark share buyback to generate long-term value for shareholders

In May, IHC's Board of Directors approved a landmark AED 5 Bn share buyback program to reaffirm its commitment to generating long-term value for shareholders. The strategic initiative is not only indicative of the company's robust financial position (strong cash flow and balance sheet) but it also reflects its confidence in IHC's ongoing growth and market potential.

ADH marks commitment to construction sector with strategic alliance with ADQ

In September 2024, Alpha Dhabi Holding, finalized the sale of 49 percent of its subsidiary, Alpha Dhabi Construction Holding (ADCH), to ADQ, the Abu Dhabi-based investment and holding company, retaining a 51% controlling interest.

Acquisitions

IHC strengthens AI and energy transition investments with 2PointZero

In January 2024, IHC strengthened its position in AI and energy transition by acquiring 87% stake in 2PointZero, a transformative global investment platform uniting industry leaders such as Chimera Investments, Lunate Capital, Beltone Holdings, and International Resource Holding under one umbrella.

IHC strengthens presence in the Latin American food-processing industry

IHC increased its stake in Grupo Nutresa to 14.83%, further strengthening its position in one of Latin America's largest food-processing conglomerates. Grupo Nutresa operates across 18 countries with 47 production plants, driving growth in the region's food industry.

Acquisitions (continued)

Emirates Stallions Group expands interior design portfolio

Emirates Stallions Group increased its stake in Decovision to 85% with an AED 61.4 Mn investment, reinforcing its position in the UAE's growing interior design and furniture manufacturing sectors.

ADMO expansion into luxury lifestyle market reinforced in strategic acquisition

ADMO Lifestyle Holding acquired a 99.1% stake in L Capital for AED 190.8 Mn on January 1, 2024, as part of its push to expand its global lifestyle footprint in Asia. The firm also holds a strategic investment in Ce La Vi, a Michelin-starred restaurant with locations in Singapore, Dubai, Tokyo, and Taipei.

Palms Sports Expands into Education with Strategic Acquisition

Palms Sports, the leading sports management company, acquired Learn Educational Investment, a British-curriculum institution based in Abu Dhabi in January 2024. This brings Al Rabeeh School and Al Rabeeh Academy, under its ownership, marking a key milestone in the company's expansion journey.

ADMO acquires Alpha Mind to take homegrown brands to the global market

In January 2024, ADMO Lifestyle Holding acquired a 51% stake in Alpha Mind, a UAE-based joint venture managing a global portfolio of experiential lifestyle, food & beverage, and entertainment brands, for AED 214.2 Mn, strengthening ADMO's position in the premium lifestyle and hospitality sector.

IHC subsidiary acquires Abu Dhabi dental center

Sky Light Corporate Management, acquired multi-specialist dental service provider, Al Manal Dental Centre, for AED 7 Mn on 31 January 2024.

PureHealth elevates healthcare services in UAE with key hospital acquisition

In February 2024, Abu Dhabi Health Services Company, a subsidiary of PureHealth Holding, acquired full ownership of Sheikh Shakhbout Medical City (SSMC). As one of the UAE's largest hospitals, SSMC was established under Abu Dhabi's Economic Vision 2030 to advance healthcare services in the region.

Modon transactions take group's real estate mission to new heights

Modon Holding expanded its real estate portfolio with the acquisition of Modon Properties, Abu Dhabi National Exhibitions Company (ADNEC), MIZA Investments, and other key assets in February 2024. The transaction enhances Modon's role in shaping dynamic communities, hospitality, and sports developments across the UAE.

Acquisitions (continued)

Lunate completes acquisition of leading Abu Dhabi investment manager

Lunate Holding, the leading alternative investment manager headquartered in Abu Dhabi, acquired the remaining equity in API Capital Management, which manages a collective investment fund. Lunate's acquisition on 8 July 2024 increased the Group's ownership to 100%.

Chitha expands stake in livestock production business

On 28 February 2024, Chitha Holding acquired an additional 12% shares in Al Ain Farms for Livestock Production through its subsidiary WAS Commercial Investment.

Sirius supports global digitalization with Derby Group acquisition

Sirius International Holding took hold of majority stake in Derby Group to drive global digitalization in March. Based in Abu Dhabi, Derby specializes in staff outsourcing, deploying over 5,000 skilled professionals across banking, financial services, and government sectors.

Multiply Group strengthens its Media Portfolio with full acquisition of Backlite, Dubai's leading outdoor advertising company

Multiply Group's subsidiary, MG Communication Holding acquired Dubai's leading outdoor advertising company, Backlite Media on 1 March for AED 47 million. BackLite Media, is a premier Digital Out-of-Home (DOOH) advertising company with assets in landmark locations in the UAE.

EasyLease picks up majority stake in United Trans to drive mobility innovation in MENA

EasyLease Motorcycle Rentals acquired a 60% interest in United Trans General Trading, in March 2024, as it looks to redefine mobility solutions and to shape the future of transportation across the GCC and the broader MENA region.

IRH Completes the Official Acquisition Of Mopani Copper Mines In Zambia

On 20 March 2024, subsidiary of International Resources Holding, Delta Mining acquired a majority stake in Mopani Copper Mines, a Republic of Zambia registered company engaged in mining, production and trading of copper.

Sirius strengthens position in infrastructure and transportation sector

Sirius International Holding acquired a 60% equity in Infraports Holding for AED 31.2 million on 31 March 2024. The Abu Dhabi-registered Infraports specializes in providing infrastructure for the transportation and public safety sectors, including navigation, surveillance, meteorological systems and other airport services.

Acquisitions (continued)

2PointZero adds crypto mining stake to its expanding portfolio

On April 1, 2024, 2PointZero acquired WAS Four Investment, securing 56% in Citadel, a leading crypto mining company in the Middle East, enhancing the platforms' presence in the regional digital asset and blockchain sector.

Egyptian deal signifies Beltone's expansion and growth strategy

Beltone Financial Holding acquired full interest in LXET for Real Estate Investment and Marketing, a real estate investment and marketing services firm registered in Egypt in April.

ESG expands capabilities in manpower supply and workers' accommodation

At the end of April 2024, ESG Capital Holding acquired full ownership of Sawaeed Holding, a leading manpower recruitment and services company, by securing the remaining equity stake.

On 30 April 2024, Arena Event Services Group acquired 100% interest in Showblock Group, a UK-based event and non-event infrastructure company operating across 12 countries, for AED 12.4 million.

Palms Sports continues to diversify with significant stake in sports injury center

On 30 April 2024, Arena Event Services Group acquired 100% interest in Showblock Group, a UK-based event and non-event infrastructure company operating across 12 countries, for AED 12.4 million.

Enersol becomes majority shareholder in advanced oil & gas technology provider

Omorfia Group, majority owned by Multiply Group, accelerated its growth by acquiring 100% stake in The Grooming Company, the premier provider of salon and beauty services in the UAE, for AED 379.4 million on 12 June 2024.

Omorfia strengthens position as a beauty sector leader across the GCC and MENA regions

Sky Light Corporate Management, acquired multi-specialist dental service provider, Al Manal Dental Centre, for AED 7 million on 31 January 2024.

Acquisitions (continued)

2PointZero builds stake in Egyptian electric cable manufacturer

In July 2024, 2PointZero acquired 19.98% in Elsewedy Electric, an Egyptian multinational specializing in integrated cables, electrical products, and energy solutions. The stake was later increased to 20.37%, further strengthening the platforms' presence in the sector.

Emirates Driving moves into gear with driver training acquisition

Emirates Driving Company acquired a 51% stake for AED 194.4 million in Excellence Premier Investment in July. The acquisition elevates driver training in the UAE and will contribute to the development of advanced training curricula, together with customized training programs.

Major acquisition marks Esyasoft's advance into the smart water technology

Esyasoft Holding acquired a 70% stake in Float, a Netherlands-based company specializing in smart water management. The deal strengthens Esyasoft's role in providing advanced meter reading and remote monitoring solutions, helping water utilities track usage and improve billing efficiency.

International Financial Assets expands financial technology sector footprint

International Financial Assets Holding acquired a 75% interest (for AED 60.6 million) in private financing platform for Funder.AI in September. The company, which is also known as eFunder, specializes in providing digital lending solutions to small and medium-sized enterprises.

Sirius Digitech acquires AI and cloud specialist

At the end of September, Sirius Digitech acquired a 77.5% stake in Parserlabs India, a cutting-edge AI and cloud platform that offers secure and compliant cloud services for AI applications, for AED 67.9 million.

EasyLease expands portfolio beyond mobility

In October, EasyLease Motorcycle Rental, acquired a majority equity interest in multi-sector integrated logistics service provider, Gallega Group Holding for AED 57.5 million, in a move that diversifies its portfolio beyond mobility solutions.

ADMO Lifestyle taps into Cyprus lifestyle market

ADMO Lifestyle Holding completed a 51% acquisition in Cyprus-based food and beverage company Selmondo for AED 28.7 million on 1 October 2024.

Acquisitions (continued)

EPointZero's sustainable energy drive takes hold

In November 2024, EPointZero Holding acquired full ownership of Reem Energy Holding, a company specializing in real estate, intellectual property, and asset management across various sectors.

Ghitha enhances position in food industry with canned food supplier deal

Zee Stores International, a subsidiary of Ghitha Holding, acquired a 70.09% equity in Fujairah-based canned food manufacturer, International Food Industries, for AED 41 million in November 2024.

Enersol acquires key global oil & gas diagnostics player

Enersol, the ADNOC Drilling and Alpha Dhabi venture, takes full control of EV Holdings – a global leader in vision-based diagnostics for oil and gas – in a \$45 million deal.

Transaction marks Modon's entry into Europe's luxury real estate market

Modon Properties acquired a full ownership of La Zagaleta, an exclusive and luxurious residential golf estate in Spain, for AED 356.4 million in December.

ADNEC expands catering and events portfolio with key acquisition

ADNEC Group, a wholly owned subsidiary of Modon Holding, acquired full ownership of Royal Catering Services for AED 53.9 million in December. With a team of over 2,500, the company serves key sectors including energy, defense, healthcare, education, and events.

Al Ain Farms to capitalize on growing demand for fresh, locally sourced food

Al Ain Farms for Livestock Production, a subsidiary of Ghitha Holding, signed a share purchase agreement for the acquisition of full ownership of Arabian Farms Investment. The acquisition of the company, which is known for its poultry products, is expected to be completed in the first quarter of 2025.

مزارع العين

Al Ain Farms

Acquisitions (continued)

International Tech Group completes ownership of Emircom

International Tech Group, an IHC subsidiary acquired additional 46% in Emircom, one of the UAE's leading providers of IT infrastructure services, for AED 292 million. The transaction, completed in October, aligns with IHC's group-wide strategy to grow its digital assets portfolio.

UK acquisition bolsters ADNEC's portfolio of exhibition and trade venues

London International Exhibition Center Holding, a subsidiary of ADNEC Group, acquired full ownership of interest in the Business Design Centre, one of the leading trade and exhibition venues in London. The AED 474.4 million acquisition made on 29 October 2024, is part of ADNEC's long-term growth strategy.

Esyasoft continues energy and utility sector expansion with UK deal

Esyasoft Holding acquired the UK-based specialized utility relating consulting company, Engage Consulting, for AED 43.9 million on 30 October 2024.

2PointZero commits to financial inclusion solutions with Maseera ownership

2PointZero acquired full ownership of Egypt-based microfinance and financial services company Maseera Holding for Financial Investments on 30 October 2024. Maseera, which serves low- and middle-income individuals as well as micro, small, and medium-sized enterprises (MSMEs), reinforces 2PointZero's commitment to expanding financial inclusion, particularly in underserved economies.

Al Seer Marine extends its global footprint within the marine and shipbuilding sectors

Al Seer Marine Supplies and Equipment Company acquired the remaining equity interest of DTEC Industries. Previously a joint venture, the deal on 31 October 2024, increased the Group's ownership to 100%. Abu Dhabi-based DTEC provides industrial participation services for the global defense and security market.

Enersol reinforces goal to develop UAEs energy resources

ADNOC Drilling Company and Alpha Dhabi Holding announced in October that their joint venture Enersol had agreed to acquire 95% stake in Deep Well Services for circa USD 223 million, a firm specializing in advanced technologies and services within the energy sector.

Al Seer Marine's Dune JV expands into commercial shipbuilding

On 11 November 2024, Al Seer Marine and Damen International announced that its 2022 established joint venture, Dune, is expanding beyond naval shipbuilding into the commercial shipbuilding market. The joint venture aims to construct over 26 vessels in 2025, serving both domestic and international clients.

1.7 FINANCIAL RESULTS

Balance Sheet

Key Highlights

IHC's overarching goal in its approach to dynamic portfolio management is maximizing shareholder returns while maintaining its healthy balance sheet structure.

IHC reported a remarkable growth of 52.0% in its total assets base. The expansion of our assets reflects the synergies derived from our growing portfolio and key partnerships across our

diversified verticals. The real estate & construction and financial services segments witnessed a notable expansion in their asset base.

Total Equity increased by 55.9%, whereas owner's equity reported an impressive 39.9% growth in FY 2024, a testament to our on-going commitment to enhancing shareholder value.

AED m	Dec-24	Dec-23	YoY%
Total Assets	401,811	264,275	52.0%
Cash	55,212	33,919	62.8%
Total Liabilities	157,424	107,538	46.4%
Total Debt	71,757	48,473	48.0%
Total Equity	244,387	156,737	55.9%
Owner's Equity	133,225	95,239	39.9%

ROA	ROE	ROCE	Quick Ratio	Debt/Equity
7.7% (vs 13.4% ¹)	13.8% (vs 33.8% ^{1,2})	11.8% (vs 18.8% ¹)	2.3x (vs 2.2x ¹)	0.3x (vs 0.3x ¹)

Net Debt Overview

Total debt increased to AED 71.8 bn in FY 2024 as compared to AED 48.5 bn during the previous year. The increase in debt is mainly due to the increase in net loan drawdowns of AED 10.3 bn (drawdowns of AED 29.0 bn net of repayments of AED 18.7 bn) to fund working capital and investment requirements, AED 12.1 bn of loans acquired through business combinations, and AED 6.9 bn non-convertible sukuk. During the year, Aldar Investment Properties Sukuk Limited, a subsidiary issued non-convertible green sukuk for a total value of AED 1.8 bn, carrying a profit rate of 5.5% per annum payable semi-annually and due for repayment in May 2034.

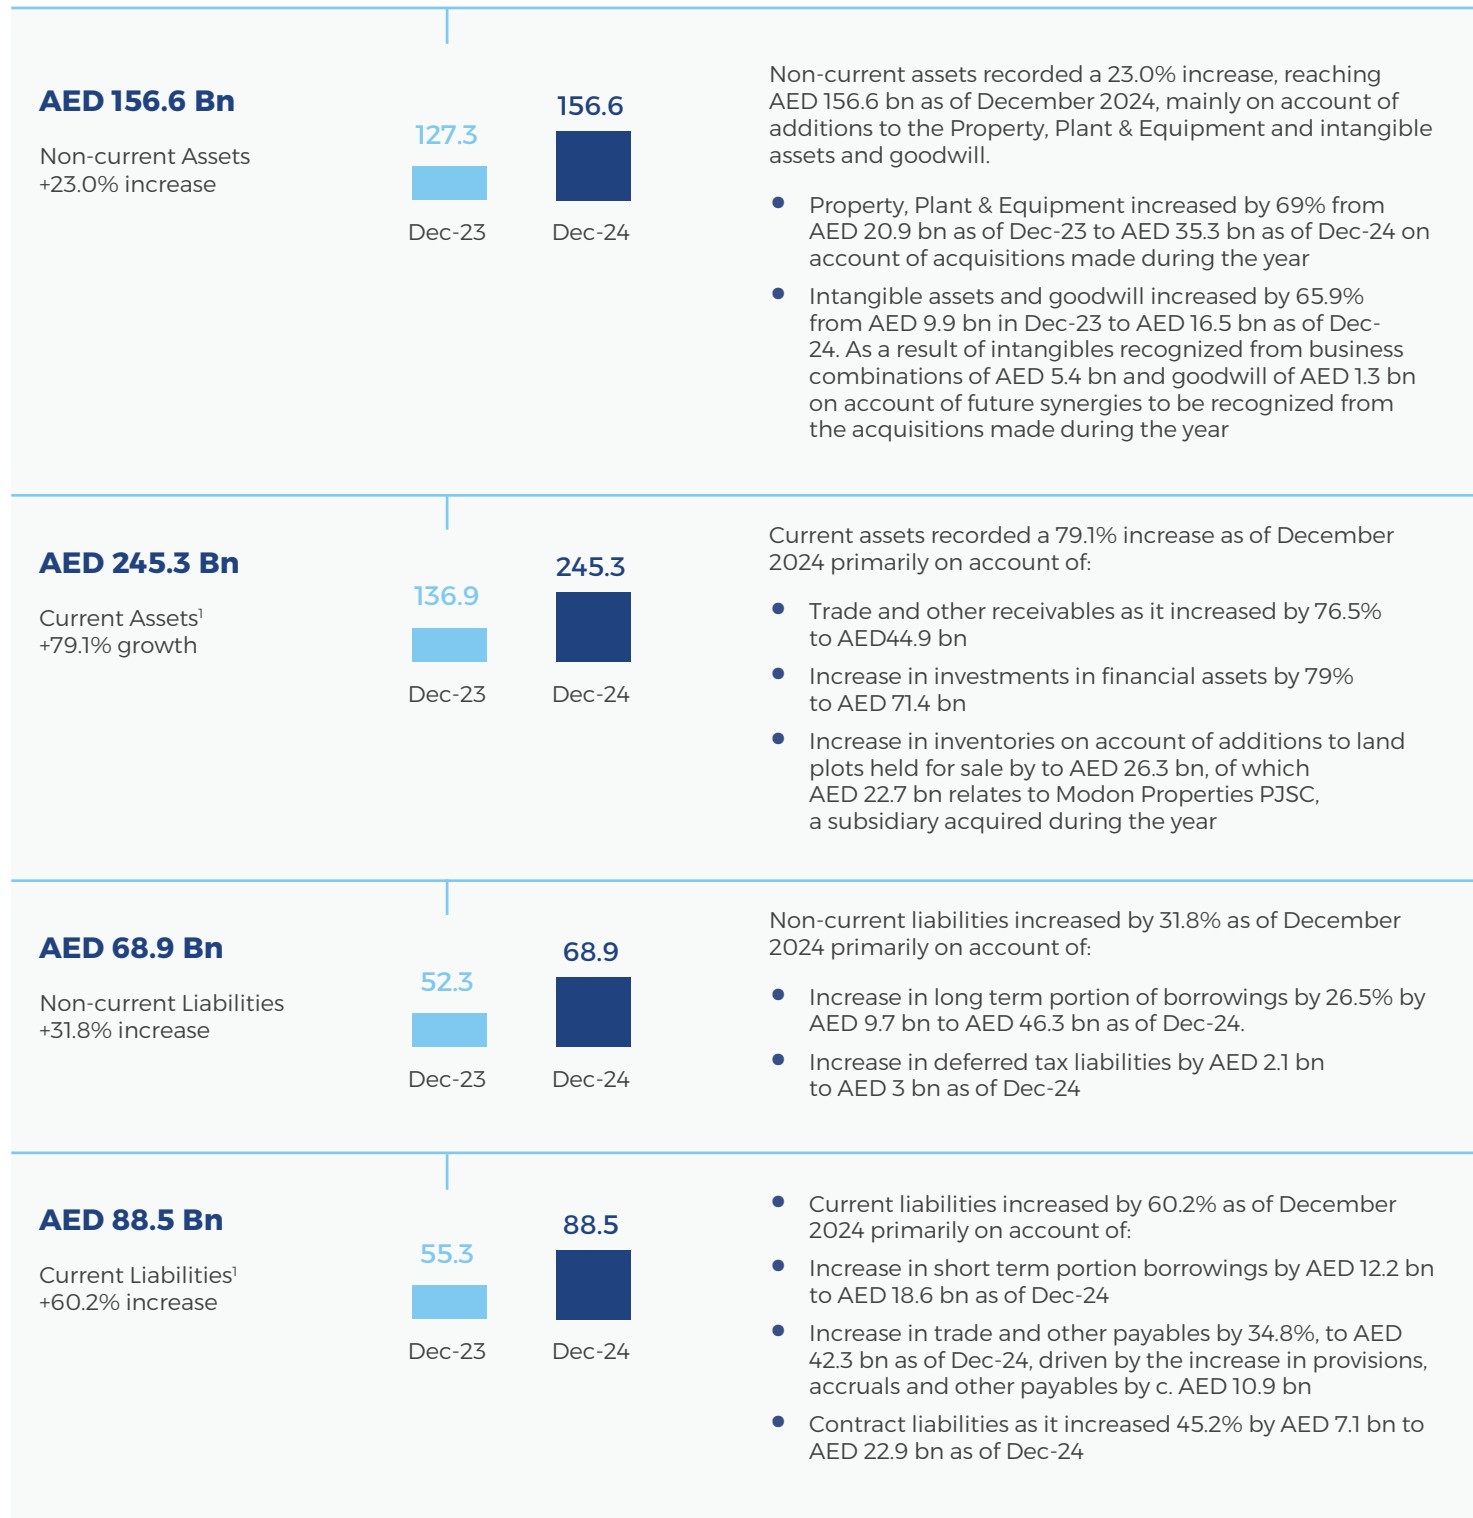

The total debt primarily consists of c. 90.4% in the form of term loans, short term loans, credit facility, bank overdraft and trust receipts, and the remaining 9.6% is in the form of non-convertible sukuk. Overall, the total debt of IHC increased by AED 23.3 bn, with the cash position witnessing a significant increase of AED 21.3 bn from AED 33.9 bn to AED 55.2 bn.

Balance Sheet (continued)

Balance Sheet Analysis

Income Statement

Financial Performance

IHC reported outstanding performance in 2024 demonstrating resilience, adaptability, and commitment to excellence.

IHC reported double-digit revenue growth of 54.2% and maintained a healthy profit after tax of AED 25.7 bn. Our disciplined cost management, prudent financial decision-making, and effective risk mitigation strategies contributed

to this resilience. By balancing revenue growth and cost containment, we ensured sustained profitability.

Delivering on our commitment to enhance shareholder value, our profit after tax attributable to owners amounted to AED 15.8 bn during FY24.

Revenue by Segment

Income Statement (continued)

Income Statement Highlights

Category	FY23	FY24	Analysis
AED 92.7 Bn Revenue +54.2% growth	60.1	92.7	Revenue increased by 54.2% in FY24 driven by positive performance in key segments including: <ul style="list-style-type: none"> The Real Estate segment contributed 37.1% of gross total revenue, with 66.7% YoY revenue growth, on account of record development sales by Aldar & Modon, due to strong demand for new launches and existing inventory Marine & Dredging segment contributed 29.7% of gross total revenue, with a 53% YoY revenue growth, on account of NMDC Groups consistent progress in on-going projects and healthy project order books with 76% of the revenues generated in UAE and 24% from international markets (KSA, Egypt and India)
AED 9.2 Bn SG&A 39.5% increase	6.6	9.2	<ul style="list-style-type: none"> On account of double-digit revenue growth and significant acquisitions during the year, our SG&A expenses increased by 39.5% in FY24
AED 30.7 Bn EBIT AED 36.1 Bn in FY23	36.1	30.7	<ul style="list-style-type: none"> IHC reported a 14.8% decrease in EBIT in FY24. The EBIT decrease was mainly due to the decrease in share of profit from investment in associates and joint ventures from AED 13.2 bn to AED 1.6 bn on account of a fair value gain of AED 12.2 bn from the acquisition of 49% stake in Modon Properties PJSC recognized in FY23
AED 25.7 Bn Net Profit AED 32.95 Bn in FY23	32.95	25.7	<ul style="list-style-type: none"> Despite our focus on growth in emerging sectors, we maintained a strong net profit for the year of AED 25.7 bn. This translated to earnings per share of AED 7.2 Delivering on our commitment to enhance shareholder value, our profit after tax attributable to owners amounted to AED 15.8 bn

1.9 ALDAR PROPERTIES

Business Profile

Aldar Properties PJSC is the leading real estate developer, manager, and investor in Abu Dhabi, with a growing presence across the United Arab Emirates, the Middle East, North Africa, and Europe. The Group has two core business segments - Aldar Development and Aldar Investment.

Aldar Development is a master developer of a 62 million sqm strategic landbank, creating integrated and thriving communities across Abu Dhabi, Dubai, and Ras Al Khaimah's most desirable destinations. The delivery of Aldar's developments is managed by Aldar Projects, which is also a key partner of the Abu Dhabi government in delivering housing and infrastructure projects across the UAE's capital. Internationally, Aldar Development wholly owns UK real estate developer London Square, and it has a majority stake in the leading Egyptian real estate development company, SODIC.

Aldar Investment houses a core asset management business comprising a portfolio of more than AED 37 billion worth of investment-grade and income-generating real estate assets diversified across retail, residential, commercial, logistics, and hospitality segments. It manages four core platforms: Aldar Investment Properties, Aldar Hospitality, Aldar Education, and Aldar Estates.

NMDC GROUP

Business Profile

NMDC Group is a global leader in the dredging, marine, and energy sectors, delivering cutting-edge engineering, procurement, and construction (EPC) solutions for onshore and offshore projects.

With over 50 years of expertise, the Group has consistently set benchmarks for innovation and excellence in energy (oil and gas and renewables), urban development, seaborne trade, and the environment.

The Group operates through five main business units: NMDC Dredging & Marine, NMDC Energy, NMDC Engineering, NMDC Logistics and Technical Services, and NMDC Construction. These units specialize in marine dredging, energy services, engineering consultancy, construction technology, and marine and EPC logistics. This synergy ensures integrated, high-quality solutions tailored to client needs, underpinned by a commitment to sustainability and international standards.

With operations in 12 countries, a workforce exceeding 25,000 employees and more than 200 marine equipment and vessels, NMDC Group offers turnkey services, including dredging, reclamation, precast solutions, and complex marine construction. Its advanced assets, including custom-built dredgers and equipment, fabrication yards and innovative technologies, support projects across the Middle East, North Africa and beyond.

Sustainability & Social Impact Highlights

NMDC has a sustainability strategy with eight core objectives and 25 initiatives across five key pillars:

- Environmentally conscious operations
- Energy transition enablement
- Community & stakeholder engagement
- Health & safety ownership
- Transparency and accountability

1. Supply chain compliance

100% of suppliers were screened according to the Business Partner Code of Conduct, ensuring responsible and sustainable business practices throughout our supply chain.

2. Scopes 1, 2 & 3

NMDC built its first comprehensive GHG Inventory for 2023 (baseline) and 2024, including Scopes 1, 2, and 3, under the GHG protocol.

3. Falcon Program

The in-house transformation program (Falcon Program) piloted 30 initiatives across the Group in 2024, resulting in cost savings and operational benefits, including a reduction in carbon emissions, enhanced material efficiency, and waste minimization.

4. Health & Safety

Received the Royal Society for Prevention of Accidents (ROSPA) and the British Safety Council's prestigious Sword of Honour Award for health, safety, wellbeing and environmental management.

5. AI-Subsea Inspections

NMDC Group implemented several AI-powered initiatives to enhance safety and efficiency and boost environmental performance. One example is the SAFEEN ROV, an unmanned vessel that monitors underwater environments while minimizing human involvement.

'AA' ESG rating from MSCI

EMIRATES DRIVING COMPANY

Business Profile

Emirates Driving Company PJSC (EDC) is the leading provider of driver education and the premier pre-licensing driving institute for the emirate of Abu Dhabi.

It consistently delivers the highest standards of driver training to support safe and secure road mobility in Abu Dhabi amid rapid population growth and urban development.

Since its inception, the company has engaged in a strategic partnership with the Swedish National Road Authority (SweRoad) for the continuous development of its curricula according to global standards. In addition, a joint quality committee with the Abu Dhabi Police ensures training programmes and methodologies are kept up-to-date and aligned with the applicable laws.

Moreover, EDC is the primary contributor to the Abu Dhabi Road Safety Education Committee and regularly contributes to the Integrated Transport Centre (ITC) through technical and educational input.

Commercial Shipping

The company connects continents and markets with our fleet of modern gas, crude and product tankers and dry bulk ships. It prioritizes safety and sustainability in its modern fuel-efficient fleet, which handles diverse cargoes. Its ships, combined with operational strategy and a skilled leadership team, enable Al Seer Marine to consistently deliver excellent results, prioritize environmental protection and adhere to complex international maritime regulations.

Yacht Management

The business is built on trust and discretion, working for the most discerning clients with the most valuable floating assets. The team's purpose is to deliver the best service, offer valuable advice, and provide trusted guidance to ensure that every owner it works with understands what it takes to make the most of superyacht ownership.

Innovation, Defence & Technologies

At the forefront of innovation, defence, and technologies, Al Seer Marine specializes in building boats with unmatched precision and craftsmanship, meeting the latest safety and quality standards, and producing top-notch vessels for diverse applications. Leveraging advanced technology, a team of experienced naval architects and engineers creates innovative designs that consistently exceed customer expectations.

Al Seer Marine Sustainability Report 2023

Sustainability & Social Impact Highlights

1. VLCC Retrofit Project

Al Seer Marine undertook a major retrofit project on the VLCC MT Twin Pollux, a significant step towards improving its environmental performance and reducing its carbon footprint. The project involved the installation of an exhaust gas cleaning system (EGCS), ballast water treatment system (BWTS), additional DG, and selective catalytic reduction unit (SCR), resulting in a substantial reduction in fuel consumption and greenhouse gas emissions.

2. Financing for Sustainable Gas Carriers

Through its joint venture ABGC, the company successfully closed an AED 865 million (USD 235 million) syndicated financing led by ADIB. This financing will support the construction of three state-of-the-art Very Large Gas Carriers (VLGCs). These dual-fuel efficient vessels, equipped with LPG engines, are expected to significantly reduce greenhouse gas emissions, aligning with the industry's decarbonization goals.

3. Published First Sustainability Report

Al Seer Marine released its first Sustainability Report, outlining a comprehensive, integrated approach to managing ESG factors across key business units.

FIRST.TECH

Business Profile

First.tech is a technology holding company that enables new and existing subsidiaries to innovate, thrive and lead in their fields. By fostering a culture of collaboration, its companies can leverage their collective strengths, contain costs and bring groundbreaking ideas to market with speed.

Shory, a First.tech subsidiary, is a leading insurtech targeting the \$6 trillion global insurance market. Founded in 2021, Shory has become the fastest-growing insurtech in the region. It instantly revolutionized online car insurance purchasing in the UAE, in addition to offering other digital products. Its corporate insurance team delivers unrivalled risk management advice and protection plans for businesses. The company is set to expand to Saudi Arabia and the USA this year.

SlashData, a First.tech subsidiary, provides innovative digital solutions for governments. These solutions enable the delivery of best-in-class public services, reducing fraud, improving efficiency, and boosting revenue generation.

UAE government departments have already adopted several SlashData solutions. By bridging the private-public sector technology divide, the company is transforming how governments interact with citizens, fostering transparency and trust.

Business and Financial Performance

- 1 Successfully launched SlashData, a GovTech company poised to redefine digital governance solutions.
- 2 Shory is an insurer for Louvre Abu Dhabi. It covers 200K+ lives through its group health insurance, offering a diverse range of products, including car, health, home, pet and corporate insurance.
- 3 Game-changer in car insurance – drivers can get cover in just 90 seconds, requiring nothing more than a car plate number for instant coverage.
- 4 Shory is among the greenest insurance providers in the region, leading the shift towards paperless policies.
- 5 Shory is set to expand its global presence, starting in Saudi Arabia and the USA.

EMIRATES REEM INVESTMENTS COMPANY

Business Profile

Emirates Reem Investments Company P.J.S.C, formerly known as Emirates Refreshments, based in the UAE, is a leading distributor of a diverse range of beverages, offering natural water, juices, and premium drinks.

Its extensive product line extends beyond beverages to include snacks, cereals, and chocolates under the FMCC product line. Serving as a major distributor in the region, it takes pride in being a reliable source for a variety of high-quality products.

At the heart of its operations is a state-of-the-art manufacturing facility dedicated to bottling natural mineral water. Established in 1980, it owns the brand Jeema, a name synonymous with purity and quality. What sets Emirates Reem apart is its unique sourcing process - it draws water from the underground reservoirs of the Hatta Mountains, making it one of the very few companies in the region with this exceptional capability.

As a key player in the market, it specializes in private labeling for natural mineral water, catering to major corporations and retail outlets across the UAE. The company's commitment to excellence, combined with decades of experience, positions it as a trusted partner in delivering refreshment and nourishment to consumers throughout the region.

Key Services

-  Natural water Production

2.0 ESG REPORT

2.1	About this Report	204
2.2	A Letter from the CEO	206
2.3	Overview of IHC	208
2.4	Sustainability at IHC	210
2.5	2024 ESG Highlights	214
2.6	Responsible Investment	214
2.7	Sustainable Operations	249
2.8	Data Index	263

2.1 ABOUT THIS REPORT

International Holding Company's (IHC) 2024 Environmental, Social, and Governance (ESG) Report outlines our Sustainability efforts and achievements, showcasing the progress and performance of key subsidiaries on material ESG topics. For a holistic understanding of our performance, we encourage readers to explore this report in conjunction with our 2024 Annual and Integrated Reports.

Reporting Period

This report covers the 12-month period from 1st January to 31st December 2024, unless otherwise stated.

Reporting Guidelines

This report has been prepared in accordance with the Global Reporting Initiative (GRI) Standards and aligned with the Abu Dhabi Securities Exchange (ADX) ESG Disclosure Guidelines, as well as the Abu Dhabi Vision 2030 - a government strategy shaping the emirate's economic, social, and environmental development. Additionally, the report reflects alignment with the Sustainable Development Goals (SDGs) that are most material to the company's activities.

For further details, the reader can refer to the Appendix, which includes indices illustrating alignment with the GRI and ADX ESG Disclosure Guidelines.

Direct Subsidiaries

	Alpha Dhabi Holding PJSC (ADH)
	Multiply Group PJSC

Reporting Boundary

As of 31 December 2024, IHC's extensive and rapidly growing portfolio includes over 1,000+ subsidiaries and investments across a diverse range of business sectors.

Given the scale and diversity of IHC's operations, this report focuses on the primary revenue-generating entities within the portfolio: Multiply Group PJSC and Alpha Dhabi Holding PJSC (ADH), which together represent the majority of the Group's total revenue. Both companies, listed on the ADX, have published their own publicly available ESG reports. Accordingly, this report highlights key quantitative and qualitative ESG achievements of these entities, along with selected subsidiaries actively driving their sustainability strategies forward.

While outside the formal reporting boundary, this report includes data on key subsidiaries and affiliates to showcase their progress in integrating ESG strategies. It also highlights examples of how IHC's portfolio companies create positive social and environmental impacts through their core activities.

The table below shows the list of direct and indirect IHC subsidiaries featured in this report.

Featured Indirect Subsidiaries

	Aldar Properties PJSC		Mawarid Holding Investment LLC
	NMDC Group PJSC		Trojan Construction Group - Sole Proprietorship LLC
	PureHealth Holding PJSC		
	Emirates Driving Company PJSC		

Other Featured Subsidiaries

	Sirius International Holding Limited		Burjeel Holdings PLC		ESG Emirates Stallions Group PJSC		Sports PJSC		Grupo Nutresa S. A.
--	--------------------------------------	---	----------------------	---	-----------------------------------	--	-------------	---	---------------------

Assurance

The information in this report has been reviewed for accuracy and completeness by relevant internal stakeholders and an independent third-party consulting firm.

The Board of Directors takes responsibility for the report's integrity and confirms that it fairly reflects IHC's performance and aligns with the applied reporting standards.

Feedback

IHC continually refines its sustainability reporting methodology. This report is the result of a collaborative process, and we welcome feedback to further improve its development.

For queries or feedback regarding this report, please contact: ir@ihcuae.com.

Cautionary Message

This report contains statements that may be deemed as "forward-looking statements" that express the way in which IHC intends to conduct its activities.

While IHC has made every effort to ensure the accuracy and integrity of this report, forward-looking statements are inherently subject to risks and uncertainties that may cause actual outcomes to differ materially from those projected. Such risks, which are beyond IHC's control, mean there can be no guarantee that the events or results implied will occur as anticipated.

This report includes statements that may be considered "forward-looking," reflecting IHC's intentions and expectations regarding its activities. These statements can be identified by terms such as "plans," "aims," "assumes," "continues," "believes," and variations of these words, as well as phrases like "may," "could," "should," "might," "will," or "would" regarding future actions, events, or results.

2.2

A LETTER FROM THE CEO

I am pleased to present IHC's 2024 ESG Report, a testament to our commitment to driving sustainability, innovation and value creation on a global scale. This report highlights significant progress in advancing our ESG journey and underscores our dedication to creating long-term, meaningful impact for all stakeholders.

As one of the largest holding companies in the region, we embrace our role as a responsible owner, investor, and employer, driving meaningful change globally. Guided by our ESG Integration Framework, as a responsible investor we prioritize deploying capital in sectors that align with the Group's sustainability goals, enabling us to contribute to a more resilient and inclusive economy.

In 2024, a strategic investment that aligned with these principles, was acquiring a near 15% stake in Grupo Nutresa, a Latin America-based, global leader in innovative sustainable food systems. The investment not only strengthens our portfolio but also reinforces our commitment to prioritize investments in high-growth sectors, such as advanced technology, healthcare, food security, and clean energy, that can drive progress towards global sustainability goals.

During the year, we further enhanced our investment decision-making process and corporate governance with the implementation of Aiden Insight, IHC's Board Observer and an AI-powered tool that provides real-time analysis of financial performance, operational inefficiencies, risk analysis and market opportunities, giving us greater visibility and understanding of potential growth opportunities. This is a key milestone for IHC, equipping us with the agility and foresight needed to identify and capitalize on areas that drive meaningful change.

Through responsible stewardship, we are also empowering our portfolio companies to advance their ESG journeys, ensuring they are equipped to identify and manage risks and advance their ESG agendas. In 2024, Burjeel Holdings and Emirates Driving Company (EDC) both received AAA ESG provisional ratings from MSCI, underscoring their leadership in embedding sustainability into their operations, in healthcare and mobility, respectively. PureHealth and Aldar, have advanced their climate action agendas by establishing baseline Greenhouse Gas (GHG) inventories, setting crucial science-based targets validated by SBTi, and creating actionable roadmaps to achieve Net Zero.

Climate change remains one of the defining challenges of our time, and IHC is committed to addressing the risks and opportunities across our portfolio. We have integrated climate risks into our investment analysis and encourage our subsidiaries to monitor and report their emissions, implement improvement measures and establish clear pathways towards decarbonization. Through these efforts, we aim to contribute to global climate action meaningfully.

We recognize that partnerships play a pivotal role in amplifying impact. Through our partnership with Rebound, IHC's offices introduced a tech-based waste recycling solution that empowers employees to actively participate in waste segregation. One year into implementation, this initiative has achieved significant results, reducing the volume of waste sent to landfill, producing energy savings, and setting a benchmark for responsible waste management efforts.

At IHC, our people are at the heart of our success. We are committed to recruiting and nurturing talent with the potential to become world-class leaders that can drive long-term business growth and support the achievement of strategic objectives. In 2024 we increased the number of Emirati employees in senior-to-executive positions by 15%, underscoring our dedication to developing national talent, while the number of female employees grew by 6% growth reinforcing our dedication to gender diversity.

As a responsible employer, we prioritize our people, their health and safety and overall well-being. Our partnerships with Active Abu Dhabi and Pura have provided our employees the ability to improve their health with AI-powered analysis of their blood reports and activity levels. While activations with Sanimed have brought mental health and stress management to the forefront of our employees' wellbeing.

Demonstrating our commitment to society, we are proud to have contributed more than AED 37 million in 2024 to a variety of causes through our Corporate Social Responsibility (CSR) program. Moving forward, we are evaluating the development of a Corporate Social Responsibility (CSR) Plan that will amplify our community and social impact, ensuring that we align our efforts more closely with national priorities and global challenges.

IHC is not just participating in the global sustainability dialogue - we are helping to shape it. Our commitment to responsible investment ensures that we create sustainable value and by staying connected to the communities we serve, we can make a positive difference with every investment.

At IHC, we invest responsibly to create dynamic value networks that make a real impact, going beyond the numbers to create a lasting, meaningful difference. These milestones, and others detailed in this report, reflect the collective efforts of our team, partners, and stakeholders and I extend my gratitude to them. Together, we aim to continue building a sustainable future for generations to come.

Syed Basar Shueb

CEO & Managing Director,
International Holding Company

2.3 OVERVIEW OF IHC

Who We Are

IHC the most valuable listed company in the UAE, with a market capitalization of AED 892 billion, was established in 1998 as a traditional holding company. Since then, it has transformed to represent a new generation of investors. IHC's commitment to sustainability, innovation, and economic diversification spans over 1,000 subsidiaries, driving growth across industries like Asset Management, Healthcare, Real Estate, Financial Services, IT, and more.

IHC continually looks beyond the stand-alone value of its assets for opportunities, stepping outside of traditional approaches and artificial barriers to unlock opportunities across its portfolio, enabling sector-agnostic Dynamic Value Networks and creating results that are often much greater than the sum of their parts.

At IHC, we take our responsibility to shareholders, customers, and employees seriously. Our commitment to responsible investment ensures that we create sustainable value by staying connected to the communities we serve, making a positive difference with every investment.

Our strategy is aligned with UAE National priorities, such as the "We the UAE 2031" vision, as well as Abu Dhabi's Economic Vision 2030 to drive the development of an inclusive, innovative and sustainable economy through tactical acquisitions of established businesses that make an impact and deliver shareholder value.

IHC's Mission

Building innovative dynamic value networks that drive sustainable growth, enhance global business impact, and maximize shareholder value.

Global and Regional Business Landscape

Each of our businesses has been developed with the rapidly changing global and regional business landscape in mind. Our units have been empowered to discover innovations, seek ways to become 'disruptors' in their respective industries and take initiatives to sustain our overall competitive lead.

Subsidiaries in the Reporting Boundary

Alpha Dhabi Holding PJSC (ADH)

Established in 2013, and now one of IHC's largest publicly listed subsidiaries, Alpha Dhabi Holding (ADH) is among the fastest growing holding companies in the Middle East. Its subsidiaries operate on high profile projects, both domestically and internationally, across several industries, including construction, real estate, hospitality and healthcare.

Multiply Group PJSC

Multiply Group invests in, and operates, tech-driven businesses globally, providing a catalyst for profitable growth across five industries: media and communications, utilities, ventures, wellness & beauty, and digital economy. It has holdings in businesses including Emirates Driving Company, Omorfia Group, PAL Cooling Holding, Viola Communications and HealthierU. The Group's diversified portfolio strikes a balance between companies that generate recurring income and high-growth businesses.

2.4 SUSTAINABILITY AT IHC

As we continue to grow and evolve our sustainability efforts, we sharpened our focus on key priorities to address pressing global challenges and continue to align with sustainability goals.

In 2024, we prioritized carbon reduction efforts, creating societal benefit and renewable energy projects across our operating assets, seeking ways to foster circular economy practices, enhance resource efficiency, and champion innovation within sustainability-driven industries to minimize environmental impact and drive sustainable growth.

In tandem with environmental priorities, we deepened our focus on social impact by supporting initiatives that enhance community well-being, create economic opportunities, and address societal challenges.

To further strengthen these efforts, we are integrating AI and digital tools to enhance performance, streamline operations. By leveraging technology and innovation, we aim to lead transformative change, creating a more sustainable, inclusive, and resilient future.

Our ESG Statement

At International Holding Company, we are driving sustainable development in the UAE & globally through impact investing, focusing on companies that prioritize sustainability and technological solutions that augment growth. Through our commitment to transparency, measurable progress and strategic investments, we empower our dynamic value networks to achieve their vision, report on their progress, and address the world's most pressing challenges.

ESG Governance & Accountability

Our sustainability efforts and performance are overseen by all levels of management and reported to the Board through the Board Secretary. Accountability lies with each department head, supported by cross-functional teams, and reporting by sustainability heads and committees that are present across IHC's portfolio.

Our dedication to ESG integration is reinforced through active leadership and accountability efforts, such as:

CEO Forums

Sustainability is a recurring agenda item at every CEO Forum, led by our Managing Director, with a strong emphasis on social impact initiatives and employee wellness delivered through our businesses.

Sustainability Champions

Each quarter, IHC Sustainability Champions and Advocates report key ESG achievements and initiatives, ensuring transparency and alignment across the portfolio.

Quarterly ESG Reporting

Since 2023, we have disclosed key ESG initiatives and progress in its Quarterly Reports, reflecting our ongoing commitment to performance tracking and stakeholder communication.

Stakeholder Engagement

We maintain strong relationships with key stakeholders to understand their priorities and the ESG topics most material to us. This ongoing dialogue allows us to assess potential risks and opportunities, ensuring our ESG Integration Plan remains relevant and informed by valuable stakeholder feedback.

Seven Key Stakeholder Groups

Please refer to the appendices for our stakeholder engagement mapping, including topics of interest and engagement methods.

Materiality & ESG Integration Framework

Materiality: Our Approach

Our material topics were determined from a dual-perspective approach. The 'top-down' approach enabled us to identify those ESG topics that are specific to our operations at the holding level. These are related to our continued quest to become a responsible business operator, a responsible investor and a responsible asset owner.

The 'bottom-up' approach allowed us to identify key material ESG risks that must be integrated into our Risk Management Framework. This analysis focused on portfolio companies with the greatest revenue generation and sustainability impact,

enabling us to uncover significant opportunities for advancing sustainability across our entities. Given our extensive investments across more than 1,000+ entities, a shortlist of direct subsidiaries and first-level indirect subsidiaries was prioritized and classified into sectors and industries using globally recognized frameworks, including SASB's Sustainable Industry Classification System (SICS) and MSCI's Global Industry Classification Standards (GICS). As a result of this approach, the following material topics

As a result of this approach, the following material topics were identified at the holding level:

Climate Change	Human Development	Responsible Investment	Governance	Community
Energy	Diversity & Equal Opportunity			
Emissions	Non-discrimination			

Our ESG Integration Framework

At IHC, our ESG integration framework informs our efforts to operate as a responsible business operator, investor, and asset owner. Developed in alignment with globally recognized standards, the framework enables us to take a holistic approach to managing environmental, social, and governance risks across our operations and investments.

Our ESG framework outlines our commitment to embedding ESG principles across all aspects of our operations and investments. It addresses key ESG risk

management issues, with a focus on emissions reduction, resource efficiency, employee well-being, and governance excellence. Additionally, the framework highlights opportunities to drive sustainable growth by capitalizing on key sectors such as Green Building, Clean Tech, Renewable Energy, and Nutrition & Health, while maintaining alignment with both global and local ESG priorities.

ESG Integration Material (top-down)

Responsible Corporate Citizen

- Ensure to provide gainful employment
- Engage with the community and contribute to its wellbeing
- Transition towards a circular workplace
- Continuously strengthen governance structure and ensure Business Ethics

Responsible Investor

- Incorporate ESG issues into investment analysis and decision-making processes
- Align investment mandates, monitoring procedures, performance indicators and incentive structure accordingly
- Disclose how ESG issues are integrated within investment practices and all active ownership activities

Responsible Asset Owner

- Be active owners and incorporate ESG issues into ownership policies and practices
- Seek appropriate disclosure on ESG issues by IHC investee companies
- Engage with investee companies on ESG issues
- Exercise voting rights and file shareholder resolutions consistent with long-term ESG considerations

- 01 Participate in collaborative engagement initiatives
- 02 Encourage academic and other research on Sustainability and ESG
- 03 Advocate ESG training
- 04 Form partnerships or join alliances to enhance effectiveness in implementing ESG integration

ESG Opportunities

Looking ahead, we have plans to enhance the existing ESG Framework, which will be expanded to incorporate clear initiatives, milestones, and measures of success, alongside a three-year roadmap to guide implementation and progress.

A Corporate Social Responsibility (CSR) Plan will also be developed, outlining key pillars and objectives, with defined initiatives and strategic partnerships. This plan will include a detailed implementation timeline to ensure alignment with

community and social impact goals.

Additionally, we will be introducing an ESG Impact Measurement Methodology, enabling precise reporting on the impact of investments. This methodology will define key metrics and adopt a taxonomy to categorize sustainability-related investments, such as green investments, ensuring greater transparency and alignment with global standards.

2.6 RESPONSIBLE INVESTMENT

Innovating beyond boundaries to transform investments and unlock the potential for sustainable global results across our dynamic ecosystem.

At IHC, a key area of focus has been on building global ecosystems by evaluating diversification opportunities and leveraging regional and global trends. We maintain a diversified portfolio focused on creating "Dynamic Value Networks" a strategic approach that identifies and harnesses cross-sectoral synergies to generate long-term societal and shareholder value.

By leveraging our global presence, industry expertise, and collaborations with partners worldwide, we innovate and implement sector-specific growth strategies that align with our overarching goals.

Our organizational structure spans eight leading verticals and eight direct listed subsidiaries, each driving growth within their respective sectors. This framework allows us to

deliver compound growth across multiple industries through indirect investments and strategic acquisitions, supporting scalability and sustainable impact.

Our investment decision-making process reflects a deep understanding of the role material ESG factors play in delivering long-term value—both for our stakeholders and society at large. By embedding ESG considerations into our evaluations and operations, we strengthen our ability to drive value, mitigate risks, and fulfill our role as responsible stewards of capital.

Material Topics

Responsible Investment

SDGs

Abu Dhabi Vision 2030

- A large empowered private sector
- A sustainable knowledge-based economy
- The optimisation of the Emirate's resources
- Premium education, healthcare and infrastructure assets

ESG Integration in Our Investment Strategy

Our investment strategy prioritizes high-growth sectors such as advanced technology, healthcare food security, and clean energy, driving progress toward global sustainability goals. By leveraging AI-driven tools, we enhance operational efficiency and scalability across our portfolio, ensuring agility and adaptability in an ever-evolving market landscape. Furthermore, we remain committed to supporting 'We the UAE 2031' vision, advancing decarbonization and economic diversification across key sectors, including renewable energy, healthcare, and financial services.

Supporting our investments, our ESG integration framework helps us to embed sustainable practices across our portfolio

through a unified framework that enables awareness, reporting, and impact measurement while accommodating sector-specific priorities. The framework aligns our subsidiaries with our overarching sustainability efforts, enabling a consistent approach to identifying and managing ESG risks and opportunities while providing the flexibility for subsidiaries to address their unique challenges and sector-specific needs.

We have specific ambitions for key business sectors encompassed in our investment portfolio, with technology playing an important role in facilitating their progress.

These sectors include:

Food and Agriculture

Subsidiaries prioritize responsible sourcing and sustainable production by mapping supply chains to identify opportunities for waste reduction, efficient water use, and sustainable packaging solutions.

Energy and Utilities

A key focus is driving renewable energy adoption and energy efficiency, with strategic investments across global markets to advance the transition to clean energy.

Critical Resources

Mining of key resources such as copper, cobalt, nickel, 3T (tin, tantalum, and tungsten), manganese, and graphite. Our dedication extends beyond traditional mining to transforming the global mining landscape through our commitment to green mining and decarbonization. Extracting resources, fundamental to constructing renewable energy facilities, buildings, bridges, railways, etc. that support industrial and urban development

Real Estate and Infrastructure

Subsidiaries integrate energy-efficient systems and sustainable materials into project designs, minimizing their environmental footprint by using local suppliers and advocating greener materials, developing sustainable cities and contributing to greener infrastructure.

Healthcare

Subsidiaries focus on improving access to healthcare and delivering measurable social outcomes through education and wellness programs, with consistent tracking and reporting on progress.

To support the integration of ESG considerations in our investment strategy, we encourage our subsidiaries to adopt tools for tracking, optimizing, and reporting ESG-related compliance. This enables IHC to measure impact and identify opportunities for continuous improvement.

Sustainable Investment Approach

IHC's investment philosophy is driven by resilience, innovation, and redefining market standards for long-term value creation. By embedding ESG considerations into our investment decision-making processes and sector-specific operations, we reinforce our role as a responsible investor. This approach enables us to safeguard value, mitigate risks, and deliver measurable environmental and social impact, contributing

to sustainable growth across our portfolio. Through our commitment to responsible investment, we focus on creating sustainable value while staying connected to the communities we serve, ensuring every investment contributes to a positive and lasting difference.

New Investments

2024 Highlights

In 2024, our commitment to responsible investment decision-making led to the selection of impactful opportunities aligned with our sustainability goals. These investments exemplify our strategy to drive value while advancing environmental and social progress, showcasing the transformative potential of purposeful capital deployment.

Altéra, The World's Largest Climate Investment Fund

This year, we announced the initiation of 2PointZero, a next-generation holding company comprising a diverse portfolio of dynamic businesses spanning multiple sectors. With an expected asset size exceeding AED 100 billion, this transformative business combination consolidates entities under common control, creating a powerful platform for growth and innovation.

Managed by 2PointZero's subsidiary, Lunate, is Altéra. Launched with a \$30 billion commitment from the UAE, Altéra emerged in 2023 as the world's largest climate investment fund, designed to stimulate \$250 billion for climate action by 2030. The fund mirrors the UAE's role as a bridge on the global stage - connecting ideas with action, private capital with public, and developed and emerging markets. Altéra provides a transformational solution for attracting private capital. Its scale and structure will create a multiplier effect in climate-focused investment, making it a vehicle like no other.

Investing in Sustainable Food Systems, Grupo Nutresa

In 2024, IHC acquired a nearly 15% stake in Grupo Nutresa, a leading food production company in Latin America renowned globally for its sustainability and social responsibility initiatives. This strategic investment is aligned with our objective of advancing global food security while championing responsible business practices within the food sector.

Grupo Nutresa is a model of dual-impact investment, blending economic growth with environmental stewardship. The company prioritizes sustainable agricultural practices to reduce its environmental footprint and actively contributes to the well-being of local communities by fostering economic opportunities.

Portfolio Management

Once we have made an investment, we take our responsibility to integrate ESG principles into our portfolio in a structured manner - ensuring that our values are embedded across all subsidiaries. We offer support in adopting tools that enable the tracking, optimization, and reporting of ESG compliance, reinforcing strong governance and operational enhancements.

application for select subsidiaries. This platform will enhance financial analysis and performance by providing business unit leaders with predictive analytics and a customizable, sector-specific AI tool. The goal is to pilot this solution across several subsidiaries, providing data-driven insights for leadership, with plans for a group-wide rollout.

By integrating AI tools across our portfolio, we foster enhanced collaboration between subsidiaries, facilitating the implementation of cross-sector strategies. IHC's CEO has led a focused initiative to develop an internal Generative AI

Overview of Grupo Nutresa's Initiatives:

Community Development

Grupo Nutresa actively invests in community development, with a social investment of USD 45.7 million. The company's strong culture of volunteerism is evident in the participation of over 15,800 across various community projects and dedicating more than 51,300 hours to volunteer activities.

Sustainable Sourcing

Grupo Nutresa, in a joint commitment with the Colombian government, launched a major program to foster the country's cocoa supply chain. This includes a new nursery for ten million cacao trees, farmer training, and a commitment to purchase cacao from 15,000 new hectares over 10 years, investing USD 37 million in rural development. This initiative focuses on areas previously used for illegal crops, promoting a sustainable transition to legal and profitable cocoa farming.

Employee Welfare and Development

Grupo Nutresa prioritizes training and development, offering employees an average of 54.66 hours of training annually. Beyond its workforce, the company has trained 15,000 small farmers in social, environmental, and production-related topics, promoting sustainable agricultural practices and community well-being.

Education and Youth Development

The company supports education through Fundación Nutresa's programs, positively impacting 546 schools to improve accessibility and quality. Additionally, it facilitates access to quality education by granting over 420 university scholarships over the next five years targeted at low-income youth, 60% of whom are women.

Health and Nutrition

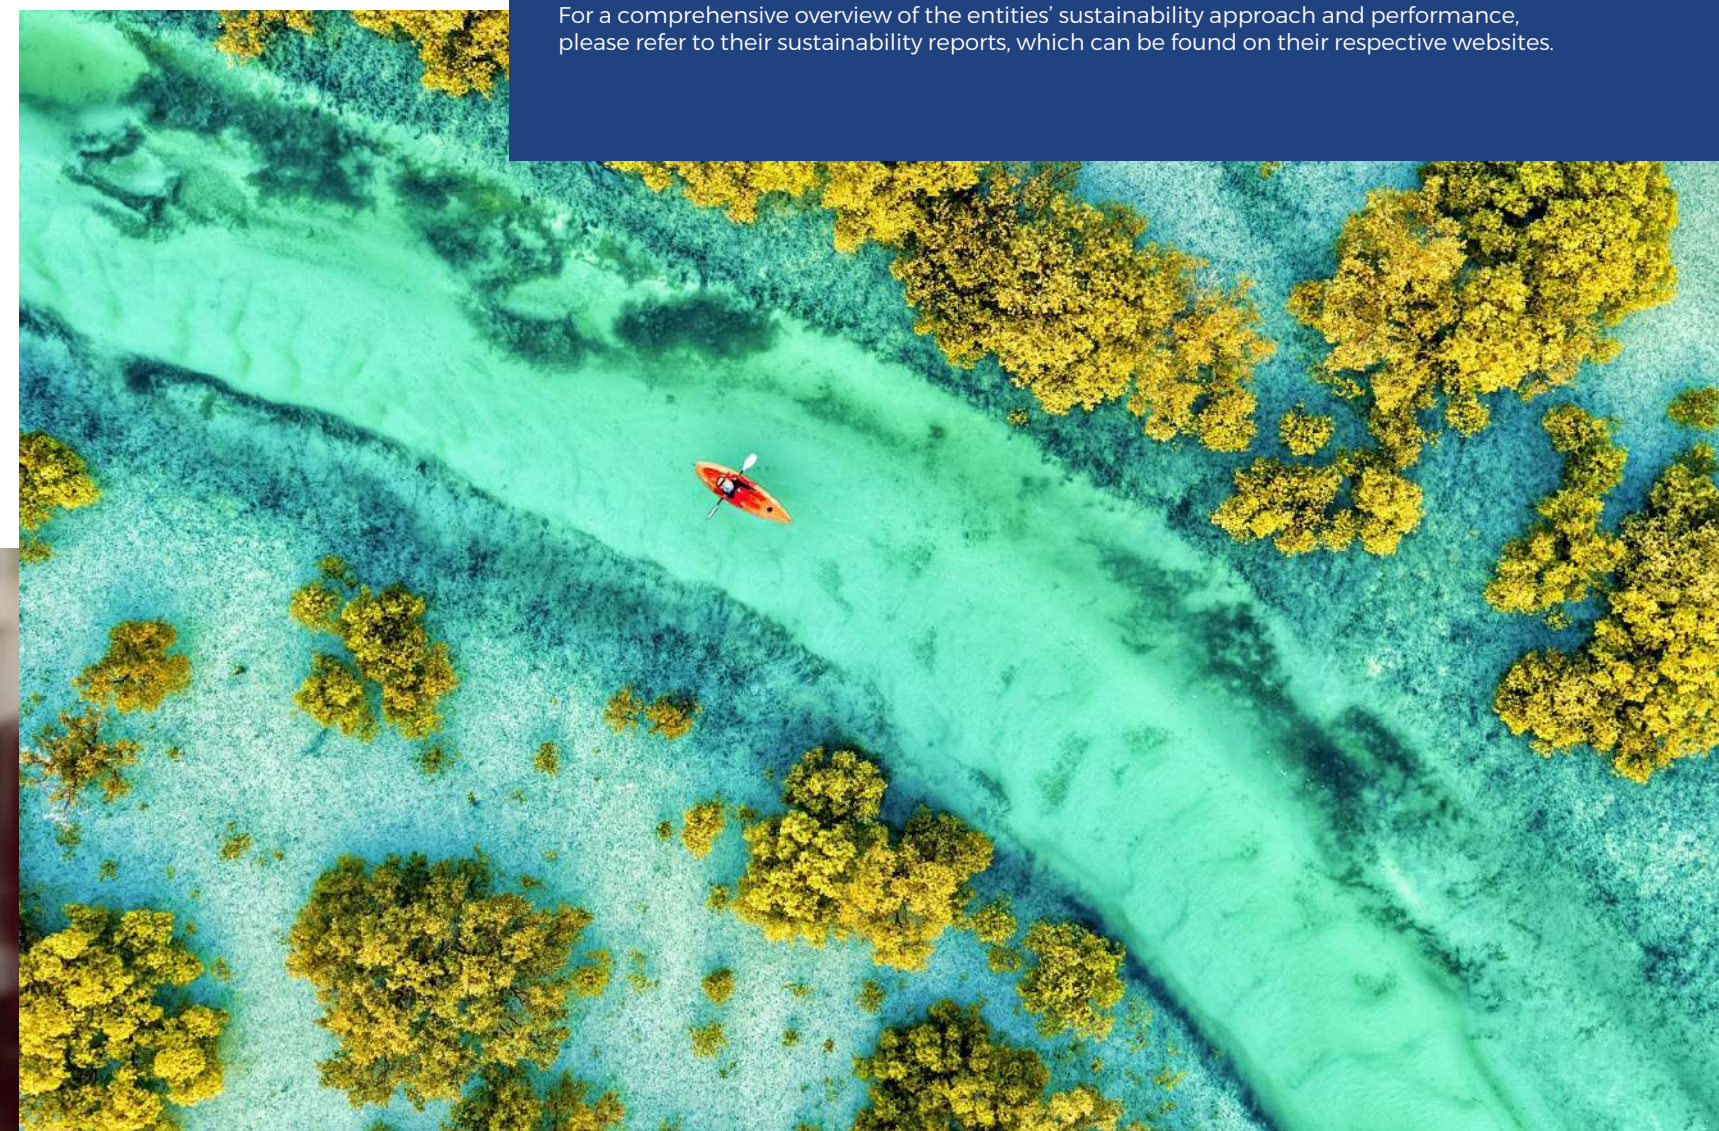

Contributing to food security, Grupo Nutresa delivered more than 1,790 tons of products to food banks, benefiting over 1,500,000 people in Colombia and strategic regions.

¹FX: 4071,75

Key Subsidiary Features

Below is an overview of the two direct subsidiaries within our reporting boundary: Alpha Dhabi Holding (ADH), which champions a decentralized approach by empowering its subsidiaries to conduct materiality assessments, ensuring ESG priorities are tailored to their specific operations and fostering more focused sustainability initiatives. Meanwhile, Multiply Group has advanced its ESG approach this year, implementing an ESG Integration Framework to enable the systematic incorporation of ESG factors into investment analysis and decision-making processes.

For a comprehensive overview of the entities' sustainability approach and performance, please refer to their sustainability reports, which can be found on their respective websites.

For nine consecutive years, the 'Nutresa Exemplary Supplier' program has aimed to strengthen the supply chain by recognizing the social, environmental, and economic practices of 2,500 suppliers, serving as inspiration and motivation for others. More than 2,000 applications have been collected, and over 1,000 feedback reports have been delivered to promote sustainability across 8 countries, mainly in LATAM. Additionally, in other programs in 2024, over 11,052 hours of training were provided to 1,593 suppliers, benefiting more than 15,000 people, on topics such as sustainable practices and innovation.

Alpha Dhabi Holding (ADH) - Investing in a Sustainable Future

ADH is an investment holding that invests in and manages a portfolio of businesses in alignment with Abu Dhabi Economic Vision 2031, the UAE 2031 Vision and the UAE's Fourth Industrial Revolution (Industry 4.0) Strategy. ADH's portfolio spans eight strategic verticals (Climate Capital, Real Estate, Healthcare, Industries, Construction, Hospitality, Energy, and Investment) that are an integral part of the UAE's social, economic and financial ecosystem.

ADH believes in doing well by doing good. It creates shareholder value in ways that are mutually beneficial to all stakeholders. It views promoting ESG practices throughout its subsidiaries as an investment in resilience and long-term commercial prosperity.

ADH recognizes that the greatest impact can be achieved through its operational subsidiaries. Accordingly, it has focused its ESG efforts on enabling each subsidiary to address ESG topics in a manner that is more relevant to each of their respective operations and best speaks to the bespoke requirements of their respective stakeholders.

Mawarid Holding Investment (MHI), and NMDC Group. Each of these subsidiaries have undergone several exercises to develop ESG strategies, road maps and action plans that have culminated in each of them securing a rating from MSCI ranging from ranging from BBB to AA.

ADH's core subsidiaries comprise regional industry leaders: Trojan Construction Group (TCG), Aldar Properties (Aldar),

Sustainability Approach

The Group conducted a materiality assessment to identify ESG priorities that cut across its diverse industries.

Guided by stakeholder feedback, in-house expertise, insights from industry experts, and global frameworks, ADH has identified key focus areas that address universally important ESG issues across the Group. These are:

Economic Development

Human Capital Development

Corporate & Sustainability Symbiotic Strategies

Environmental Management

Compliance & Ethical Behavior

Health & Safety

ADH's focus on encouraging subsidiaries to conduct tailored materiality assessments and develop bespoke strategies and action plans recognizes that ADH's overarching ESG objectives can best be met by enabling each subsidiary to address ESG topics in a manner that is most relevant to their operations

and meets the specific needs of their respective stakeholders. ADH guides its subsidiaries to selectively adopt the most suitable technologies to drive sustainable practices.

ADH's subsidiaries are demonstrating a collective commitment to ESG integration, responsible business practices, and impactful investment strategies. Below are some cases in points:

In 2024, NMDC Group advanced its ESG journey by developing its inaugural ESG strategy and establishing a comprehensive GHG emissions inventory. Using 2023 as its baseline year, this initiative marked a positive step toward measuring, managing, and mitigating NMDC's environmental footprint. NMDC Group's efforts culminated in the company achieving a provisional 'AA' rating in the MSCI ESG assessment, positioning it as a leader in the Engineering and Construction sector.

Aldar set ambitious Net Zero targets, aiming for a 97% reduction in Scope 1, 2, and 3 GHG emissions by 2050. Its strategy encompasses eight key levers, including low-carbon design, green construction, and tenant initiatives.

TCG published its inaugural ESG report and became the first construction company in the UAE to secure a provisional "A" rating in the MSCI ESG assessment. TCG is also a signatory to the UN Global Compact and its 10 Principles in the areas of human rights, labor, the environment, and anti-corruption.

MHI is also a signatory to the UN Global Compact and enhanced its ESG policies. In addition, MHI published its inaugural annual Sustainability Report, showcasing its progress and reaffirming its dedication to transparency and accountability in sustainable practices.

مصادر القابضة للاستثمار
MAWARID HOLDING INVESTMENT

Through Alpha Dhabi Climate Capital, ADH targets investments that drive positive changes and address climate-related challenges. In 2024, the company focused on renewable energy, water-smart food security, and nature-based solutions for climate. Its subsidiary, MHI, has launched subsidiaries dedicated to developing and applying cutting edge smart water technology to preserve this precious resource. ADH aims to demonstrate that profitability and sustainability go hand in hand while fostering knowledge sharing between subsidiaries.

Multiply Group - ESG Integration to Support Responsible Investment and Stewardship

Multiply Group is an Abu Dhabi-based holding company that globally invests and operates in transformative, cash-generating businesses. Multiply Group deploys capital across its two distinct arms - Multiply, which invests in long-term strategic verticals, currently Mobility, Energy and Utilities, Media and Communications, and Beauty and Wellness; and Multiply+, a sector-agnostic minority investment arm. In 2024, Multiply invested approximately AED 1 billion across three acquisitions.

As Multiply Group continues to scale and grow, its commitment to embedding ESG principles into its operations and investments remains central, driving meaningful impact and sustainable value creation. Key ESG highlights from 2024 include:

83.25% of procurement was spent on local suppliers	Established an ESG Integration Framework	Awarded an ESG Risk Rating of 16 by Sustainalytics
--	--	--

Sustainability Approach

Multiply Group has an ESG Strategy in place, supported by a high-level, action-oriented roadmap to ensure the Group effectively manages its material ESG risks and opportunities. Aligned with the Group's core values as well as local and international sustainability standards, the Sustainability Strategy

and Roadmap serves as a strategic tool to guide decision-making and drive meaningful impact across the Group. The framework is built on four pillars which are each accompanied by specifically designed initiatives;

The framework is built on four pillars which are each accompanied by specifically designed initiatives;

Robust Foundations

To enhance governance structures, ensuring sustainable and ethical performance while integrating ESG risks into the organisational risk management.

Investing in a Sustainable Future

To integrate ESG-centric criteria into investment decisions and elevate portfolio companies' ESG standards.

Growing our Human Capital

To position Multiply Group as an employer of choice, emphasising workplace wellbeing, safety and diversity.

Managing Our Influence

To drive alignment with UAE climate and environmental goals and generating positive environmental and social impacts in line with local and global initiatives.

Embedding ESG Integration in Investment Decision Making

In 2024, Multiply Group developed an ESG Integration Framework to provide a clear and systematic approach to integrating ESG factors into their investment decisions in alignment with the ESG Strategy.

The framework offers a structured approach to embedding ESG considerations into both investment decisions and the stewardship of existing portfolio assets, ensuring Multiply Group is a responsible investor and owner. This framework provides flexibility, allowing adjustments on a case-by-case basis and ensuring that any decisions made remain subject to approval by relevant management committees and the Board of Directors, where applicable.

For Investments, Multiply Group follows a multi-step process to assess and integrate ESG considerations into new opportunities, which can include screening, ESG Assessments, Management Interviews and incorporating ESG clauses in agreements.

To support the implementation of its ESG Integration Framework, Multiply Group has strengthened its governance through a structured three-step process: establishing new policies, developing position statements on key ESG factors, and delegating ESG responsibilities to executive-level committees, as follows:

The Investment Committee integrates ESG considerations into the investment process

The Portfolio Monitoring Committee oversees the ESG performance of investments and addresses any gaps in progress with subsidiaries to ensure continuous improvement

As a testament to its effective ESG integration and management of material risks, Multiply Group was awarded an ESG Risk Rating of 16 by Sustainalytics, categorizing the Group as 'Low Risk.' This rating reflects Multiply's strong commitment to managing ESG risks while generating long-term, positive impact for both its portfolio and the broader global community.

Supporting Stewardship Across the Portfolio

Multiply Group demonstrates its commitment to responsible ownership by actively supporting its portfolio companies in adopting and maintaining ESG practices that align with globally recognized industry standards. The Group consistently monitors the ESG performance of its assets to identify opportunities for improvement and mitigate potential risks. Multiply engages directly with portfolio companies, offering guidance and resources to ensure their alignment with appropriate ESG practices. Furthermore, the Group leverages its voting power as an investor to influence strategic decision-making at the highest level, ensuring that ESG matters are considered in business strategies.

In 2024, Multiply's portfolio companies made positive efforts in advancing their ESG performance, with a number of awards and recognitions received throughout the year commemorating efforts. Notable examples include:

- 01 Emirates Driving Company (EDC) received a provisional AAA rating from MSCI in early 2024, scoring of 9.7 out of 10 and positioning EDC in the top 9% of companies in its industry.
- 02 Viola Communications (Viola) became certified as a 'Great Place to Work' with an overall satisfaction score of 90% Viola was also listed among the top four companies in the Best Workplaces in Media, Advertising and Marketing - GCC 2024 list and was recognised in two further categories by Great Place to Work® Middle East, Best Workplaces for Women 2024 and Best Workplaces in the Middle East 2024 overall list.
- 03 In 2024, BackLite Media was officially certified as a Great Place to Work by and listed #9 on Best Workplaces in Media, Advertising and Marketing™ 2024 by Great Place to Work® Middle East.
- 04 In recognition of its efforts in renewable energy, Kalyon Enerji was awarded the 2024 International Green Apple Environmental Award for Sustainable Green Energy.

Looking Ahead

As Multiply Group continues to evolve, the organization remains committed to strengthening its sustainability practices and driving meaningful impact. In 2025, Multiply will establish a baseline for greenhouse gas (GHG) emissions, laying the foundation for future emissions monitoring and reporting. These reports will be segmented by vertical, enabling greater transparency and accountability across the Group's operations. Additionally, Multiply Group is initiating a social impact assessment for each employee to better understand and measure the broader impact of the company on its workforce and society.

Social & Environmental Impact

Through initiatives that prioritize worker welfare, community development, and environmental stewardship, our subsidiaries are working to drive meaningful change. Here, we highlight key initiatives from our portfolio that have been designed to create lasting value for people and society.

Impact Stories Across Our Portfolio

At IHC, our investment philosophy is centered on creating meaningful impact that empowers, enhances, advances, and improves lives and opportunities. Guided by this purpose, we are committed to generating value for our shareholders through sustainable growth, increased returns, and long-term resilience.

Many of our investments are strategically aligned to drive positive change across ESG dimensions, so that the businesses

within our portfolio contribute to a better future. In this section, we highlight some of the impactful efforts undertaken during the year by our portfolio companies, showcasing their contributions to driving innovation and supporting sustainable development across the industries and markets we serve.

Emirates Stallions Group (ESG) - Advancing Social & Environmental Wellbeing

Founded in 2006, ESG is a dynamic conglomerate with over 35 subsidiaries operating across five key industries, including manpower and accommodation solutions, real estate development, retail, interior decoration, and manufacturing. With its diverse portfolio, ESG delivers innovative products and services to more than 20 countries spanning the Middle East, Asia, Africa, Europe, and the Americas.

Promoting Worker Well-Being

ESG prioritizes worker welfare by providing modern living standards, healthcare access, and a standout initiative is Century Village on Al Reem Island, an approximately AED 360 million project offering dignified co-living housing for 5,500 residents, complete with recreational spaces, wellness facilities, and dining areas that foster a supportive community environment. ESG's expansion into staff housing addresses the growing workforce needs in Abu Dhabi's rapidly developing sectors, contributing to sustainable urban development.

Health and wellness are integral to ESG's staff accommodation, featuring onsite clinics, fitness facilities, and hygiene campaigns.

Through subsidiaries like Sawaeed Holding, workers benefit from skill development programs and professional training, empowering career growth.

To ensure workplace safety, ESG employs a comprehensive Occupational Health and Safety Management System, supported by rigorous risk assessments, hazard identification, and regular training. These measures proactively address risks, maintain safety standards, and foster a culture of vigilance, safeguarding the health and well-being of all employees.

Driving Environmental Responsibility

Environmental Responsibility is a key consideration of ESG's operations, particularly in real estate development. By adopting the Estidama Pearl Rating System and LEED standards, ESG ensures its projects prioritize energy efficiency, water conservation, and the use of sustainable materials. Notable examples include Reem Hills in Abu Dhabi, Albizya Bay in

Seychelles, and Scarlet Beach Resort and Spa in Greece, where strategies like renewable energy systems and high-efficiency irrigation have been implemented to minimize environmental impact.

Beyond its real estate projects, ESG has launched a number of impactful environmental initiatives:

Mangrove Planting

Restoring coastal ecosystems to reduce carbon emissions, protect biodiversity, and bolster climate resilience.

Recycling Programs

Vision Furniture & Decoration Factory LLC leads efforts in recycling materials like wood, sawdust, paper, plastic, and glass, supporting a circular economy.

Waste Management

Gulf Dunes Landscaping collaborates with Tadweer to ensure proper recycling and waste disposal.

Reem Hills: A Model for Sustainable Development in Abu Dhabi

The Reem Hills Project represents ESG commitment to pioneering sustainable, luxurious, and eco-friendly communities. Situated in Abu Dhabi, this development aligns with the Emirate's vision for environmental preservation and sustainability. Sustainability is embedded across every phase of the project. From the initial design to construction and operational phases, environmental preservation remained a core priority.

By adhering to the Estidama Pearl Rating System, including certifications under the Pearl Building Rating System (PBRS), Pearl Villa Rating System (PVRS), and Pearl Community Rating System (PCRS), the project emphasizes resource efficiency, environmental stewardship, and long-term sustainability.

Sustainable development is not just a goal; it's a mindset — a commitment to balance progress with preservation, ensuring that every action today leaves a better world for tomorrow.

— Hanan Isleem, Sustainability Manager, Royal Development Company

Looking Ahead

ESG is set to expand its sustainability efforts with innovative initiatives that blend environmental responsibility and social progress. A key focus is the AED 360 million Century Village project, developed in partnership with Q Holding, to improve worker living conditions and advance sustainable real estate practices.

The launch of ESG Hospitality marks a strategic move into sustainable tourism, prioritizing eco-conscious construction and operations. This initiative aligns with global trends, reinforcing ESG's commitment to a more responsible and sustainable hospitality industry.

Palms Sports - Promoting Physical Activity & Wellbeing Across the Emirates

Palms Sports is on a mission to inspire and empower communities by promoting physical activity and well-being. Committed to fostering a culture of health, inclusivity, and resilience, the organization provides accessible fitness programs, encourages active lifestyles, and supports initiatives that enhance both the physical and mental health of individuals.

Improving Health & Wellbeing Across the UAE

Palms Sports martial arts and fitness training programs are designed to enhance health and well-being across the UAE, benefiting over 200,000 participants. By addressing issues like obesity, stress, and inactivity, the company fosters physical fitness and mental resilience.

Specialized initiatives, such as school partnerships and the Khabib Gym at Yas Island, promote inclusivity and provide

elite-level coaching for aspiring athletes and fitness enthusiasts. Through health monitoring, educational workshops, and community outreach, Palms Sports cultivates a culture of lifelong wellness, reducing preventable health conditions and inspiring healthier lifestyles.

Project Highlights

Active Hub

Abu Dhabi Sports Council, in cooperation with the Emirates Schools Establishment and Palms Sports launched the "Active Hub" program in Feb 2022. The program aims to provide public access to the sports facilities available in schools across the Emirate of Abu Dhabi. The facilities are accessible after official working hours for male and female students, their families, and all members of the society with classes in 13 sports disciplines. Since the launch of Active Hub in 2022, over 104,000 registered with more than 870,000 attendance occurrences. Since inception, quarterly member satisfaction surveys return an average of 86.7% satisfaction rate.

UAE Warriors

Palms Sports successfully organized 10 fight nights for the UAE Warriors MMA Championship, solidifying Abu Dhabi's position as a global hub for mixed martial arts. As the premier platform for fighters worldwide, UAE Warriors provides an opportunity for athletes to showcase their talents, gain international recognition, and secure sponsorships from leading MMA organizations such as UFC, Bellator, and One Championship.

Looking Ahead

Palms Sports is advancing its commitment to community wellness through upcoming initiatives. These include launching a youth talent development program, integrating technology into virtual fitness platforms, and establishing community wellness hubs that blend fitness, mental health support, and educational resources.

Adopting an ESG-Focus to Investments

Palms Sports adopts a strategic approach to investment, ensuring alignment with its mission to promote physical activity, health, and well-being. Through its investment arm, the company prioritizes ventures that enhance sports, fitness, and wellness initiatives while maintaining a strong focus on financial sustainability, scalability, and innovative growth potential. Central to its strategy is the integration of ESG considerations, with investments undergoing assessment for criteria under each dimension.

Vocational Jiu-Jitsu Camps

Designed to create positive and supportive environments, Jiu-Jitsu vacation training camps provide students with an opportunity to enhance their technical Jiu-Jitsu skills and maintain the fitness levels achieved during the school term. These camps are tailored to help students realize their full potential, even during holiday periods. To date, over 263 vacation training camps have been conducted, benefiting more than 42,000 male and female students across the UAE.

Sirius International Holding - Driving Decarbonization with Smart Sustainability Solutions

Sirius International Holding is working to catalyze the digital revolution through their diverse portfolio of subsidiaries and strategic investments. They specialize in harnessing the power of disruptive, cutting-edge technologies for human-centric progress, striving to make digital transformation accessible and beneficial to all.

Portfolio Spotlight - Esyasoft

Esyasoft is transforming the energy landscape with cutting-edge AI and IoT Technology, aiming to facilitate a seamless transition towards reliable, affordable and sustainable energy for all. Esyasoft is making a significant impact world-wide, with 35+ energy utilities served worldwide, 25million+ end points connected globally and 1.1 million tonnes+ of carbon emissions reduced annually.

Strategic Growth & Expansion in 2024

Building on this solid foundation, Esyasoft has continued to expand its reach and influence in 2024. A key achievement was the company's successful entry into the European market, forming a strategic partnership with Electrica SA Romania. This partnership, a cornerstone of Esyasoft's European expansion strategy, enables Electrica to produce advanced green energy technologies locally, furthering the transition to a more sustainable and efficient energy system in the region.

In addition, Esyasoft diversified its portfolio by acquiring a 70% stake in Float IoT, a pioneering IoT company based

in the Netherlands. Float IoT specializes in premium meter reading services and remote asset monitoring for water companies, making it a natural complement to Esyasoft's capabilities. By combining Float IoT's expertise with Esyasoft's AI-driven solutions and digital twinning technologies, this acquisition positions the company to revolutionize global water management. It also marks Esyasoft's strategic expansion into the rapidly growing smart water technology solutions market, supporting its commitment to driving innovation across multiple sectors.

Portfolio Spotlight - Smart Sustainability Solutions (S3) Company

S3 holds a vision to become a premier climate-focused company, delivering cutting-edge solutions across four verticals: methane, carbon, circularity, and water. At its core, S3 is built on an innovative business model that integrates project development and sponsorship. This approach allows S3 to identify tailored solutions for diverse industry segments that can be scaled and replicated globally.

Achievements & Impact 2024

In 2024, S3 was focused on reviewing digital solutions that harness the power of AI and data analytics to enhance energy efficiency. These smart technologies offer solutions for predictive maintenance in downstream operations of the oil, gas, and chemical industries, as well as advanced utility management for real estate. This has the potential to reduce carbon footprints and enable cost-neutral implementation for businesses.

Additionally, at COP29 in Baku, S3 signed a Strategic Collaboration Agreement with SOCAR Green and VEMA SA to deploy climate-friendly solutions in Azerbaijan's energy

sector. This collaboration focuses on methane abatement, carbon capture, and circular economy initiatives, reinforcing S3's commitment to building a greener and more sustainable future.

Methane abatement is particularly impactful as methane has 80 times the warming potential of carbon dioxide. Additionally, scaling the availability of clean fuels like green methanol in global markets could significantly reduce emissions, particularly in the transportation and shipping sectors, which currently rely on heavy fossil fuels like diesel.

Portfolio Spotlight - Apeiro

Apeiro is a subsidiary of Sirius International Holding, founded to address challenges faced by governments in managing healthcare systems. Their aim is to ensure that everyone can access high-quality medical care, contributing to financially sustainable universal health coverage for all.

Advancing Healthcare Equity & Efficiency: Collaboration with the Social Health Authority (SHA)

Apeiro is conducting a project with the SHA. Focused on accessibility, equity, and sustainability, the SHA project is designed to advance digital transformation in public healthcare facilities, streamline operations, and create lasting societal impact by enhancing health outcomes and reducing inefficiencies.

At the core of the initiative are three key drivers: addressing disparities in healthcare access for underserved communities, deploying advanced cloud-based solutions to improve healthcare delivery, and reducing operational inefficiencies to optimize resource allocation. These efforts aim to bridge systemic gaps and establish a healthcare framework that is both equitable and efficient.

A Focus on Net Zero

Across our diverse portfolio, there are a number of initiatives in place that reduce emissions, enhance energy efficiency, and promote the use of renewable resources. This section highlights key achievements from our subsidiaries as they advance strategies in alignment with our overall commitment to creating a resilient, low-carbon future.

Aldar Properties - Journey to Net Zero

Aldar Properties PJSC is the leading real estate developer, manager, and investor in Abu Dhabi, with a growing presence across the United Arab Emirates, the Middle East North Africa, and Europe. The group has two core business segments, Aldar Development and Aldar Investment.

Aldar Development is a master developer of a 62 million sqm strategic landbank, creating integrated and thriving communities across Abu Dhabi, Dubai, and Ras Al Khaimah's most desirable destinations. The delivery of Aldar's developments is managed by Aldar Projects, which is also a key partner of the Abu Dhabi government in delivering housing and infrastructure projects across the UAE's capital. Internationally, Aldar Development wholly owns UK real estate developer London Square, as well as a majority stake in leading Egyptian real estate development company, SODIC.

Aldar Investment houses a core asset management business comprising a portfolio of more than AED 37 billion worth of investment grade and income-generating real estate assets diversified across retail, residential, commercial, logistics, and hospitality segments. It manages four core platforms: Aldar

Investment Properties, Aldar Hospitality, Aldar Education, and Aldar Estates.

In line with its commitment to achieving net-zero emissions, Aldar launched its Net Zero Plan in January 2023. The Net Zero Plan outlines Aldar's targets and the actions that it will take in its decarbonization journey, with the ultimate goal of achieving Net Zero emissions across all emission scopes by 2050. Net Zero serves as the cornerstone of Aldar's sustainability strategy for the coming decades, demonstrating the company's commitment to reducing the embodied carbon of development and decarbonizing its operations. Aldar takes a holistic approach to sustainability across the entire value chain, from design and construction to property management and acquisitions.

Updates for 2024

In 2024, Aldar made advancements across each of its eight levers of decarbonization:

- Implementing low carbon design guidelines across all new projects, resulting in an average of 30% improvement in energy use and an average of 40% improvement in water use by design compared to business-as-usual benchmarks.
- 80% of new projects in 2024 achieved a 3 Pearl rating in Estidama, the UAE's green building rating system.
- 100% of new projects in 2024 achieved a minimum 2 Star Fitwel Rating, a globally recognized standard that focuses on health and wellness in the built environment.
- Invested AED 113 million to retrofit 67 assets
- 23% of retrofitted assets received LEED certification (Gold and Platinum).
- The Aldar Real Estate Decarbonization Pledge, launched in 2023, grew to over 70 signatories, including 60% of Aldar's highest-spend contractors, with approximately 50% now having emissions targets or actively developing them.
- Achieved 95% green concrete adoption across construction sites, progressing toward its goal of 100%. Additionally, Aldar started incorporating low-carbon steel across our developments.
- 100% of its construction and design consultancy contracts were assessed for sustainability.
- 3 training sessions were conducted to Aldar's registered suppliers to educate them on Aldar's sustainability procurement strategy and key initiatives.
- Expanded its ESG due diligence process to include partners and acquisitions, reinforcing its commitment to sustainability at every level.

Looking Ahead

Aldar's decarbonization journey is guided by a clear implementation roadmap, which is continuously updated to reflect sector advancements and performance insights. Starting in 2025, Aldar will begin monitoring decarbonization performance at a sub-lever level, further enhancing accountability and driving measurable outcomes.

Aldar's commitment to sustainability leadership is reflected in the significant plans underway for 2025. These initiatives are designed to advance our environmental performance, drive operational efficiencies, and align with global climate targets:

Enhancing Design Guidelines

Aldar will update design guidelines to integrate Fitwel and Estidama requirements, enabling faster achievement of higher sustainability credentials while reducing design costs and improving efficiency.

Operationalizing Solar PV Projects

The solar PV project, spanning 45 assets, will become operational, generating 12%-15% of the energy demand and significantly reducing emissions associated with purchased electricity.

Developing a Metering Strategy

A metering strategy for new developments will be implemented to improve data quality and support ongoing emissions reduction efforts through enhanced monitoring and reporting.

Launching Integrated Waste Management Plant

Aldar will complete and operationalize the first integrated waste management facility in Abu Dhabi, a step toward achieving zero waste to landfill within the facility's first year of operations.

Updating the Net Zero Strategy

Building on improved data quality and the new 2023 baseline year, Aldar will update its net zero strategy in alignment with the Science Based Targets initiative (SBTi) Buildings Sector Guidance.

PureHealth - Advancing Towards Net Zero

PureHealth, the UAE's largest integrated healthcare network, is redefining the future of healthcare through scientific innovation and advanced technology. By fostering a cross-category ecosystem that spans hospitals, clinics, diagnostics, insurance, health-tech, and more, PureHealth is on a mission to advance the science of longevity, combining purpose and progress both on the ground and in the cloud.

PureHealth's Journey to Net Zero

Guided by four strategic pillars—Green Clinical Practices, Smart Facilities and Operations, Virtual Care, and Value-Based Care—PureHealth ensures its environmental stewardship initiatives remain scalable and aligned with its core mission. These pillars have been integrated into the operations of newly acquired entities, ensuring a unified approach to decarbonization.

PureHealth has made good progress in reducing its environmental impact, achieving a 13.2% reduction in total emissions in 2023, equivalent to approximately 90,344 MTCO₂e, compared to its baseline year. It also advanced plans to adopt renewable energy across key healthcare facilities and expanded its digital healthcare solutions through Pura, which promotes virtual care and reduces carbon-intensive practices. Furthermore, the company has strengthened its supply chain sustainability by embedding environmental criteria into procurement processes, fostering a greener and more responsible value chain.

Looking Ahead: Advancing Climate Action in Healthcare

Looking forward to 2024 and beyond, PureHealth is focused on scaling its sustainability efforts to lead in climate commitments. As part of its international expansion, PureHealth is embedding sustainability across its operations by aligning with globally recognized ESG frameworks, including the TCFD, CDP, UN SDGs, and the Science-Based Targets initiative (SBTi). These alignments reinforce the company's Net Zero ambitions, ensuring that its global growth strategy contributes to climate resilience.

PureHealth is advancing low-carbon healthcare through strategic collaborations with governments, research institutions, and industry leaders. These partnerships support policy advocacy for climate resilience and health equity while co-creating innovative solutions to address the health impacts of climate change.

2024 Updates

In 2024, PureHealth took further steps to advance its decarbonization efforts, deploying IoT-driven energy efficiency solutions across prioritized healthcare facilities, allowing for real-time monitoring of energy consumption and identifying inefficiencies to optimize resource utilization. Additionally, PureHealth further advanced its

efforts in GHG emissions tracking and reporting, building on the data quality framework established in 2022. By focusing on improving the accuracy, frequency, and standardization of sustainability-related KPIs, the company strengthened its alignment with Net Zero 2040 targets.

To enhance granularity and agility, PureHealth introduced a monthly data collection process across all healthcare facilities, enabling detailed tracking of activity data and the identification of reduction opportunities. At the Group level, a biannual consolidation of emissions data was implemented, ensuring consistency and providing a unified perspective to monitor progress against Net Zero goals.

These efforts were complemented with the publication of its first Sustainability Report, giving an overview of the company's sustainability journey and efforts throughout the reporting year.

Further embedding sustainability into its company culture, PureHealth expanded its ESG Champions Network to include representatives from newly integrated assets. These champions facilitate alignment with PureHealth's Net Zero roadmap, promote knowledge-sharing and best practices, and foster engagement in sustainability initiatives across the Group.

Promoting ESG Excellence

Across the IHC portfolio, many subsidiaries are demonstrating exceptional leadership in driving ESG excellence throughout their operations. By embedding sustainability into their core business strategies, these companies are implementing impactful initiatives that address key sustainability priorities.

This section highlights some of the efforts and achievements from the 2024 reporting year, with each subsidiary featured here having received a provisional MSCI² rating - underscoring their progress in integrating ESG principles.

² IMPORTANT NOTICE AND DISCLAIMER: The MSCI Provisional ESG Rating and related research (1) were prepared by MSCI ESG Research for compensation; (2) are not a credit rating or equity research report; (3) are made available for informational purposes without any warranty or guaranty of accuracy, quality, completeness or usefulness; (4) are current only as of the date first issued and are subject to modification and withdrawal; (5) do not, and are not intended to, constitute investment promotion, or an offer or recommendation to purchase or sell any securities; (6) are based in whole or in part on information provided to MSCI ESG Research by or on behalf of the rated company (which MSCI does not validate for reliability, truthfulness, accuracy, completeness or otherwise and some of which may be non-public); and (7) may not be copied or redistributed without the express written permission of MSCI ESG Research. Trojan Construction Group – Advancing Sustainable Construction in the Region

Trojan Construction Group (Trojan) is one of the largest construction groups in the UAE. As a multidisciplinary organization with in-house capabilities to deliver turnkey projects, Trojan has established a strong local presence and growing regional influence. Since its inception in 2012, the group has rapidly expanded across the Middle East, Africa, and Europe. Employing a multinational workforce of over 36,000 and operating a fleet of plants and machinery valued at nearly AED 2 billion, TCG exemplifies excellence in innovation and execution.

Sustainability Overview

Trojan Construction Group has been making significant progress in embedding sustainability into its operations. By aligning with industry-leading standards, such as Estidama and the Dubai Green Building Regulations, Trojan achieved a notable milestone, with 98% of its total revenue in 2023 derived from projects meeting green building requirements.

Recognizing the importance of partnerships in achieving the global sustainability agenda, Trojan actively collaborates

with key stakeholders to drive progress. This year, Trojan partnered with Etihad Rail to introduce hybrid fleets into its operations, a step that will support efforts to reduce carbon emissions and minimize environmental impact across the value chain. Such strategic collaborations highlight Trojan’s commitment to innovation and shared expertise as powerful enablers of sustainability.

Responsible Sourcing – Phoenix Timber Factory LLC

In parallel, Trojan’s subsidiaries are helping to advance the Group’s collective sustainability goals. One subsidiary, Phoenix Timber Factory LLC, has demonstrated strong alignment with global best practices in sustainable forestry. In the last reporting year, 70% of Phoenix Timber’s wood products were FSC - certified, with the company maintaining 100% compliance with FSC standards when sourcing high-risk species. This commitment to responsible sourcing positions Phoenix Timber Factory as a leading supplier of sustainable wood, enabling Trojan to drive greener, more responsible construction projects across the industry.

MSCI ESG RATINGS

ESG RATINGS

CCC	B	BB	BBB
A	AA	AAA	

RATING ACTION DATE:
March 07,2024

LAST REPORT UPDATE:
March 07,2024

Trojan’s leadership in sustainable construction has been further recognized as it became the first construction group in the Middle East to achieve a provisional “A” rating in the MSCI ESG assessment, reflecting Trojan’s efforts to advance sustainability across the region and sets a benchmark for the construction industry. Building on this achievement, Trojan also became a signatory to the UN Global Compact’s

10 Principles, reinforcing its commitment to environmental stewardship, human rights, fair labor practices, and anti-corruption measures.

Trojan Construction Group’s sustainability efforts reflect a forward-thinking approach to construction, setting new standards for the industry.

Advancing Sustainability at NMDC Group

NMDC Group is a prominent figure in energy, marine dredging, and engineering, procurement, and construction (EPC). With a workforce of over 25,000 employees, and established projects across the Middle East, Africa, and Asia, the company operates through four main business units working in tandem: NMDC D&M, NMDC Energy, NMDC Engineering, and NMDC Construction.

The 2021 merger between NMDC D&M and NMDC Energy positioned the Group to capitalize on market evolution. Reflecting the success of the merger, in 2024, the Group reported strong financial results, with a 44% increase in net profit to AED 3.11 billion, a 57% revenue rise to AED 26.26 billion, and a 36% increase in earnings per share to AED 3.55

Achieving AA 'Leader' ESG Rating

**MSCI
PROVISIONAL**
ESG RATINGS

(P) CCC	(P) B	(P) BB	(P) BBB
(P) A	(P) AA	(P) AAA	

PATING ACTION DATE:
March 07,2024

LAST REPORT UPDATE:
March 07,2024

NMDC Group's dedication to sustainability and implementation of ESG principles were recognized this year with an AA 'Leader' provisional rating from MSCI, a globally trusted provider of ESG indexes. The AA 'Leader' rating signals that NMDC Group is effectively navigating the complexities of environmental stewardship, social responsibility, and governance practices,

ensuring long-term value creation and resilience in an increasingly ESG-conscious market. The recognition places NMDC Group among the leaders in the Construction & Engineering sectors, setting it as a benchmark for others in the industry to follow.

Attaining an AA rating in the Construction & Engineering sectors is a substantial achievement, and we are incredibly proud to receive this recognition for our efforts to date. Sustainability is at the heart of our operations, and we have been committed to playing a key role in driving the UAE's ambitions and Net Zero agenda, in addition to actively supporting our clients in realizing their goals. We look forward to continuing to embed sustainable practices across our operations and to providing innovative solutions as we collectively work with our partners to build a better future.

- H.E. Mohamed Thani Murshed Al Rumaithi,
Chairman of NMDC Group

Renewable Energy Integration and Expansion

NMDC Group is steadily establishing a greater presence in the renewable energy sector. For example, partnering with Byrne Equipment Rental to implement solar energy systems at the Sir Baniyas Island residential camp, significantly reducing CO₂ emissions by 475 tons annually, and minimizing pollution exposure for workers.

With a particular focus on wind power, the Group is actively involved in the development, construction, and maintenance of wind power facilities, including Taiwan's Yunlin offshore wind farm. To further strengthen its capabilities, NMDC Group recently acquired a Dynamic Positioning (DP) vessel specifically for offshore wind projects, a move expected to drive annual revenue beyond AED 1 billion, reinforcing its leadership in this sector.

NMDC Group plans to expand into international markets for subsea rock installation, targeting offshore wind farms, rigs, breakwaters, and subsea pipeline protection, further diversifying its renewable energy portfolio, and integrating renewable energy solutions to support environmental sustainability.

Burjeel Holdings - Leading with ESG Excellence in Healthcare

Burjeel Holdings is a leading private provider of world-class healthcare services in the UAE and Oman, with a growing presence in Saudi Arabia's specialized healthcare sector. With a mission to combine state-of-the-art technology, highly skilled medical expertise, and a compassionate approach to care, Burjeel delivers exemplary medical services that embody its commitment to care with a human touch.

Embedding ESG into its Operations

Burjeel made exceptional efforts to embed ESG principles into its operations, including the development of a dedicated ESG strategy specifically designed to align with the Group's vision and sustainability goals. To enhance transparency, Burjeel integrated comprehensive ESG disclosures into its 2023 Sustainability Report, included as part of its Annual Report. To further consolidate its efforts, the company created a standalone ESG Data Book, compiling key sustainability metrics into an accessible and structured format.

In addition to these foundational efforts, Burjeel initiated the MSCI ESG rating process, which resulted in obtaining a provisional AAA ESG rating from MSCI in 2024. The assessment highlighted Burjeel Holdings' exemplary performance across key ESG dimensions. Notably, the company achieved significant

reductions in operational emissions and implemented advanced waste management systems, surpassing regional benchmarks for healthcare providers. In the social dimension, Burjeel demonstrates exceptional workforce diversity while making substantial investments in community healthcare initiatives.

These efforts earned the company recognition for workforce well-being and social impact, positioning it well above industry averages. In terms of governance, Burjeel maintained a transparent reporting framework and a well-structured board to oversee its ESG strategy, reinforcing its ethical practices and accountability capabilities.

(P) CCC	(P) B	(P) BB
(P) BBB	(P) A	(P) AAA

As of Aug 2024

Looking Ahead

Future initiatives will focus on carbon neutrality and waste reduction targets, advancing the company's continued commitment to environmental stewardship. The organization is also dedicated to expanding healthcare accessibility for underserved communities, providing equitable care that is accessible to all. Additionally, Burjeel will continue to strengthen its governance frameworks, aligning with global ESG standards to uphold its reputation as a sustainability leader.

Emirates Driving Company - Integrating ESG Principles into Operations

Established in 2000, Emirates Driving Company (EDC) is the leading provider of driver education and a key contributor to road safety in the Emirate of Abu Dhabi.

EDC consistently delivers the highest standards of driver training to support safe and secure road mobility amid rapid population growth and urban development. Since its inception, the company has engaged in strategic partnerships with the International Authority, so that its curricula aligns with global standards, cementing its reputation as a pioneer in the region's driver education landscape.

In 2022, EDC introduced a Sustainability Strategy supported by an ESG Governance Framework. This was followed in 2023 by the launch of the ESG Transformation Program: "Towards a Sustainable Future," reinforcing its commitment to Net-Zero emissions under the UAE Net Zero by 2050 Initiative while addressing broader social and governance priorities.

Progress in 2024

These efforts to integrate ESG principles across its operations earned the company a provisional AAA ESG rating from MSCI in March 2024—an achievement that positions EDC among the top 9% of companies in the consumer services industry. With a score

of 9.7 out of 10, this rating is a testament to EDC's leadership in sustainability, social responsibility, and governance, as well as its ability to manage risks and opportunities effectively to deliver long-term value.

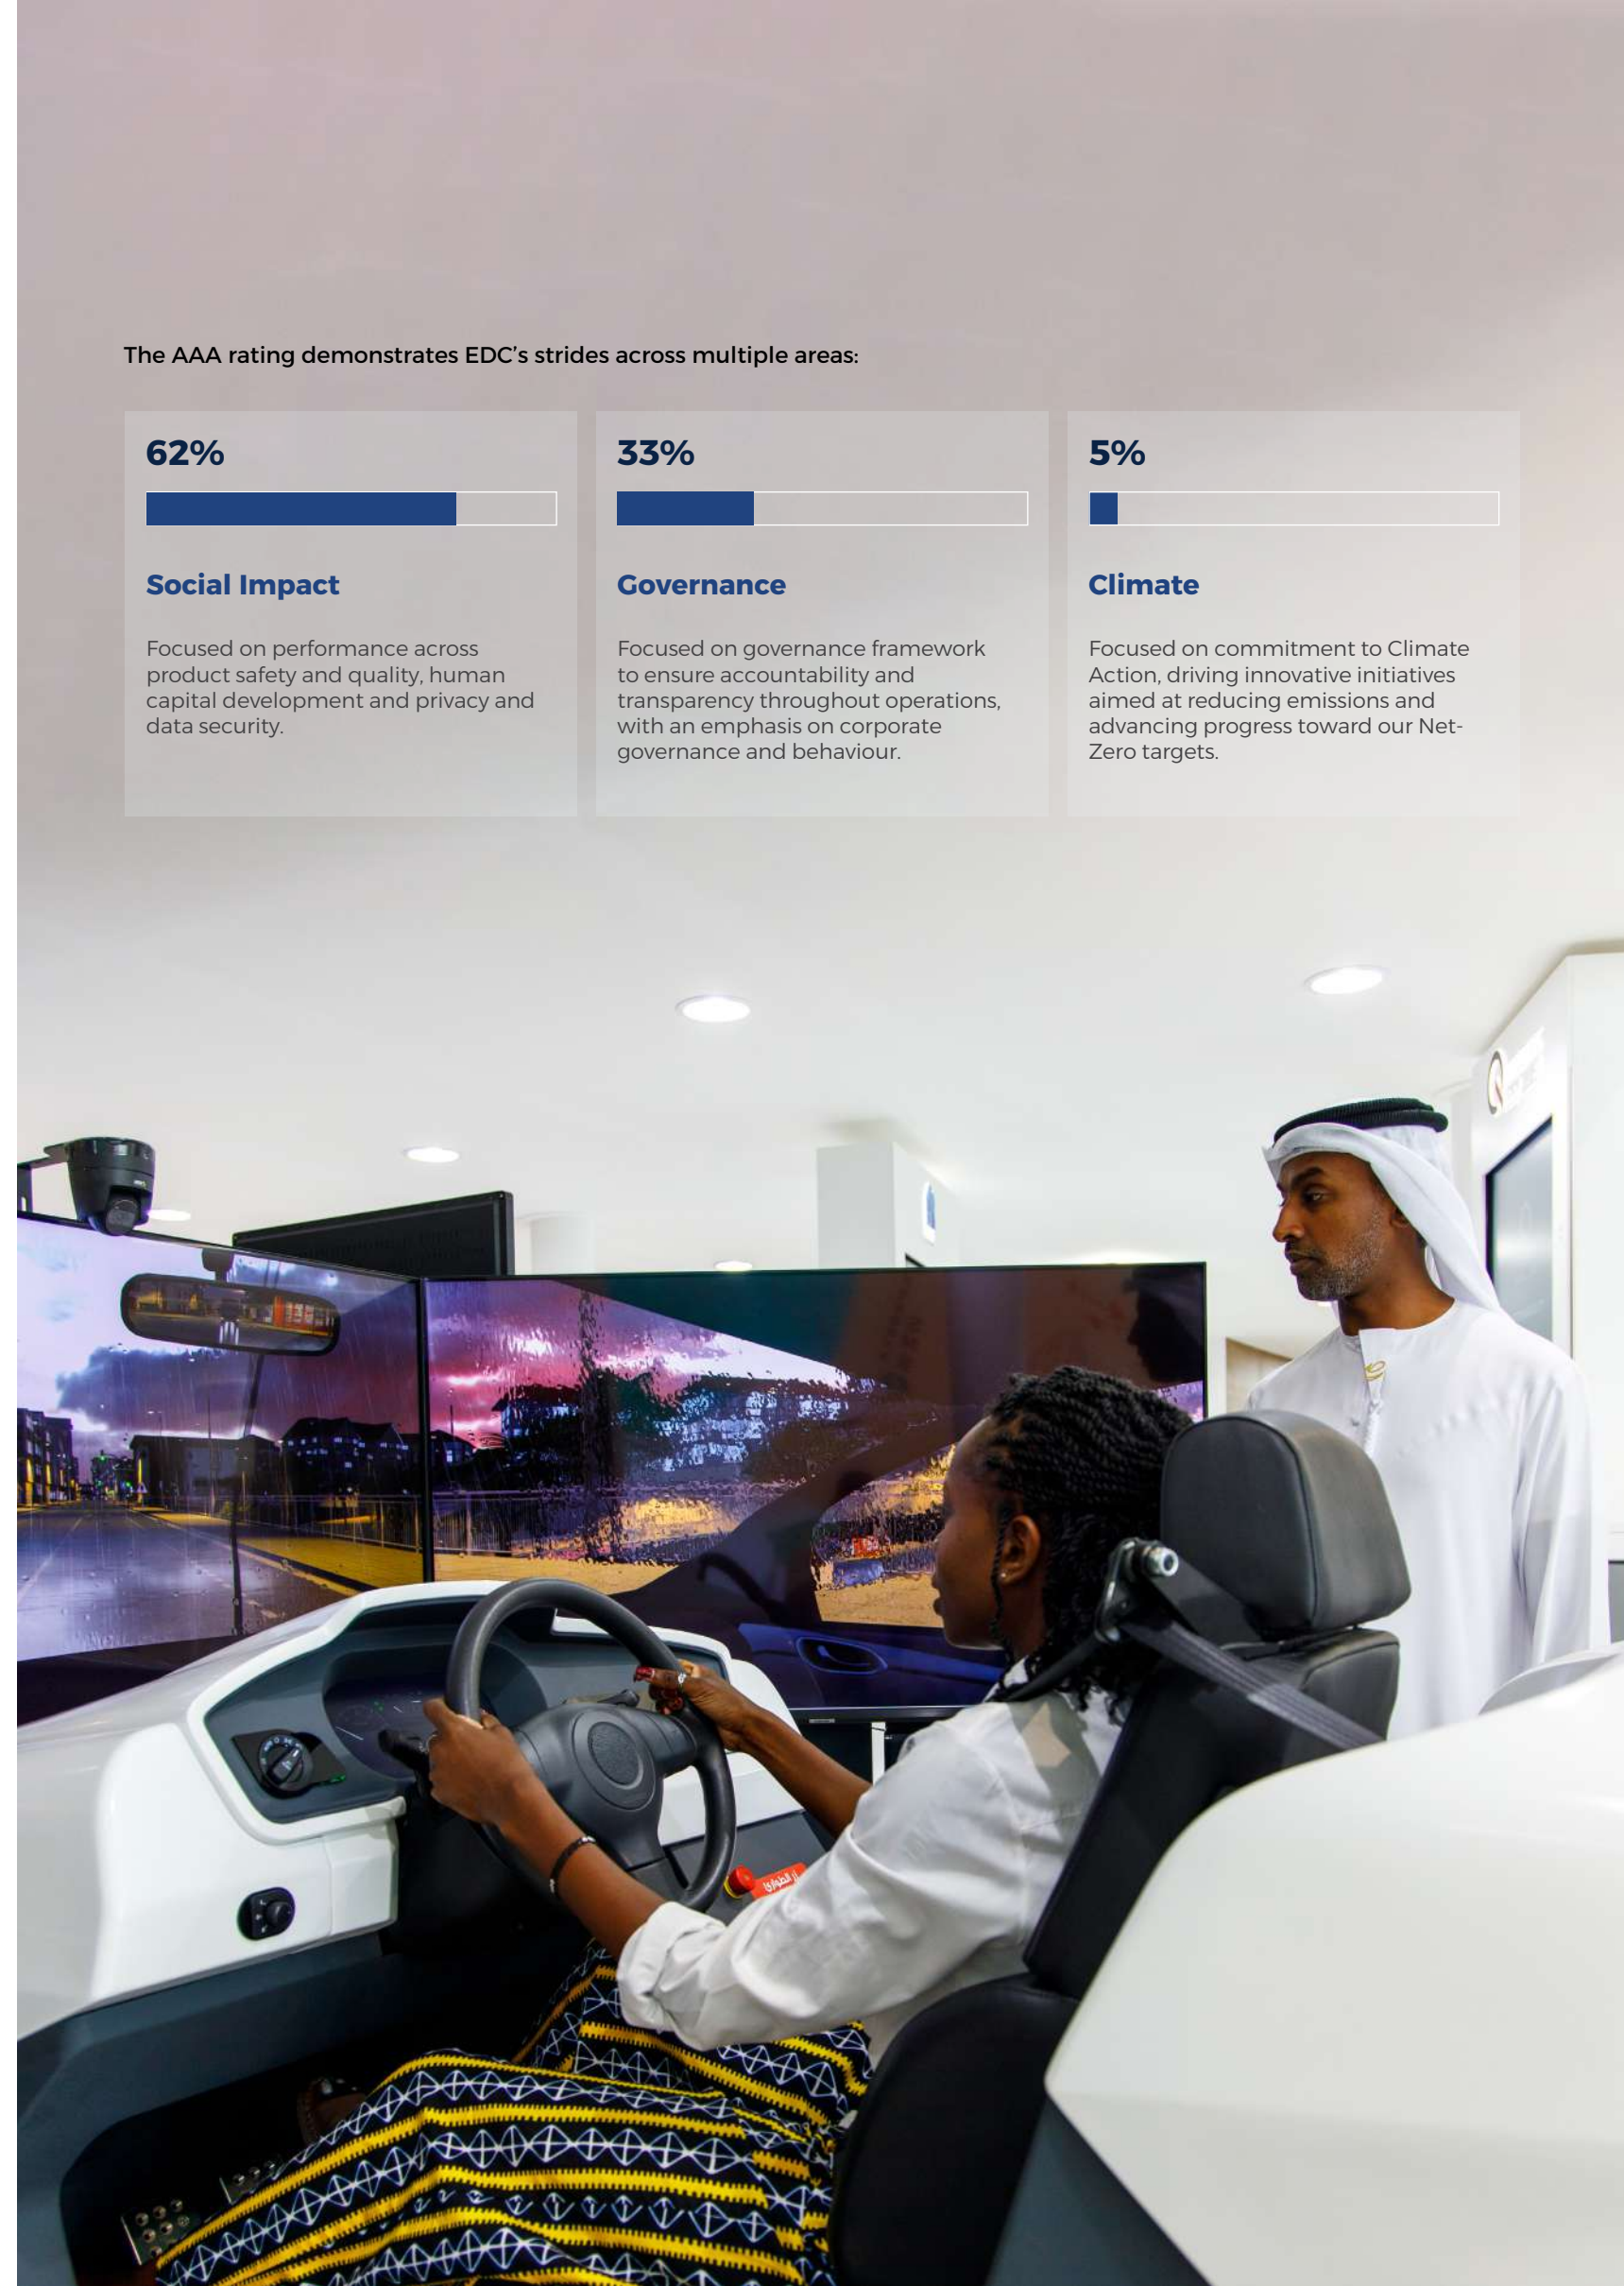

Further demonstrating its commitment to sustainability, EDC set science-based Net-Zero targets, which received validation from the SBT during the reporting year. This validation reinforces EDC's dedication to achieving meaningful climate goals.

Looking ahead, EDC remains dedicated to advancing its ESG journey with a strategic focus on three key priorities; its Net Zero Plan, Sustainable Procurement and obtaining ESG certifications. Following its acquisition of Excellence Driving, EDC will update and validate its Net-Zero Plan in alignment

with the SBTi, ensuring its climate goals remain ambitious and science-driven. Second, EDC will activate its sustainable procurement procedures by establishing baselines with Tier 1 suppliers, embedding ESG principles throughout its value chain and fostering responsible business practices. EDC will focus on achieving key certifications and renewals, including the ongoing renewal of its MSCI ESG rating and pursuit of the ESG 1000 Certification, further strengthening its position as a leader in sustainability.

The AAA rating demonstrates EDC's strides across multiple areas:

Embedding ESG at Mawarid Holding Investment (MHI)

Since its founding in 2016, Mawarid Holding Investment (MHI) has established itself as a leader in natural capital conservation in the UAE. With a strong focus on responsible investment, tech-driven sustainability practices, and resource conservation, MHI aims to shape the region's sustainable investment landscape.

Driven by a mission to place sustainability at the heart of its operations, MHI has advanced on its ESG journey. This year, the company took a major step forward by receiving its provisional MSCI ESG rating (BBB), which provided valuable insights into key areas for growth and improvement. Building on this momentum, MHI successfully applied for and was awarded the Dubai Chamber of Commerce ESG Label at the advanced maturity level.

In parallel, MHI has made notable progress across several ESG focus areas and highlights from 2024 include:

Advancing GHG Emissions Management

MHI progressed in the automation of its GHG emissions inventory data collection and calculations, streamlining the process for data accuracy, quality assurance, and enhanced efficiency. The company appointed a third-party carbon emissions consulting firm that provided a solution which automates carbon calculation and accounting by linking it to MHI's ERP system. In addition, MHI successfully completed the Global Compact Climate Ambition Accelerator program to help take the lead in moving towards a net-zero future. This intensive 3-month interactive program equipped MHI with the knowledge and skills needed to set science-based targets aligned with the 1.5°C pathway towards net-zero emissions by 2050. The initiative provided practical learning to gain a clear understanding of GHG Scope 1, 2, and 3 emissions accounting and facilitated its understanding on setting emission reduction targets through the Science-Based Targets Initiative (SBTi).

Engaging Suppliers on ESG Performance

MHI initiated stakeholder engagement with key external suppliers to evaluate their performance and assess their sustainability maturity. The top 30 by purchase value were requested to read and acknowledge compliance with the provisions of MHI's business policies and the ethical business practices laid out in the Supplier Code of Conduct. 67% have responded confirming their compliance. They account for 70.5% of total spend value (till Dec-2024). MHI's is following the engagement as part of its continuous learning process. Through targeted self-assessment questionnaires to these top providers, MHI shall gather insights on suppliers' performance across critical ESG areas, including human rights, labor welfare, environmental health and safety, and anti-corruption.

Advancing Sustainability through Waste Diversion and Resource Efficiency

In the context of pollution control and waste management, unlocking the value of waste, and building on its existing circular economy practices, MHI continued its efforts to divert waste away from landfills. It continued to send waste engine oil to licensed recycling companies. In 2024, these recycling efforts were expanded to include the diversion of waste batteries and waste electrical and electronic equipment (WEEE) amounting to 46,482 and 19,004 kg, respectively.

In addition to waste management, MHI made substantial progress in reducing resource consumption. A 75.7% reduction in the use of single-use plastic water bottles was achieved, thanks to the introduction of refillable water dispensers across the organization. Furthermore, the implementation of a print management system, with individual user logins, led to a 22.6% reduction in the purchase of photocopy paper in 2024.

2.7 SUSTAINABLE OPERATIONS

At IHC, sustainability is integral to our operations, underpinning our approach to governance, resource management, and community engagement. By embedding sustainable practices across all facets of our business, we aim to create value that extends beyond financial returns. Through innovative solutions, robust governance, and a commitment to sustainability, we endeavor to shape a resilient future for all stakeholders.

Governance

Material Topics

Governance

Abu Dhabi Vision 2030

SDGs

- A large empowered private sector
- A sustainable knowledge-based economy
- An optimal, transparent regulatory environment
- A significant and ongoing Contribution to the federation of the UAE

By having a strong, ethical governance structure in place, we aim to lead with transparency, accountability, and operational excellence.

In 2024, we strengthened our corporate governance efforts by:

Integrating
Advanced Technologies

Driving data-driven
decision-making to ensure
greater transparency

Improving Efficiency

Optimizing Operations

Sustainability across
the organization

In this section, we outline highlights from the reporting year. For a more detailed overview of our governance efforts, please refer to our Corporate Governance Report 2024.

Introducing Aiden Insight, an AI-Powered Board Observer

We advanced in AI deployment, integrating Aiden Insight, an AI-powered Board Observer, setting a new benchmark for AI in corporate strategy. This initiative optimized operations, reduced costs, and enabled data-driven decision-making across the organization. In parallel, we pursued strategic acquisitions and divestitures, focusing investments on high-growth sectors such as real estate and technology, while restructuring underperforming subsidiaries to streamline operations and improve efficiency.

At its debut in a Board Meeting in May 2024, Aiden analyzed decades of data, offering actionable insights and predictive analyses that helped IHC's leadership make informed decisions, manage risks, and identify opportunities. Its ability to process and interpret vast amounts of complex data in real-time is revolutionizing how we approach corporate governance, with Aiden offering predictive guidance on market trends, operational efficiencies, and emerging business opportunities.

During its Q3 Board Meeting, Aiden also emphasized measures that can further enhance IHC's corporate governance practices, transparency and compliance, particularly considering high-profile acquisitions. Strengthening governance frameworks that will mitigate potential legal and financial risks, ensuring long-term stability and investor confidence. It created a high-level plan to leverage AI across legal, HR, procurement, and finance to optimize operations, reduce costs, and drive data-backed decision-making.

Aligned with our core values of innovation and sustainability, Aiden's contributions have significantly enhanced our strategic planning and decision-making processes. By leveraging Aiden's data-driven insights, we've taken a major leap toward future-proofing our business, solidifying our commitment to sustainable growth, and creating a more informed, responsive, and agile governance model.

Assembled Task Force for Recovery of Outstanding Receivables

A dedicated task force was established to accelerate the recovery of outstanding receivables, ensuring financial momentum and liquidity. To mitigate legal and financial risks associated with high-profile acquisitions, we implemented

frameworks to ensure transparent documentation of transactions, reinforcing accountability and governance standards.

Advanced our Share Buyback Program

To enhance shareholder value, we advanced our AED 5 billion share buyback program, acquiring AED 1.8 billion worth of shares during the quarter. Additionally, we introduced targeted debt refinancing measures to reduce high debt costs, ensuring long-term financial sustainability and stability. This technology-enabled approach allows us to manage and monitor potential risks and remain responsive to market dynamics.

As a result of our governance efforts and firm stance on anti-corruption, we were pleased that 0 incidents of corruption we reported this year.

Corporate Governance

The Board of Directors is responsible for the overall health of our company, protecting the interests of all key stakeholders, and creating value within an appropriate risk management framework. The Board sets the strategic direction and oversees its execution by Executive Management, ensuring delivery against short-, medium-, and long-term targets.

The Board operates in accordance with its Board Charter, which clearly defines the collective and individual roles, responsibilities, functions, and powers of its members. At IHC, the Board consists

of five members, re-elected during the Annual General Meeting in April 2023 for a term of three years. Notably, since April 2020, we have one female Board member, reflecting our commitment to promoting diversity from the top down.

His Highness Sheikh Tahnoon bin Zayed al Nahyan

Chairman

His Highness Sheikh Tahnoon bin Zayed Al Nahyan has been a pivotal figure in the United Arab Emirates' strategic development, holding key leadership positions across various sectors. Since April 2020, he has served as the Chairman of IHC, which under his tenure has expanded into one of the world's largest investment firms.

In March 2023, under the directive of UAE President His Highness Sheikh Mohamed bin Zayed Al Nahyan, Sheikh Tahnoon was appointed Deputy Ruler of Abu Dhabi and Chairman of the Abu Dhabi Investment Authority (ADIA), one of the world's largest sovereign wealth funds responsible for managing and diversifying Abu Dhabi's long-term financial assets.

His Highness also chairs ADQ, a strategic investment firm overseeing key economic sectors such as energy, mobility, healthcare, and food. Since January 2024, he has been Chairman of the Artificial Intelligence and Advanced Technology Council (AIATC), which regulates and develops AI and advanced technology policies, positioning Abu Dhabi as a global leader in the sector.

Beyond these roles, Sheikh Tahnoon chairs G42, a pioneering AI and cloud computing group driving innovation in healthcare, energy, sports, space technologies and smart city solutions, and MGX, an investment and technology company focused on AI, cybersecurity, and future mobility.

Since 2016, he has served as the National Security Adviser of the UAE, appointed by the late President His Highness Sheikh Khalifa bin Zayed Al Nahyan. In December 2020, he was appointed as a member of the board of the Supreme Council for Financial and Economic Affairs, overseeing Abu Dhabi's financial, investment, and economic affairs, including the management of natural resources.

Sheikh Tahnoon's leadership across these diverse sectors underscores his commitment to advancing the UAE's strategic interests and fostering innovation and economic development.

Syed Basar Shueb is a dynamic and visionary leader with over two decades of diverse cross-sector expertise spanning manufacturing, construction, financial services, and investments. As CEO, Managing Director, and Board Member of International Holding Company (IHC), Syed Basar has been instrumental in transforming IHC into the most valuable holding company in the Middle East and one of the world's largest and fastest-growing investment firms.

Since assuming leadership in 2019, Syed Basar has driven IHC's remarkable ascent through strategic foresight, operational excellence, and bold investment decisions. Under his stewardship, the company has achieved exponential growth, strengthened its global presence, and built a diversified portfolio that spans multiple high-impact sectors. His ability to inspire teams, integrate businesses, and navigate complex markets has cemented IHC's position as a powerhouse in the global investment landscape. His leadership has been recognized by Forbes Middle East, ranking him 5th among the Top 100 CEOs of 2024 and 3rd among the Sustainability Leaders 2024 for Investment & Holding companies.

Before leading IHC, Syed Basar was Group CEO of PAL Group of Companies, where he spearheaded transformative growth across diverse industries. He was instrumental in pioneering large-scale district cooling projects, advancing robotics innovation through PAL Robotics, and driving key desalination initiatives, positioning the group as a leader in sustainable infrastructure solutions.

In addition to his leadership at IHC, Syed Basar holds key positions in several leading enterprises. He is Chairman of Multiply Group and Chimera Investments LLC and sits on the Board of Directors for Alpha Dhabi Holding (ADH), 2PointZero, and Invictus Investment PLC. He also serves as Vice Chairman of Reem Finance PJSC and is a member of the Board of Directors of the Abu Dhabi Chamber of Commerce and Industry, further strengthening his influence across the region's economic landscape.

A champion of strategic diversification, Syed Basar has driven IHC's expansion into key markets across the Middle East, Europe, and North America, positioning the company as a consistent top performer on the Abu Dhabi Bourse.

He holds a bachelor's degree in Computer Engineering from Near East University, Nicosia, Turkish Republic of Northern Cyprus.

Mr. Syed Basar Shueb

CEO, Managing Director, and Board Member of International Holding Company (IHC)

Dr. Mohamed Somar Ajalyaqin

Vice Chairman, Independent/Non-Executive
Chairman - Nomination & Remuneration Committee
Vice Chairman - Audit Committee

Dr. Mohamed Somar Ajalyaqin was appointed Vice Chairman of IHC in April 2020, bringing nearly two decades of exemplary business experience in strategic advisory roles across the UAE.

He also serves as Chairman of Chitha Holding PJSC and is a Board Director of 2PointZero.

Dr. Ajalyaqin's expertise in corporate strategy, mergers and acquisitions, and business growth initiatives has been integral to IHC's sustained success. His strategic insights at the Board level have played a crucial role in driving business acquisitions and identifying dynamic investment opportunities.

He holds a degree in DAA from Syria and continues to be a key figure in shaping IHC's expansion and investment roadmap.

Ms. Sofia Abdellatif Lasky

Board Member, Independent/Non-Executive
Chairwoman of Audit Committee
Vice Chairwoman - Nomination & Remuneration Committee

Sofia Lasky was appointed to IHC's board in April 2020, bringing extensive expertise in asset management, mergers and acquisitions, private equity, portfolio management, alternative investments, valuation, capital markets, financing, and corporate structuring. With a 19-year tenure at Royal Group, she has played a pivotal role in scaling businesses across key industries.

She has led the acquisition of multiple companies across real estate, contracting, food processing, preventive healthcare, and capital investments, making a significant impact on the Royal Group's growth trajectory.

Sofia holds a bachelor's degree in Management Information Technology from the United Kingdom and serves on the Board of Directors of Alpha Dhabi Holding (ADH), Aldar Properties, 2PointZero, and the National Corporation for Tourism and Hotels. She has also previously been a Board Member of Macquarie Capital Middle East LLC.

Mr. Mohammed Nasser Al Shamsi

Board Member, Independent/Non-Executive
Member - Audit Committee
Member - Nomination & Remuneration Committee
Member - Follow-up & Supervision Committee of Insiders Transactions

Mohammed Nasser Al Shamsi was appointed as Board member of IHC in April 2020. Mohammed is an international Affairs Specialist at Presidential Level in the UAE Ministry of Presidential Affairs. His role involves managing the strategic relationships with foreign governments, diplomatic missions and international institutions.

Mohammed holds a bachelor's degree in Business Management from the United Arab Emirates University and began his professional career in 2010 at Abu Dhabi Police. There, he held several posts and played an active role in international relations.

Mohammed is also a Board Member of the Abu Dhabi Stem Cell Centre, Rabdan Petroleum Trading and TALC Investments.

Board Committees

Supporting their governance efforts and capabilities, the Board has established three committees to assist in the execution of its responsibilities:

Audit Committee

The Audit Committee plays a key role in providing the Board with independent advice on the adequacy of management's arrangements. It holds major responsibility for overseeing financial reporting, related internal controls, risk management, independent and internal auditors, as well as ethics and compliance.

Nomination and Remuneration Committee

The Nomination and Remuneration Committee proposes criteria for membership of the Board and Senior Management and helps to identify and recommend individuals qualified to join these.

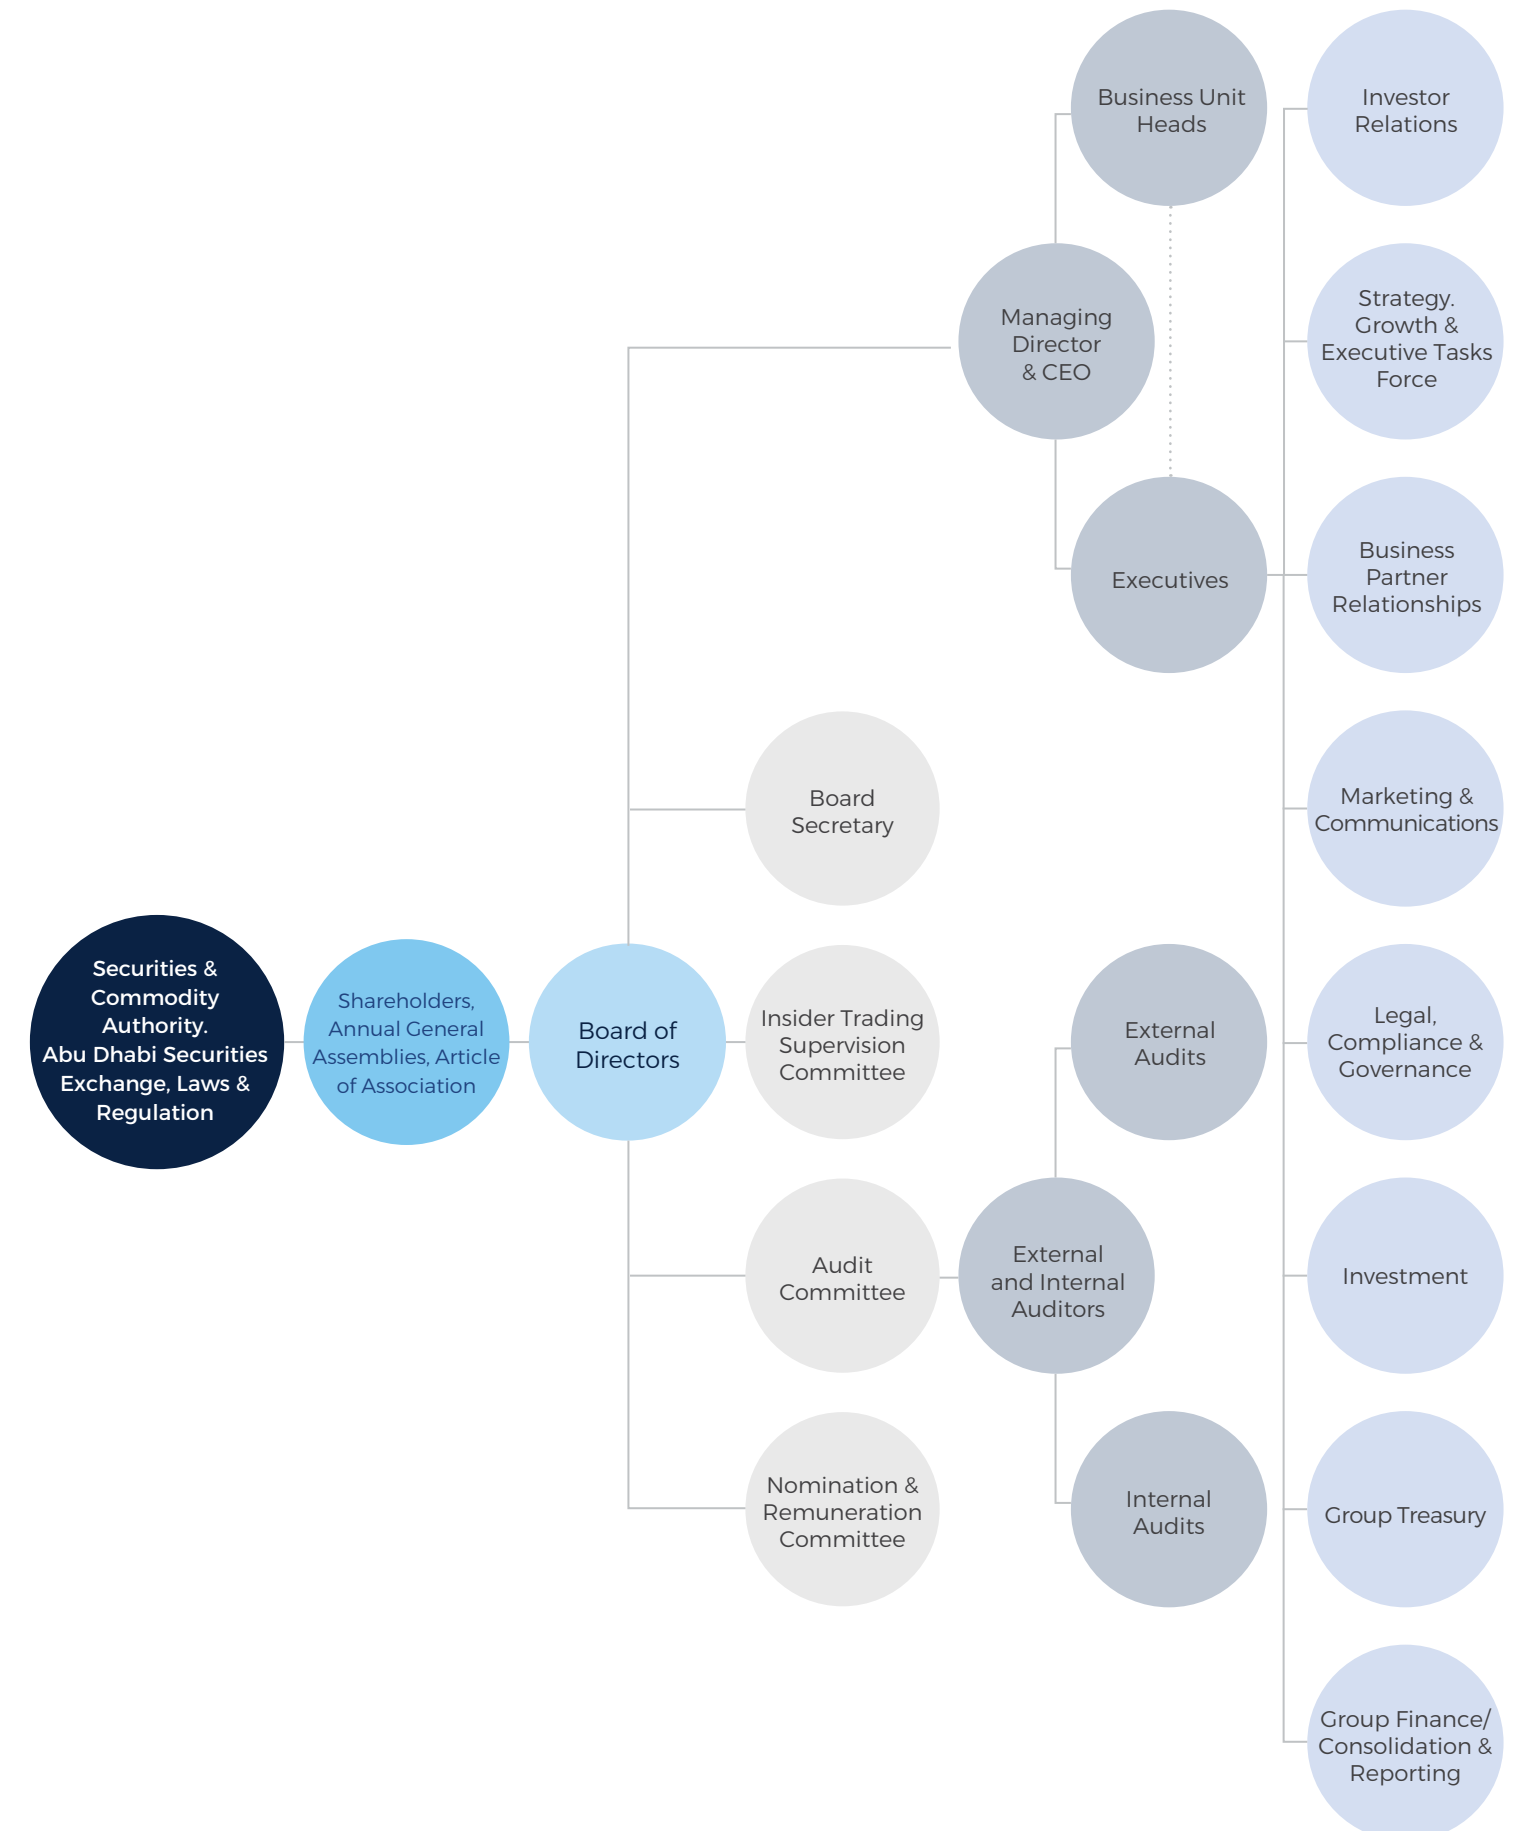

Follow-Up & Supervision Committee of Insiders Transactions

The Follow-Up & Supervision Committee of Insiders Transactions monitors the transactions of insiders, maintains their register, and submit statements and periodic reports to the market.

Overview of Management Structure

Key Policies Supporting our Governance Efforts

As part of our ongoing commitment to strong governance, we regularly review and update our policies to ensure alignment with the latest regulatory requirements and best practices. In light of the changes introduced by the Securities and Commodities Authority (SCA) in January 2024, our policies have been carefully reviewed and updated. The revised policies are currently under the Board's review to ensure they reflect the highest standards of governance and compliance.

Risk Management

The Board of Directors is responsible for establishing the Group's risk management system, defining its risk appetite, and maintaining an internal control framework. The Group Audit Committee oversees the risk management process, ensuring its effectiveness across the organization.

The Group's operations are structured into eight verticals based on sectors and industries, with risk management responsibilities largely vested in vertical and business unit management. All risks are assessed within the Group's defined risk appetite and tolerance levels, which are reviewed annually by the Board so alignment with strategic objectives is maintained.

Crisis Communications Playbook

In line with our commitment to safeguarding our reputation and ensuring preparedness for critical issues, we partnered with Teneo to develop a comprehensive Crisis Communications Playbook. This playbook includes the Crisis Communications Rapid Response Guide, specifically tailored to address potential crises and protect our reputation. This strategic engagement forms part of our proactive approach to mitigating reputational risks and operational disruptions, aligning with our core values and long-term objectives.

Corporate Governance Manual

Outlines the roles and responsibilities of all governance stakeholders, including the General Assembly of Shareholders, Board of Directors (and Chairman), Board Committees, Managing Director & CEO, Senior Management, Internal Audit, External Audit, Internal Control, Board and Committees Secretary, and other relevant stakeholders.

Code of Conduct and Business Ethics

Guides the conduct of Directors and Employees.

Board of Directors Charter

Supports effective functioning of the Board.

Board Committees Charters

Supports effective functioning of the three Board Committees.

Conflict of Interest Policy

Sets forth requirements for the avoidance and management of potential and actual conflicts of interest involving the Group.

Anti-Fraud Policy

Facilitates the detection and prevention of fraud and provides an overall framework for managing suspected cases of fraud.

Internal Control System

The Board of Directors ensures that management maintains a sturdy internal control system to guarantee effective operations, strong financial controls, and compliance with laws and regulations. Oversight of internal controls is delegated to the Audit Committee.

The Internal Control Department (ICD), supported by a third-party service provider, conducts internal control, risk assessment, and audit activities across our operating entities. The Audit Committee regularly reviews the effectiveness of the ICD to maintain alignment with governance and operational standards.

Data Privacy and Security

At IHC, data privacy and security are paramount. In 2024, we formed a new partnership with one of our subsidiaries, Emircom, to support our efforts to safeguard critical information in alignment with the highest standards.

controls, email security, Endpoint Detection and Response (EDR) solutions, and centralized Security Information and Event Management (SIEM) systems. A dedicated 24/7 Security Operations Center continuously monitors and responds to security events, while Data Leakage Prevention DLP systems prevent unauthorized access and data breaches. Role-based access control (RBAC) ensures that only authorized personnel can access systems, with external attempts monitored and flagged for immediate action.

We adhere to UAE data protection regulations and comply with ISO 27001 standards for information security management. All critical data communications and processes are conducted on-premises, ensuring robust monitoring and control. While GDPR does not apply, we maintain stringent data protection practices in line with ISO 27001 requirements.

To further enhance data privacy and security, Emircom is supporting our efforts to implement:

To maintain security best practices, we utilize advanced infrastructure, including perimeter security, network access

Data Privacy and Security Implementations:

User Awareness Programs

Continuous training to strengthen cybersecurity awareness.

Advanced SASE Features

Enhancing analytics and policy controls within the Secure Access Service Edge solution.

SOC Enhancements

Proactive security assessment and testing services for improved monitoring and resilience.

Since onboarding our new service provider in October 2024, we have successfully mitigated 42 attempted cyberattacks, achieving a 100% success rate. Notably, there have been zero data breaches during this period.

Subsidiary Governance

To maintain streamlined operations, all of our subsidiaries, joint ventures, and affiliates have been organized into one of eight distinct verticals. Each entity is not only expected to adhere to but also play a pivotal role in implementing strong Corporate Governance practices within their respective domains.

Throughout the year, we issued comprehensive guidelines to all Business Units regarding the trading of securities and the management of insider information. These guidelines are designed to uphold the highest standards of integrity, ensuring that all units act in accordance with best practices in governance and regulatory compliance.

Our subsidiary governance process is as follows:

Establish strategic plans for subsidiaries and a monitoring process for review of actual performance vs strategic plan.

All listed subsidiaries and affiliates have dedicated governance frameworks including independent Boards and Committees.

For unlisted subsidiaries, where IHC does not fully own the subsidiary, organizational governance is based on the shareholders' agreement or similar constitutional documents applicable to the subsidiary.

Environment

Through forward-thinking innovation and our commitment to sustainability, we focus on addressing environmental priorities such as climate change and emissions reduction. By implementing initiatives targeting key areas, including energy efficiency, emissions mitigation, and waste management, we strive to minimize our environmental impact and align our practices with global sustainability standards.

Developing a Baseline Operational GHG Inventory

This year, we began developing a baseline operational emissions inventory to enhance our environmental accountability and align with global best practices. This inventory includes Scope 1 and Scope 2 emissions, as well as all relevant Scope 3 categories, excluding Category 15 (investments).

At this stage, our inventory focuses on emissions at the parent level, serving as a foundational step toward understanding and managing our environmental footprint.

For details of our emission data for 2024, please refer to the Environment section in the Data Index (page 68)

Water & Waste Management

Effective waste and water management forms part of our commitment to environmental stewardship and operational efficiency. Through innovative solutions and partnerships, we aim to minimize resource consumption, reduce waste, and promote sustainable practices across our operations.

Spotlight: Partnership with REE™ – Advancing Responsible Waste Management

In alignment with SDG 12: Responsible Consumption and Production, we are dedicated to implementing innovative waste management strategies that reduce waste generation and promote circular economy principles. We have partnered with REE™, a software company specializing in bespoke recycling solutions, to revolutionize workplace waste management and enhance transparency and traceability.

technology, we developed a real-time dashboard to monitor recycling efforts and ensure full accountability for the destination of recycled materials.

The partnership also emphasized staff education, beginning with a workplace waste management workshop for all employees to build awareness about sustainable waste practices.

Through this collaboration, we introduced a tech-based waste recycling solution that empowers employees to actively participate in waste segregation. Leveraging REE™'s

Recycling Summary 2024

559.30 kg
of material recycled

495.43 kg
of CO₂ emissions avoided generating

27,233.20 kwh
of electricity saved

11.45 cubic meters
of PET bottles diverted from landfill

Energy & Water Audit

Reset Energy, a subsidiary of IHC, carried out a thorough energy and water audit of our Headquarters in 2023, resulting in retrofitted systems that delivered a 23% reduction in consumption. The key solutions implemented included an adiabatic cooling system for chillers, optimized HVAC controls, upgraded lighting and controls, a state-of-the-art building management system, and a cloud-based

analytics platform for monitoring and reporting energy savings. These additions continued to support our efforts to optimize our energy usage, which we continue to track and refine through regular reporting. In addition, we are mindful of our waste consumption and have introduced recycling bins in our headquarters to reduce the volume of waste we send to landfill.

We are committed to identifying, recruiting, and nurturing outstanding talent with the potential to be world-class leaders. We see this as an integral element of driving our business growth and enabling us to successfully achieve our ambitious goals. In return, we offer a stimulating and supportive working environment where individuals can achieve their potential and reach their career goals.

This dedication to fostering growth extends beyond our organization to the communities we serve. Through our Corporate Social Responsibility (CSR) initiatives, we aim to create opportunities, support development, and drive positive societal change. By aligning our internal talent strategies with our external community efforts, we continue to build a legacy of leadership, innovation, and shared success.

Workforce Overview

Our workforce in 2024 reflects the diversity and inclusivity at the heart of our organization. With a team of 49 employees representing 22 nationalities, we continue to foster a dynamic and multicultural workplace. Notably, we achieved a 15% increase in Emirati employees in senior-to-executive positions,

underscoring our commitment to national talent development. Additionally, a growth in female employees highlights our progress in promoting gender diversity across the organization.

Our Team at a Glance: 2024 Highlights

Our employees are rewarded with attractive compensation packages, which include both statutory and additional benefits, as well as opportunities for training and development. In line with our commitment to continuous growth, 100% of our employees received regular performance reviews, ensuring their ongoing development and career progression.

Additional benefits such as housing, schooling, transportation, and annual flight allowance further enhance the employee experience.

Employee benefits include:

- Life insurance
- Healthcare
- Disability and invalidity coverage
- Retirement provision
- Parental leave

100%

In 2024, two of our employees took parental leave and both (100%) returned to work.

Diversity, Inclusion and Non-Discrimination

We nurture a working environment where diverse cultures, backgrounds and perspectives are respected and valued. Our Group Code of Conduct outlines the principles of fair and equal treatment for all employees and how all workers should treat each other with dignity and respect, regardless of their station.

We maintain a zero-tolerance policy towards any form of intimidation, harassment, whether verbal or physical, or discrimination. As outlined in our Code of Conduct, we prohibit discrimination based on race, gender, ethnic origin, nationality, religion, age, or physical ability, reinforcing our dedication to a safe, inclusive, and equitable work environment for all.

Supporting the Local Economy

In line with the UAE's broader goals to promote local industry and reduce dependence on imports, we aim to increase our spending on local suppliers. As part of our commitment to driving economic growth and sustainability within the UAE, in 2024, 50% of the suppliers we engaged were local, with a total expenditure of AED 6,625,000. This represents 17.75% of our overall spend.

Corporate Social Responsibility (CSR)

We embrace CSR practices, combining charitable contributions, sponsorships and targeted initiatives in education and healthcare. We align our efforts with national priorities and global challenges, addressing areas such as:

Gender Equality and Inclusivity

Employee Health and Well-being

Sustainability Initiatives and Engagement

Circular Economy

Contributed to community initiatives

AED 37,315,420

(CGS Cycling, W Women Sports, KPI Sports and Abu Dhabi Sports Council)

Health & Safety

At IHC and throughout our subsidiaries, we are committed to protecting and promoting the well-being of all workers, contractors, and visitors across our offices and worksites. In the management of our operations, we ensure full compliance with all relevant laws and regulations governing health and safety.

Additionally, we take proactive measures to ensure the well-being of our clients, maintaining the highest standards of care and safety in every aspect of our operations. Our partnerships with Active Abu Dhabi and Pura has empowered our employees to enhance their health with Ai-powered analysis of their blood reports and activity levels. Furthermore, our partnership with Sanimed has placed mental health and stress management at the forefront, supporting our employees' overall well-being through tailored activities.

We are proud to report that no health and safety incidents occurred in our office during this reporting year.

Notes:

Methodology & Assumptions

Greenhouse gas (GHG) emissions were calculated using internationally recognized methodologies and data sources. Scope 1 emissions from mobile combustion were estimated using the UK Government GHG Conversion Factors for Company Reporting (UK DESNZ, 2024), based on the IPCC AR5 Global Warming Potential (GWP). Scope 2 emissions from purchased electricity and cooling were estimated using country-specific factors where available, including the UAE country overview (The International Tracking Standard Foundation, 2024). Scope 3 emissions covered purchased goods and services, capital goods, fuel- and Energy-related activities upstream transportation and distribution, waste generated in operations, business travel, employee commuting and upstream leased assets. These emissions were calculated using methodologies and data sources, including the UK DESNZ (2024), US EPA Supply Chain Greenhouse Gas Emission Factors v1.3 (2024), ICAO, PRELIM, the California Air Resources Board, and relevant lifecycle emissions studies. Both IPCC AR5 and AR4 GWP values were applied, depending on the data source used. Where specific data was unavailable, reasonable proxies and assumptions were applied.

office occupancy data due to the lack of direct measurement. Fuel- and energy-related emissions included upstream fuel extraction, refining, and transmission and distribution losses. Waste emissions were calculated using the provided waste generation data, measured in kilograms for each waste category, with wastewater emissions estimated in proportion to clean water usage. Business travel emissions accounted for transportation and accommodation, estimated based on the estimated trip distances and business trip spend data. Employee commuting emissions were modelled using work-from-office patterns, commuting distances, and transportation modes. Upstream leased asset emissions included energy consumption in leased spaces and fugitive refrigerant emissions, estimated using building specifications and industry benchmarks.

Exclusions

Certain emission sources were excluded from the assessment due to their occurrence outside the reporting period, overlap with other categories (double counting), lack of alignment with the conventional value chain definition, or the inability to derive reliable estimates from internal or secondary data. Excluded items include sponsorships, pension contributions, interest on loans, car rentals, and taxi transport unrelated to airport travel. Additionally, this assessment does not cover Scope 3, Category 15 (Investments).

Mobile combustion emissions were attributed to company-controlled vehicles. Purchased electricity and cooling emissions were estimated based on. Purchased goods, services, and capital goods emissions were estimated using a spend-based approach, adjusted for inflation and currency conversion and water consumption emissions estimated based on

Energy Consumption in GJ		2024
Fuel Consumption	Petrol	426.48
	Diesel	0.00
Electricity Consumption		411.55
Cool Air Consumption		526.96
Direct Energy Consumption		426.48
Indirect Energy Consumption		938.52
Total Energy Consumption		1,365

Waste Generation (tonne)		2024
Scope		2024

3.1 INTRODUCTION

International Holding Company ("IHC", "Company", "Group"), established in 1999, is one of the largest publicly listed holding companies globally, comprising 1,000+ subsidiaries, 80 joint ventures and associates with an international presence extending to 38 countries across five continents.

Aligned with 'Abu Dhabi's Economic Vision 2030' and the UAE's 'Next 50' development plans, IHC actively engages in and contributes to a wide range of industries, emphasizing future readiness, creativity, resilience, and strengthening value networks within a thriving ecosystem. IHC's strategy is driven by continually boosting innovation, sustainability, community development and economic growth throughout the markets

in which it operates, via tactical acquisitions of future-ready businesses, whilst maintaining a high level of due diligence.

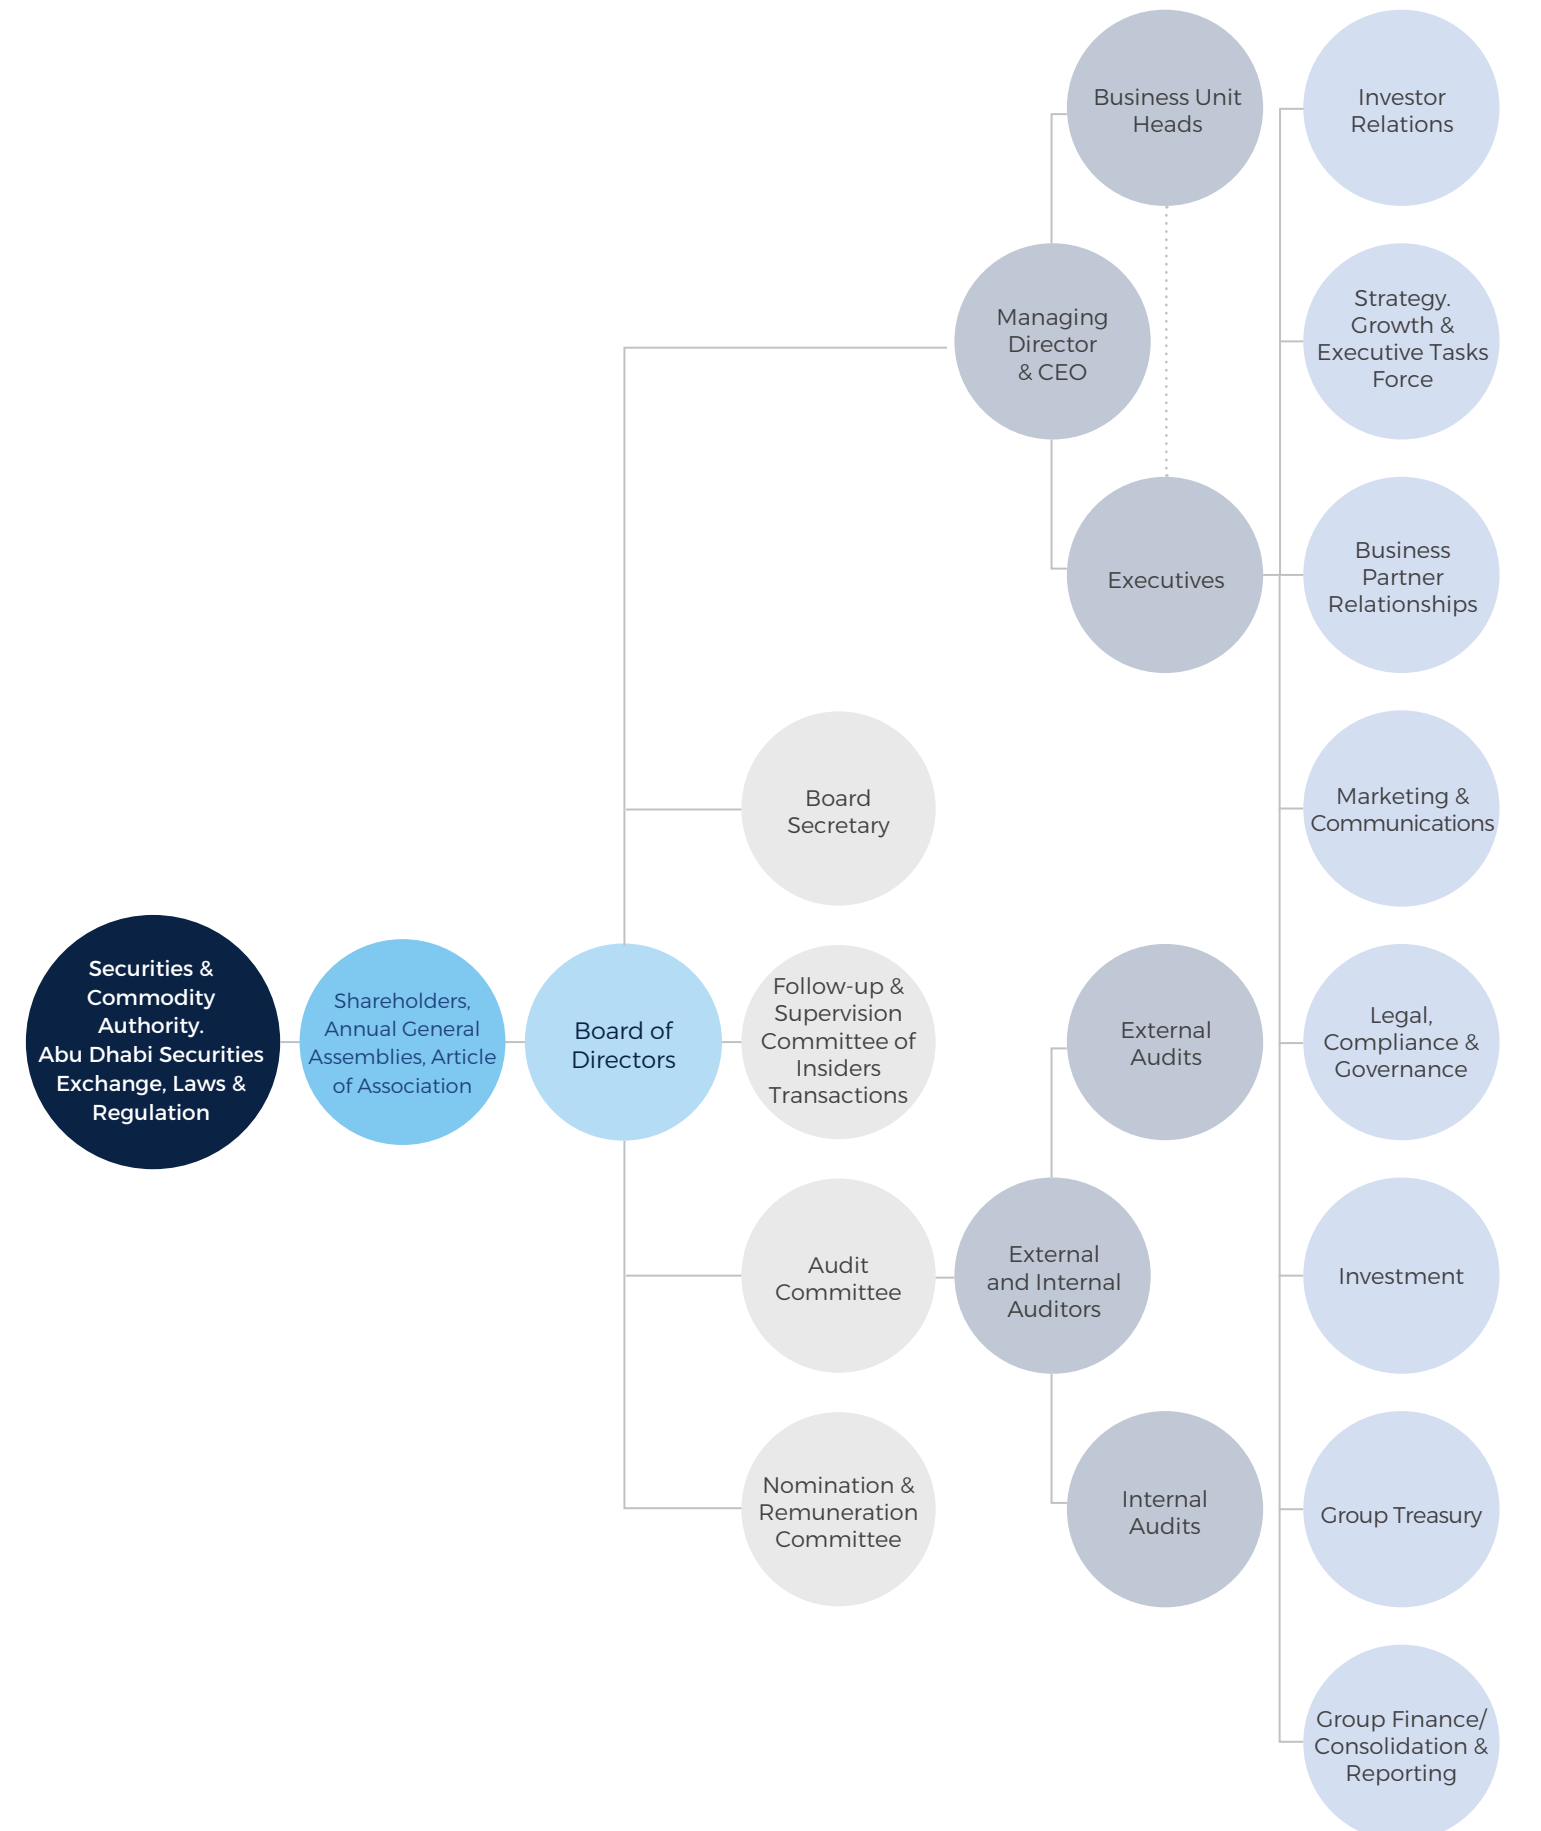

This report gives an overview of IHC's corporate governance systems and procedures as of 31st December 2024 and has been posted on the Abu Dhabi Exchange (ADX) website and the Group's website. This report is governed by the Resolution of the Board of the Securities and Commodities Authority (SCA) No. 3/Chairman of 2020 as amended from time to time along with transformative changes published under Securities and Commodities Authority's (SCA) Board of Directors Decision no. (2/RM) of 2024. The format of this report is as prescribed by SCA.

3.2 GROUP GOVERNANCE STRUCTURE

IHC Group has been organized into eight verticals and the operating business units (subsidiaries, joint ventures, and affiliates) have been grouped under one of these verticals for efficient operations as below:

IHC's Group Structure

Corporate Governance within IHC

The Shareholders are the ultimate decision-makers regarding the direction of the Company. The General Assembly Meeting is the highest decision-making body in the Company and is the forum in which shareholders exercise their right to decide on the Company's direction.

The Company is managed by the Board of Directors, which is comprised of five members, elected by the Ordinary General Assembly through secret ballot, for three years. The Board of Directors elects the Chairman and the Vice Chairman from among its members. The position of the Chairman of the Board of Directors and the position of the CEO & Managing Director is separate.

The Board of Directors (the "Board") and the management of IHC together with its subsidiaries, (the "Group") strive to attain and uphold a high standard of corporate governance and to maintain sound and well-established corporate governance practices for the interest of shareholders and other stakeholders including, but not limited to, customers, suppliers, employees, and the general public. The Company abides strictly by the governing laws and regulations of the jurisdictions where it operates and observes the applicable guidelines and rules issued by regulatory authorities. It regularly undertakes review of its corporate governance system to ensure it is in line with international and local best practices.

Role of the Board

The Board is responsible for the overall conduct of the Company's affairs and monitors the performance of the management. The Board has established a Charter, which among other matters, recognizes their role, responsibilities, functions, and powers, both collectively and individually. The Board's role and responsibilities as set out in the Board Charter include as follows:

The Board's Role and Responsibilities

- 01 Appointment of Chairman and Vice Chairman of the Board.
- 02 Reviewing Board composition and performance.
- 03 Approving the formation, dissolution, and performance of Board Committees.
- 04 Approve and monitor the Group's strategy (including subsidiaries), business plan, annual budget, and any amendments thereto.
- 05 Reviewing financial performance, considering the strategy, business plan, and budget of IHC, and ensuring that corrective action is taken where necessary.
- 06 Approving investment-related decisions on Mergers, Acquisitions, Restructuring and Divestments.
- 07 Establishing, promoting, and maintaining proper processes and controls to preserve the integrity of accounting and financial records and reporting.
- 08 Adopt appropriate internal control and risk management framework issued by The Committee of Sponsoring Organizations of the Treadway Commission (COSO) with respect to IHC's operations.
- 09 Approving the risk management framework of IHC, including risk appetite, maximum limits, or indicators of risk appetite, receiving regular reports from IHC management on all actual and anticipated strategic risks confronting IHC Group, including updates from the Audit Committee, as appropriate.
- 10 Adopting and overseeing the implementation of corporate governance practices.
- 11 Establishing and overseeing Subsidiary Governance
- 12 Recruitment, Termination, Reward, Compensation, and Benefit Matters for IHC CEO & Managing Director and Senior Management of IHC.
- 13 Determining and reviewing authorities delegated to the CEO & Managing Director.

The Board delegates and gives clear directions to the management as to their powers of management and the circumstances in which the management should report back or obtain prior Board approval. Management for this corporate governance report refers to the Company's CEO & Managing Director, Business Unit Heads and the Executives heading various functions within the Company. They are responsible for the day-to-day operations, management, and administration of the Group under the leadership of the CEO & Managing Director. The management provides periodical updates to the Board to enable Board members to discharge their duties more effectively. Members of our management are frequently invited to attend board meetings to report and engage in discussions with the board regarding strategy, budget planning, progress, and performance updates. All Board members also have separate and independent access to our management.

The Board has established committees, namely the Audit Committee, Nomination and Remuneration Committee and Follow-up & Supervision Committee of Insiders Transactions, to assist fulfilling out its responsibilities and to consider certain issues and functions in detail.

The Board is also responsible for ensuring that management maintains a system of internal control that provides assurance of effective and efficient operations, internal financial controls and compliance with laws and regulations. and has delegated the responsibility for oversight of the Internal Control to the Audit Committee. An outsourced service provider, performs internal control, risk assessment, and internal audit activities related to the Group's operating entities. The Audit Committee reviews the effectiveness of the outsourced service provider.

Delegation of Authority to the Board Members and Executive Management

There is a formal schedule of matters reserved for the Board's decision, which are specified in IHC's Delegation of Authority Policy Framework approved by the Company's Board of Directors in 2023.

IHC Board, through a Power of Attorney, has delegated the Chairman and Vice-Chairman to represent, attend, act, and sign (with wide authorities) on behalf of the Company, its subsidiaries and its affiliates in all matters, disposals, transactions, and other acts that each of the Company the subsidiaries and/or the affiliates may carry out or assume. The Power of Attorney is provided for three years (valid up to 10th May 2026) and is attested by the notary public.

The IHC Board, through a Power of Attorney, has delegated the CEO & Managing Director with the authority and powers necessary to implement the strategies approved by the Board and to manage the business affairs of the IHC Group within the policies and delegation limits specified by the Board from time to time. This Power of Attorney is provided for three years (valid up to 10th May 2026) and is attested by the notary public.

The CEO & Managing Director may further delegate authority to the Business Unit's management part of his authorities on operational matters necessary to run the business. The delegation of authorities has been affected through a notarized Power of Attorney. IHC Senior Management holds monthly meetings with business units to review the performance, discuss strategic issues and agree on action plans.

The Board's authority is outlined in the 2023 Delegation of Authority Policy

The Chairman and Vice-Chairman hold broad powers via a 3-year Power of Attorney

Corporate Governance Policies

The Company follows the Delegation of Authority Policy Framework approved by the Board in 2023 to ensure efficient and effective decision-making which balances empowerment against controls.

There are various other policies and guidelines listed below to promote and enhance higher corporate governance standards. The policies were also reviewed and updated in light of the changes introduced by SCA in January 2024. The updated policies are currently under review by the Board.

- Corporate Governance Manual covering the roles and responsibilities of all stakeholders involved in governance processes, including the General Assembly of Shareholders, the Board of Directors including the Chairman of the Board and Board Committees, CEO & Managing Director, Senior Management, Internal Audit/Internal Control, External Audit, Board and Committees Secretary and other stakeholders.
- Code of Conduct and Business Ethics to guide the conduct of Directors and Employees
- Board of Directors Charter for effective functioning of the Board.
- Charters for effective functioning of the Board Committees, namely Audit Committee, Nomination and Remuneration Committee and Follow-up & Supervision Committee of Insiders Transactions.
- Conflict of Interest Policy sets forth requirements for the avoidance and management of potential and actual conflicts of interest involving the Group.
- Anti-Fraud Policy to facilitate the development of controls that will aid in the detection and prevention of fraud and provide an overall framework for managing suspected cases of fraud.
- The Whistleblower Policy allows employees to, in confidence, report on matters where they feel malpractice is taking place or if ethical/integrity standards are being compromised.
- Disclosure and Transparency Policy provides guidelines to ensure that IHC makes timely and accurate disclosure on all material matters, including the financial situation, performance, governance, rules pertaining to disclosure of information, methods of classification of information, and the frequency of disclosure.
- Compliance Management Policy to promote a culture of good corporate governance and compliance practices, and gain assurance through its governance arrangements that the Group is in conformance with its legal and policy obligations.
- The Share Trading Policy covers the rules and guidelines for trading the Company's securities and handling insider information.
- The dividend Distribution Policy sets guidelines in relation the appropriation of profit and declaration / distribution of dividend for the Company and its subsidiaries.

During the year, the Company has also issued guidelines to all its Business Units for trading in the securities of the Business Units and handling insider information pertaining to the Business Units.

Subsidiary Governance

IHC Group has been organized into various sector focused verticals, and the operating business units (subsidiaries, joint ventures, and affiliates) have been grouped under one of these verticals for efficient operations. The Board recognizes that all the subsidiaries contribute to and are responsible in their respective areas the implementation of good Corporate Governance practices.

IHC's "Subsidiary Governance" process is as follows:

01

Establish strategic plans for subsidiaries and conduct a monitoring process to review actual performance vs strategic plan.

02

Independent boards and committees have been established to ensure the effective functioning and monitoring of the listed subsidiaries and affiliates.

03

For unlisted Subsidiaries, where IHC does not fully own the subsidiary, organizational governance is based on the shareholders' agreement or other constitutional documents applicable to the Subsidiary.

04

The Delegation of Authority Policy framework lists the matters reserved for IHC shareholders, the IHC Board, the Subsidiary Board/ IHC Managing Director & CEO (where the Subsidiary Board is not established) and subsidiary management.

05

IHC CEO & Managing Director with support from IHC executive management oversees operations of the Group. To the extent permissible, IHC CEO & Managing Director may delegate authority to the Business Unit Management in accordance with the Delegation of Authority Policy Framework.

3.3

BOARD OF DIRECTORS

The Board currently has five members, comprising an Independent Non-Executive Chairman, three Independent Non-Executive Directors and a Non-Independent Executive Director. The composition of the Board has remained consistent during the reporting period ended 31st December 2024.

The Board is committed to ensuring it is comprised of individuals with appropriate skills, experience, and diversity to develop and support the Company's vision and strategic objectives

Profile of Board Members

The table below shows the names, roles, experience, and capacities of the current Board of Directors.

His Highness Sheikh Tahnoon bin Zayed al Nahyan

Chairman, Independent/ Non-Executive

His Highness Sheikh Tahnoon bin Zayed Al Nahyan has been a pivotal figure in the United Arab Emirates' strategic development, holding key leadership positions across various sectors. Since April 2020, he has served as the Chairman of IHC, which under his tenure has expanded into one of the world's largest investment firms.

In March 2023, under the directive of UAE President His Highness Sheikh Mohamed bin Zayed Al Nahyan, Sheikh Tahnoon was appointed Deputy Ruler of Abu Dhabi and Chairman of the Abu Dhabi Investment Authority (ADIA), one of the world's largest sovereign wealth funds responsible for managing and diversifying Abu Dhabi's long-term financial assets.

His Highness also chairs ADQ, a strategic investment firm overseeing key economic sectors such as energy, mobility, healthcare, and food. Since January 2024, he has been Chairman of the Artificial Intelligence and Advanced Technology Council (AIATC), which regulates and develops AI and advanced technology policies, positioning Abu Dhabi as a global leader in the sector.

Beyond these roles, Sheikh Tahnoon chairs G42, a pioneering AI and cloud computing group driving innovation in healthcare, energy, sports, space technologies and smart city solutions, and MGX, an investment and technology company focused on AI, cybersecurity, and future mobility.

Since 2016, he has served as the National Security Adviser of the UAE, appointed by the late President His Highness Sheikh Khalifa bin Zayed Al Nahyan. In December 2020, he was appointed as a member of the board of the Supreme Council for Financial and Economic Affairs, overseeing Abu Dhabi's financial, investment, and economic affairs, including the management of natural resources.

Sheikh Tahnoon's leadership across these diverse sectors underscores his commitment to advancing the UAE's strategic interests and fostering innovation and economic development.

Dr. Mohamed Somar Ajalyaqin was appointed Vice Chairman of IHC in April 2020, bringing nearly two decades of exemplary business experience in strategic advisory roles across the UAE. He also serves as Chairman of Ghitha Holding PJSC and is a Board Director of 2PointZero.

Dr. Ajalyaqin's expertise in corporate strategy, mergers and acquisitions, and business growth initiatives has been integral to IHC's sustained success. His strategic insights at the Board level have played a crucial role in driving business acquisitions and identifying dynamic investment opportunities.

He holds a degree in DAA from Syria and continues to be a key figure in shaping IHC's expansion and investment roadmap.

Syed Basar Shueb is a dynamic and visionary leader with over two decades of diverse cross-sector expertise spanning manufacturing, construction, financial services, and investments. As CEO, Managing Director, and Board Member of International Holding Company (IHC), Syed Basar has been instrumental in transforming IHC into the most valuable holding company in the Middle East and one of the world's largest and fastest-growing investment firms.

Since assuming leadership in 2019, Syed Basar has driven IHC's remarkable ascent through strategic foresight, operational excellence, and bold investment decisions. Under his stewardship, the company has achieved exponential growth, strengthened its global presence, and built a diversified portfolio that spans multiple high-impact sectors. His ability to inspire teams, integrate businesses, and navigate complex markets has cemented IHC's position as a powerhouse in the global investment landscape. His leadership has been recognized by Forbes Middle East, ranking him 5th among the Top 100 CEOs of 2024 and 3rd among the Sustainability Leaders 2024 for Investment & Holding companies.

Before leading IHC, Syed Basar was Group CEO of PAL Group of Companies, where he spearheaded transformative growth across diverse industries. He was instrumental in pioneering large-scale district cooling projects, advancing robotics innovation through PAL Robotics, and driving key desalination initiatives, positioning the group as a leader in sustainable infrastructure solutions.

In addition to his leadership at IHC, Syed Basar holds key positions in several leading enterprises. He is Chairman of Multiply Group and Chimera Investments LLC and sits on the Board of Directors for Alpha Dhabi Holding (ADH), 2PointZero, and Invictus Investment PLC. He also serves as Vice Chairman of Reem Finance PJSC and is a member of the Board of Directors of the Abu Dhabi Chamber of Commerce and Industry, further strengthening his influence across the region's economic landscape.

A champion of strategic diversification, Syed Basar has driven IHC's expansion into key markets across the Middle East, Europe, and North America, positioning the company as a consistent top performer on the Abu Dhabi Bourse.

He holds a bachelor's degree in Computer Engineering from Near East University, Nicosia, Turkish Republic of Northern Cyprus.

Sofia Lasky was appointed to IHC's board in April 2020, bringing extensive expertise in asset management, mergers and acquisitions, private equity, portfolio management, alternative investments, valuation, capital markets, financing, and corporate structuring. With a 19-year tenure at Royal Group, she has played a pivotal role in scaling businesses across key industries.

She has led the acquisition of multiple companies across real estate, contracting, food processing, preventive healthcare, and capital investments, making a significant impact on the Royal Group's growth trajectory.

Sofia holds a bachelor's degree in Management Information Technology from the United Kingdom and serves on the Board of Directors of Alpha Dhabi Holding (ADH), Aldar Properties, 2PointZero, and the National Corporation for Tourism and Hotels. She has also previously been a Board Member of Macquarie Capital Middle East LLC.

Mohammed Nasser Al Shamsi was appointed as Board member of IHC in April 2020. Mohammed is an international Affairs Specialist at Presidential Level in the UAE Ministry of Presidential Affairs. His role involves managing the strategic relationships with foreign governments, diplomatic missions and international institutions.

Mohammed holds a bachelor's degree in Business Management from the United Arab Emirates University and began his professional career in 2010 at Abu Dhabi Police. There, he held several posts and played an active role in international relations.

Mohammed is also a Board Member of the Abu Dhabi Stem Cell Centre, Rabdan Petroleum Trading and TALC Investments.

Diversity - Women's representation on the Board of Directors 2024

In keeping with the Company's commitment to gender diversity, IHC is proud to have one female representation on the Board. IHC actively seeks to recruit more female employees across all areas of the Company's operations.

The Board Secretary

The Board Secretary is the point of communication with the Board of Directors and senior management and plays a key role in the administration of important corporate governance matters.

Ms. Linda Ballout, IHC's Investor Relations Officer, has been Board Secretary since 2020. Linda reports to the Board in relation to all secretarial responsibilities

The Board Secretary has the following key responsibilities:

- Working closely with the Board of Directors and Executives in the planning of Board of Directors' and Board Committee meetings as well as the mechanism of meetings (attendance, conference calls, virtual/online attendance etc.)
- The creation and timely distribution of the agenda for Board meetings as well as General meetings.
- Recording and distributing the minutes of the Board of Directors/Committees' meetings.
- Maintaining a full contact list of Board Members, including Board Members' appointment dates, terms of appointments and Board Member biographies.
- Updating, maintaining, and securing safe storage of the minutes and other legal/related documents.
- Knowledge of the meeting procedures, decision-making rules, and governance policies.
- Providing regular disclosures/announcements on the Board Meetings' results and financial decisions.
- Managing external correspondence and ensuring that requests made by the Board of Directors, or that are relevant to the governance of the Company, are reported and responded to in a timely manner.
- Preparing presentations and other communication materials for meetings.
- Maintaining the information and data disclosed to regulators, markets, or the public, and those posted on the Company's website.
- Managing all formal correspondence.
- Assisting in the preparation and review of key regulatory filings, corporate annual reports, and other reports, as well as other announcements regarding material events.

Key Focus Areas for the Board During 2024

During 2024, the Board of Directors focused and made decisions on various areas as below:

- Approved the initiation of the transfer of 2PointZero, next generation Holding Company comprising several diverse and dynamic companies, to IHC.
- Appoint 'Aiden Insight' as an Artificial Intelligence Board Observer offering real-time insights to inform discussions and guide decisions.
- Endorsement of AED 5 billion Annual Share Buyback Program, subject to regulatory and shareholders' approvals.
- Approved the Annual Budget and Business Plan.
- Acquisitions of various strategic investments including investments outside UAE.
- Review and approval of Quarterly and Annual financial statements.
- Reviewed updates from the Management on Group performance.

The Board and its Committees annually assess their performance to ensure that it operates effectively and identify areas where the Board and Committee contribution may be further optimized. Based on the individual evaluation performed by the Board Members, the Board believes that it is functioning effectively in discharging its duties towards the shareholders.

Transactions of the members of the Board of Directors, their spouses, and their children, in Company Securities During the year 2024

3.4

BOARD OF DIRECTORS COMMITTEES

Audit Committee

It is the responsibility of the Committee to provide the board with independent, objective advice on the adequacy of management's arrangements with respect to the following key aspects of the management of the organisation.

An annual report on the activities of the Audit Committee is prepared and signed by the chairwoman of the Audit Committee. The Audit Committee report is included as an independent report in Corporate Governance Report.

Audit Committee chairwoman's Acknowledgment

The Chairwoman of the Audit Committee acknowledges responsibility for discharging the Audit Committee's mandate across the Group, including reviews of its work mechanism, and ensuring its effectiveness in line with the approved charter of the Audit Committee.

Members of the Audit Committee as of 31st December 2024

#	Name	Title	Category
1	Ms. Sofia Abdellatif Lasky	Chairwoman	Non-Executive / Independent
2	Dr. Mhd Somar Ajalyaqin	Vice Chairman	Non-Executive / Independent
3	Mr. Mohammed Nasser Al Shamsi	Member	Non-Executive / Independent

Audit Committee Functions

Financial Reporting

- Monitoring the integrity of the financial statements of the Group as well as reviewing significant financial reporting judgments that they include.
- Review with the management and the external auditors all significant matters including audit opinions on the quarterly, half-yearly (as applicable) and year-end financial statements and recommend their adoption by the Board.
- Monitor compliance with financial reporting standards and regulatory requirements.
- Review significant accounting and reporting issues.

Compliance Monitoring

- Monitor the status of IHC's compliance with applicable laws, regulations, and agreements.
- Review the related parties' transactions with the Company, ensure that there is no conflict of interest, and recommending them to the Board of Directors before their conclusion.

Corporate Governance

- Oversee and monitor the implementation of the corporate governance framework within IHC and ensure compliance with the regulatory requirements.
- Review and recommend to the Board the Annual Governance Report submitted to the regulatory authorities.

Internal Control and Risk Management

- Monitor the effectiveness of internal control over financial reporting, including obtaining a separate report from the external auditor to assess the Company's internal control systems and their alignment with the internal control framework and take necessary action on deficiencies highlighted by the auditor.
- Ensure that an annual review of the internal control system is performed to determine the overall adequacy and effectiveness of the IHC Internal Control System.
- Consider the effectiveness of IHC's risk management processes and internal control systems, including information systems, and technology security and control.
- Review the assessment and responses to the risk of fraud, particularly management fraud, as this typically involves overrides of internal controls.

Group Internal Audit

- Review and approve audit plans, budget, staffing, and organisational structure of the Internal Audit Function and related Internal Control activities.
- Review the appointment, resignation or dismissal of the Internal Audit Staff and the Internal Audit provider, in case of an outsourced service provider.
- Review all reports submitted to the Committee by the Internal Audit Function and monitor management response and reaction to the findings and recommendations. Ensure that control weaknesses, non-compliance with policies, laws and regulations and other problems identified by internal auditors are adequately and timely addressed by Executive Management.
- Review the performance of the Internal Audit Function/ Outsourced Internal Audit service provider (as applicable) and evaluate its performance on an annual basis.
- Report to the Board all matters presented to the Audit Committee by the Internal Audit Function/Outsourced Internal Audit service provider.

External Audit

- Oversee and make recommendations on the appointment of external auditors to the Board, their fees, and any questions relating to their resignation or removal.
- Approving external auditors' terms of engagement, including any engagement letter issued at the start of each audit and the scope of the audit.
- Assessing annually their independence and objectivity, considering relevant professional and regulatory requirements and the relationship with the auditor, including the provision of any non-audit services.
- Meet regularly with the statutory auditor to discuss the auditor's remit and any issues arising from the audits.
- Ensure that Senior Management is taking necessary corrective actions to address the findings and recommendations of statutory auditors in a timely manner.

Nomination and Remuneration Committee

Nomination and Remuneration Committee Chairman’s Acknowledgment

The Chairman of the Nomination and Remuneration Committee acknowledges responsibility for discharging the Nomination and Remuneration Committee’s mandate across the Group, reviewing its work mechanism, and ensuring its effectiveness in line with the approved charter of the Nomination and Remuneration Committee.

Members of Nomination and Remuneration Committee as of 31st December 2024

Name	Title	Category
01 Dr. Mohamed Somar Ajalyaqin	Chairman	Independent, Non-Executive
02 Ms. Sofia Abdellatif Lasky	Vice Chairwoman	Independent, Non-Executive
03 Mr. Mohammed Nasser Alshamsi	Member	Independent, Non-Executive

Committee Functions

- Proposing policies and criteria for membership on the Board and Senior Management. The policy shall consider gender diversity, and encourage women’s active participation.
- Identifying individuals qualified to become Board Members, consistent with criteria approved by the Board, and to recommend to the Board of Director nominees in the next general meeting of shareholders.
- Regularly review the structure, size, and composition (including the skills, knowledge, and experience) required of the Board relative to its current position and make recommendations to the Board with regard to any changes.
- Continuously ensure that independent Directors remain independent throughout the term of their office.
- Develop, oversee and recommend necessary actions to the Board for the annual self-evaluation of the Board, individual Directors, Board Committees and Executive Management.
- Review and recommend remuneration proposals for the Board of Directors.
- Identifying the competencies required for Senior Management and the basis of their selection.
- Considering succession planning for Directors and other senior executives in the course of its work, considering the challenges and opportunities facing the Group, and what skills and expertise are therefore needed on the Board in the future.
- Periodically review the remuneration practices ensuring the correlation between remunerations and bonuses, including any other deferred options and remunerations and benefits offered to the performance of the company.
- Periodically reviewing executive compensation trends and policies at peer groups of companies and making relevant modifications to its policies and procedures to consider market practice.
- Overseeing any major changes in employee benefit structures throughout the Group.

Follow-up & Supervision Committee of Insiders Transactions

The Board of Directors has formed a committee to manage, follow up on, and observe insider transactions, maintain their register, and submit statements and periodic reports to the market.

Follow-up & Supervision Committee of Insiders Transactions Chairman’s Acknowledgement

The Chairman of the Follow-up & Supervision Committee of Insiders Transactions acknowledges responsibility for the committee system in the Company, reviewing its work mechanism and ensuring its effectiveness.

Members of the Follow-up & Supervision Committee of Insiders Transactions as of 31st December 2024

Name	Committee Position	Position according to Organizational Chart
01 Mr. Syed Basar Shueb	Committee Chairman	CEO & Managing Director
02 Mr. Mohammed Nasser Al Shamsi	Member	Board Member Member - Audit Committee Member - Nomination and Remuneration Committee
03 Mr. Fawad Zahid	Member	Group Finance Controller - International Holding Company PJSC

Committee Functions

- Guiding the Board and Senior Management on insider trading.
- Evaluating where an employee or third party (such as the Group's auditors, bankers, lawyers, outsourced employees, professional advisors etc.) may be classified as an insider based on direct or indirect access to "inside information" which may affect the Group's share price, and/or any trading in Group's shares either directly or through others.
- Maintaining an Insiders Register (both permanent and temporary insiders) and submitting the register to ADX on a periodical basis. The register shall include necessary data of the insiders, the number of securities traded in the sale and purchase during the year, the dates of execution of trading operations, and other relevant data.
- Providing effective communication with ADX/SCA regarding closed periods, temporary suspension of trading and insider trading.
- Reporting to the Board on an annual basis on all compliance with the regulatory requirements, exceptions noted, and actions taken to address the exceptions.

Summary of The Committee Work During the Year 2024

The Committee reviewed the rules of dealing for controlling private transactions of conversant people and reviewed the mechanism for keeping related records. In addition, the Committee followed all necessary procedures to ensure the highest levels of compliance with legislation and best practices for corporate governance.

The Committee's Chairman also issued a memo on 23rd December 2024 to all the Business Units of the Company outlining the rules and guidelines for trading in securities of the Business Units and handling of insider information by the covered persons.

3.5 EXECUTIVE MANAGEMENT

The following table lists Senior Executives in the Group, their designations, appointment dates and total salaries, allowances & bonuses paid to them during the year 2024:

Position	Appointment Date	Total salaries and allowances paid during the year 2024	Total bonuses paid during the year 2024	Any other bonuses to be paid in the future for the year 2024
		- in UAE Dirhams	- in UAE Dirhams	- in UAE Dirhams
Executive Board Member, CEO & Managing Director	29/07/2019	AED 3,850,000	-	-

3.6 RELATED PARTIES TRANSACTIONS

The Company has entered into transactions with companies and entities that fall within the definition of a related party under the Corporate Governance Code or the International Accounting Standards 24: Related Party Disclosures. The nature of such transactions relate to the Company's normal course of business and details of such transactions are disclosed in note 37 of the Company's 2024 audited financial statements.

The Company did not conduct transactions with any related parties amounting to 5% or more of Company's capital for the year 2024.

3.7 RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM

The Board of Directors acknowledges its responsibility for the Company's risk management and internal control system, its review, and its effectiveness.

Risk Management

Risk Management is the responsibility of the Board and is integral to the achievement of the Company's strategic objectives. The Board is responsible for establishing the system of risk management, setting the risk appetite of the Group and maintaining a sound internal control system. The Group Audit Committee oversee the risk management process and assesses the effectiveness of risk management within the Group.

At the IHC level, the risk comes from making a wrong investment. IHC uses external consultants to conduct third-party financial and legal due diligence, necessary internal reviews, and approvals before making any investment. Further, there exists a risk in IHC's exposure to its subsidiaries which are publicly traded companies in ADX. The publicly listed companies fall under the supervision of the UAE's Securities and Commodity Authority all of which have respective Boards that ensure and oversee the management of their respective risks.

The Group's business has now been structured into different verticals based on sectors/industries and operating businesses have been categorized into one of these verticals. The Risk Management responsibility and accountability, therefore, is vested in vertical management/business unit management structures. Any risk taken is considered within the scope of the Group's risk appetite and tolerance levels, which are reviewed annually by the IHC Board.

IHC has partnered with Teneo to develop a robust Crisis Communications Playbook, including the Crisis Communications Rapid Response Guide, tailored to safeguard IHC's reputation and ensure preparedness for addressing critical issues and crises. This engagement highlights IHC's proactive approach to mitigating reputational risks and operational disruptions, aligning with its core values and strategic objectives.

Internal Controls

The Board is responsible for establishing and maintaining an effective system of internal control and has established a control framework within which the Group operates. The objective of the Group's **Internal Control Framework** is to ensure that appropriate internal controls are established, adequately documented, maintained, reviewed, and adhered across the Group within its normal management and governance processes. Further, maintain the integrity of financial statements and non-financial information and secure reasonable assurance that the Company's financial statements are reliable and address risks, if any, related to financial reporting.

This system of internal control is embedded in all key operations and is designed to provide reasonable assurance that the Group's business objectives will be achieved.

The Audit Committee reviews the effectiveness of the system of internal controls in accordance with its remit.

The Board of Directors' Acknowledgement of its Responsibility for the Internal Control System and its review and effectiveness

The Board of Directors acknowledges its responsibility for the Company's internal control system and its review and effectiveness.

Internal Control Department In-charge's Profile

In order to adapt to the changing needs of the organisation and to enhance assurance over internal controls and risk management, the Company has continued to outsource the internal audit function during 2024 to the Protiviti business consulting firm (see below), reporting functionally to the audit committee.

Considering regulatory requirements and the nature of business complexities, where appropriate subsidiaries that have their own Board and are publicly traded have setup independent internal control function within the respective units reporting to their respective Audit Committee and / or Board.

Protiviti Profile

Protiviti (www.protiviti.com) is a global consulting firm that delivers deep expertise, objective insights, a tailored approach and unparalleled collaboration to help leaders confidently face the future. Protiviti and its independent and locally owned member firms provide clients with consulting and managed solutions in finance, technology, operations, data, analytics, governance, risk, and internal audit through their network of more than 90 offices in over 25 countries.

Named to the Fortune 100 Best Companies to Work For® list for the 10th consecutive year, Protiviti has served more than 80% of Fortune 100 and nearly 80% of Fortune 500 companies. The firm also works with smaller, growing companies, including those looking to go public and with government agencies. Protiviti is a wholly owned subsidiary of Robert Half (NYSE: RHI). Founded in 1948, Robert Half is a member of the S&P 500 index.

Protiviti has strong presence in the Middle East Region with offices in Abu Dhabi, Bahrain, Dubai, Egypt, Kuwait, Oman, Qatar, and Saudi Arabia. Protiviti employs over 700 people in the region, giving access to a large pool of skilled and qualified professionals. It is also the largest employer of risk

advisory and internal audit professionals. With specialists and multilingual teams having global as well as regional experience, Protiviti is amongst fastest-growing business advisory firms in the region.

The outsourced Internal Audit Function governs itself by adherence to the Institute of Internal Auditors' mandatory guidance, including the definition of internal auditing, the code of ethics and the international standards for the professional practice of internal auditing (standards).

Working Mechanism of the Internal Control Department

The Board of Directors' Audit Committee establishes the Internal Control Department (ICD). The Audit Committee defines the department's responsibilities as part of its oversight role.

The objective of the ICD is to provide independent assurance and consulting services through a systematic approach to improving the effectiveness of risk management, internal control, compliance, governance process, and the integrity of the Group's operations.

The audit plan is derived from an independent risk assessment conducted by the outsourced Internal Audit team to identify and evaluate risks associated with the execution of the company strategy, operations, and processes. The plan is designed to address the most significant risks identified within the Group and its business areas. The audits are executed using a methodology for evaluating the design and effectiveness of internal controls to ensure that risks are adequately addressed, and processes are operated efficiently. Opportunities for improving efficiency in the governance, internal control and risk management processes identified in the internal audits are reported to responsible business unit management for action. A summary of audit results is provided to the Audit Committee, as well as the status of management's implementation of agreed actions to address findings identified in the audits.

In 2024, the outsourced Internal Audit team and the audit teams of various subsidiaries issued 99 reports. During the year, no significant operational internal control failures were identified. However, process level improvements were identified and accepted by management for implementation towards the continuous improvement of internal controls of the Group.

Presently, Mr. Farooq is serving as the Group Head of Legal for IHC. Since assuming the role, Mr. Farooq has successfully advised and ensured the completion of a substantial number transactions (local and cross-border), projects, and listings on capital markets that have contributed to the unparalleled growth of IHC Group.

Mr. Farooq is a dual-qualified lawyer in the jurisdictions of Pakistan and England & Wales.

Compliance

Mr. Daud Bin Farooq heads the Compliance function within the Company. With a career span of over 16 years, Mr. Farooq has diverse legal experience in several jurisdictions, including UAE. His expertise extends across diverse legal sectors, including Mergers and Acquisitions, Projects (incl. Energy, Mining and Real Estate Development), Capital Markets, Corporate Governance and Restructuring along with Strategic advice to key Stakeholders, Board Members and Senior Executives.

3.8

EXTERNAL AUDITOR

Brief about the Company's External Auditor

Ernst & Young (EY) was appointed as the company's external auditor for the fiscal year 2024, 6th year in succession. Ernst & Young has a presence and operations in more than 150 countries which are organized into three areas - the Americas, Asia-Pacific and EMEIA - and further divided into regions. It has been operating in the MENA region for more than 90 years and in the UAE since 1966. All their personnel work in

one of their service lines; Assurance, Advisory, Tax, Transaction Advisory Services (TAS), or in Core Business Services (CBS) which provides internal operational support such as HR and EY Technology.

Mr. Anthony O'Sullivan has been the Engagement Partner for IHC since 2022.

The scope of the audit for the financial year 2024 is as follows:

<p>01</p> <hr/> <p>To provide an audit opinion on the annual consolidated financial statements in accordance with International Financial Reporting Standards.</p>	<p>02</p> <hr/> <p>To provide an audit opinion on the financial statements of all subsidiaries of the company in accordance with International Financial Reporting Standards; and</p>	<p>03</p> <hr/> <p>To provide a review of quarterly interim condensed consolidated financial statements in accordance with International Accounting Standard (IAS) 34, "Interim Financial Reporting".</p>
---	--	--

External Audit fees, Services & Costs

Below are the details and breakdowns of the external audit costs paid during 2024:

- The External Audit Services fees of E&Y for 2024 amounted to AED 1,732,500. These fees are against annual audit and interim review of financial statements of IHC and its subsidiaries.
- The fees for services, which were delivered to the Company in 2024 by other audit firms (other than the Company's auditors) amounted to AED 27,551,577. These fees were against advisory services, namely Outsourced Internal Audit Services, Finance and Accounting Outsourcing Services, Outsourced Corporate Governance Services, Outsource Taxation Services, Purchase Price Allocation and Due Diligence Services (Financial and Legal) for various acquisitions by IHC.

The firms, which delivered these services were as follows:

Protiviti Middle East	WTS Dhruva Consultants	Brunswick FZ LLC	AZB & Partners Advocates & Solicitors
Acquara Management Consultants	Renoir Consulting	Rubikz Consulting FZCO	Teneo Strategy UAE Limited
Ardent Advisory and Accounting LLC	Norton Rose Fulbright	Weber Shandwick FZ LLC	Freshfields Bruckhaus Deringer
Adsero - Ragy Soliman & Partners	Hadef and Partners	Emirates Chartered Accountants Group	Angel Lane Partners Limited
Oliver Wyman Actuarial Consulting	Edelman FZ LLC		

External Auditor's Opinion on the Financial Statements

The Company's external auditor did not have any reservations about any item in the interim and annual financial statements during 2024.

3.9 VIOLATIONS COMMITTED BY THE GROUP DURING THE YEAR 2024

During 2024, the Group was not subject to any material fines or penalties imposed by SCA or any statutory authority on any matter related to capital markets. Additionally, there have been no cases of material non-compliance with any applicable rules and regulations.

3.10 CORPORATE SOCIAL RESPONSIBILITY

IHC continues its journey as a responsible holding company by embracing "Societal Benefit" as its key pillars and contributing to Corporate Social Responsibility (CSR) practices. These efforts combine impactful initiatives across healthcare, education, sustainability, volunteering, and sponsorships. In 2024, IHC's CSR initiatives, across the Group focused on the following areas as below.

IHC's CSR initiatives

Health and Wellness

Employee Health and Well-being:

Prioritizing employee wellness, IHC conducted workplace yoga and meditation sessions during work hours, designed to alleviate stress and boost employee morale. It conducted a half-year bloodwork drive to identify key stress markers for all employees, in partnership with its associate, PureHealth and educated stress management principles and emotional well-being through its subsidiary, Sanimed. LVL Wellbeing, part of IHC through Multiply Group, won the prestigious 'Best Workplace Experience Solution' award at the CBRE MENA Supplier Partner Innovation Challenge 2024 in Riyadh, recognizing its innovative physical and virtual well-being spaces.

Healthy Lifestyle Promotion:

Active Abu Dhabi, a partnership between Emirates Foundation and PureHealth, launched a campaign to promote fitness and wellness through community sports and fitness activities. This initiative encouraged healthier lifestyles and fostered a sense of community.

Sponsorships

Key Sponsors of UAE Team Emirates in Cycling:

Our partnership with UAE Team Emirates underscores our commitment to excellence in global sports. By supporting this team, we promote the UAE's prominence in international cycling while encouraging active lifestyles and inspiring communities to pursue athletic achievement.

Main Sponsors of UAE Team ADQ in Women's Cycling:

Through UAE Team ADQ, we champion gender diversity in sports and create opportunities for women to excel at the highest levels of competition. This partnership reflects our dedication to fostering inclusivity and empowering women across all domains.

Food Security

Mawarid Holding, an IHC subsidiary through Alpha Dhabi Holding, partnered with Plenty Inc. to establish the first commercial-scale vertical strawberry farm outside North America. This innovative facility is set to produce 2 million kilograms of strawberries annually, strengthening food security and promoting sustainable farming in the UAE.

IHC further amplified its outreach by engaging with prominent partners like the Emirates Red Crescent, Ma'an, and the National Food Loss and Waste Initiative (Ne'ma), contributing to sustainable development and impactful change. The total community investment for 2024 surpassed **AED 36 million**, underscoring IHC's unwavering commitment to CSR.

Educational Outreach

Aldar, a key IHC subsidiary, organized a large-scale community initiative where 100 employees packed 10,000 school kits for children from low-income families. Since 2017, Aldar has invested over AED 250 million in impactful social programs, furthering its commitment to education and community development.

3.11 SUSTAINABILITY

IHC's sustainability efforts in 2024 showcased its leadership in innovative practices that align with environmental and social goals.

The Group's initiatives spanned diverse industries and included:

Industry 4.0 Certification

NMDC Energy was officially certified as an Industry 4.0 Digital Leader by the UAE Ministry of Industry and Advanced Technology. The certification highlights NMDC's application of advanced technologies, such as AI-driven connected workers, augmented reality systems, digital twins, and remote vehicles, to improve project precision and efficiency.

Sustainable Event Infrastructure

Arena UK adopted the use of responsibly sourced Hydrotreated Vegetable Oil (HVO) during peak seasons, cutting down 700 tons of CO2e emissions. Additionally, 4.1 tons of wire mesh were recycled and prevented from reaching landfills, demonstrating IHC's commitment to sustainable event management.

Sustainability Learning Programs

Sirius International Holding engaged staff and partners in sustainability learning programs led by its subsidiary S3. These programs covered critical areas such as methane, carbon, circularity, and water management, empowering participants to contribute to sustainable practices.

Green Maritime Transport

Al Seer Marine secured AED 863 million in financing for eco-friendly Very Large Gas Carriers (VLGCs) in partnership with BGN. These vessels are designed to improve fuel efficiency and reduce emissions, marking significant progress toward sustainable maritime transport.

Circular Economy Initiatives

Rebound, an IHC subsidiary played a critical role in advancing circular economies by recycling plastic waste into usable products. In collaboration with Dubai Municipality, Rebound, turned 3 tons of plastic bottles into vibrant furniture. It processed 5 tons into high-quality recycled rPET, resulting in a reduction of 4.8 metric tons of CO2e emissions. These efforts significantly advanced the principles of circular economies within local communities. Further, workshops and awareness programs educated employees and communities on the importance of sustainability.

Marine Ecosystem Protection

NMDC, in partnership with the Environment Agency, introduced specialized beach-cleaning machines with hydraulic arms. These machines efficiently collect waste and debris from the surface, contributing to the safeguarding of marine ecosystems.

Through these initiatives, IHC continues to lead by example, integrating sustainability into its business strategy and setting a benchmark for ESG excellence.

IHC has hired an external consultant to assist the Board in the development of a Sustainability Report for 2024. Details about the sustainability initiatives are provided in IHC's Environmental, Social and Governance report which is part of the Integrated Report.

INITIATIVES AND INNOVATIONS DURING 2024

IHC Integrates Aiden Insight AI to Enhance Corporate Strategy

The International Holding Company (IHC) has integrated Aiden Insight, an AI-powered virtual entity, as a Board Observer, setting a new benchmark for AI in corporate strategy. It debuted at the May 6th, 2024, Board Meeting, Aiden analyzed decades of data, offering actionable insights and predictive analyses that helped IHC's leadership make informed decisions, manage risks, and identify opportunities.

Aiden's data-driven contributions, aligned with IHC's values of innovation and sustainability, significantly enhanced strategic planning and decision-making, marking a milestone in corporate governance.

IHC conducts Group-wide Tax Awareness Workshop

The Tax Consultant, WTS Dhruva, led a group-wide tax workshop to discuss recent tax developments, registrations, and the implementation of a tax system that enhances reporting and compliance.

MULTIPLY GROUP

Multiply Media Strengthens Leadership in the UAE's DOOH Market

Multiply Media is leveraging advanced technology and strategic partnerships to maintain its dominance in the UAE's programmatic DOOH market. The company has expanded its 299-screen portfolio with 20 new digital assets in Abu Dhabi and adopted AI for automated ad buying, attracting global clients.

Its Innovation Lab explores technologies like 3D-enabled content, AR, and gamification, while a 124% YoY profit surge in Q3, driven by BackLite Media's integration, underscores its growth. BackLite Media further transformed Abu Dhabi's advertising landscape with a 3D-enabled premium DOOH screen at The Galleria.

A new partnership with VIOOH brings the global DOOH platform to the Middle East, enhancing Multiply Media's presence across Dubai and Abu Dhabi. This collaboration connects advertisers with local and international audiences, cementing its role as a technology-driven industry leader.

PAL Cooling Holding Sets Benchmark in Sustainable Cooling Solutions

PAL Cooling Holding (PCH), a subsidiary of Multiply Group and a leader in district cooling solutions in the UAE, has completed a groundbreaking project emphasizing advanced technology and sustainability.

The Danat Development Cooling Plant features a cutting-edge, fully automated control system that leverages analytics for enhanced operational efficiency. The plant is equipped with green refrigerant chillers using hydrofluoro-olefins (HFOs), ensuring zero ozone depletion and an ultra-low global warming potential.

This innovative project underscores PCH's commitment to sustainability while setting a new standard for environmentally conscious cooling solutions in the region.

Emirates Driving Advances Driver Education with Innovation and AI

Emirates Driving, a subsidiary of Multiply Group, has signed an MOU with AV Living Lab, a leader in AI-driven mobility solutions, during a ceremony attended by Slovenian President Dr. Nataša Pirc Musar and Ambassador H.E. Natalia Al Mansour. This partnership aims to revolutionize driver education and recruitment with AI technologies, supporting Abu Dhabi's 'Vision Net Zero Development Project' and enhancing global road safety standards.

Additionally, Emirates Driving has launched advanced training simulators featuring ultra-high-definition graphics, eye-tracking, physiological sensors, and local sceneries, creating an immersive and realistic learning environment. These innovations reflect the company's commitment to cutting-edge technology and excellence in driving education.

PureHealth Launches AI-Enabled PURA App to Revolutionize Healthcare

PureHealth has launched the AI-powered PURA app, which now features a Diabetes Care Module that transforms glucose management. The module offers real-time glucose monitoring, empowering patients to take control of their health while enabling secure data access for healthcare providers, and enhancing visibility and diagnostics.

Integrating advanced AI with traditional healthcare practices, PURA consolidates data from various sources, including wearable devices. This comprehensive digital platform helps individuals take proactive steps toward better health, well-being, and longevity, revolutionizing healthcare management.

Al Seer Marine Advances Innovation and Sustainability in the Maritime Industry Solutions

Al Seer Marine, in partnership with CEAD Group, continues to lead the future of boatbuilding by implementing Industry 4.0 principles with AI and innovative technologies. Their collaboration also includes Emirati training programs to ensure seamless adoption of modern technologies in the UAE production line.

The company has manufactured the world's first Electric Abra for the Roads and Transport Authority (RTA), blending traditional design with 3D printing, reducing manufacturing time by 90% and costs by 30%. Additionally, Al Seer Marine secured a Sharia-compliant syndicated loan of AED 863 million with ADIB to construct energy-efficient, eco-friendly Very Large Gas Carriers, setting new standards for sustainable maritime solutions.

EasyLease Transforms Fleet Management with IoT Technology

EasyLease's 'Connected Mobility' is revolutionizing fleet management by integrating IoT technology. This innovation provides real-time data, instant updates, and on-road assistance via dedicated apps. The IoT integration enhances control, boosts efficiency, and ensures seamless fleet management, transforming each journey into a smarter, more connected experience.

Apeiro Revolutionize Healthcare Management

Apeiro, a dynamic new subsidiary, aims to transform how governments manage healthcare. Focused on digitalizing healthcare systems, Apeiro is committed to delivering financially sustainable and equitable high-quality care. By embracing technology and innovative solutions, Apeiro's mission is to pave the way for more efficient and accessible healthcare, with the vision of "Enabling Digital Healthcare for All."

NMDC Energy Showcases Cutting-Edge Technologies at ADIPEC

NMDC Energy is using ADIPEC to highlight its latest innovations, focusing on workplace safety and operational efficiency. The company's Connected Workforce solution uses wearable devices to monitor movements and detect incidents, alerting HSE teams for immediate response. Other key technologies include the Blind Spot Detector for heavy machinery, the Site Safety Analyzer with AI cameras, and augmented reality systems for project planning. Digital twin technology for asset monitoring and optimization will also be featured.

Additionally, NMDC Energy announced the opening of its Ras Al Khair yard in Saudi Arabia in 2025, alongside a significant investment in its Mussafah yard to enhance sustainability and capacity.

Burjeel Holdings Launches New Cancer Institute in Abu Dhabi

Burjeel Holdings has launched the Burjeel Cancer Institute (BCI) in Abu Dhabi, consolidating its cancer care network across the UAE. The state-of-the-art, four-story facility offers private chemotherapy suites, specialty clinics, and a dedicated breast cancer unit. BCI provides treatments including targeted therapy, precision medicine, and advanced services like SRS and SBRT. The Institute shall focus on integrating cutting-edge diagnostic tools, such as NGS and droplet digital PCR, to enhance patient care and quality of life.

Presight and Esyasoft Form Joint Venture IntelliGrid to Revolutionize Energy Sector

Presight, a leader in big data analytics powered by Generative AI, and Esyasoft, an International Holding Company (IHC) entity, has announced a new joint venture, IntelliGrid, during the Baku Energy Week. Based in Abu Dhabi, IntelliGrid will deploy smart gas grids, advanced metering, IoT devices, and AI platforms. The partnership aims to create efficient, sustainable energy solutions for electricity, water, and gas management.

Aldar Properties Partners with Siemens to Create Smart Urban Living at Saadiyat Grove

Aldar Properties has partnered with Siemens to develop Saadiyat Grove into a global model of smart urban living. The project will be announced at the World Future Energy Summit and will feature the UAE's first cloud-based district management system using Siemens' Xcelerator and Building X platform. The system will incorporate AI, IoT sensors, and advanced energy analytics to reduce emissions, optimize efficiency, and enhance residents' well-being. This collaboration sets a new standard for sustainable, smart living in Abu Dhabi's Cultural District.

Report from the Chairwoman of the Audit Committee

On behalf of the Audit Committee ("Committee"), I am pleased to present the Audit Committee report for the year ended 31 December 2024. The report outlines how the Committee discharged its duties outlined in Section 3.4 of Corporate Governance Report: Board of Directors' Committees - Audit Committee.

The Audit Committee met seven times in 2024 and attendance at these meetings are outlined in the table below.

Key Executives and Senior Management personnel attended the Audit Committee meetings along with the Company's External Auditor/Internal Auditor and provided inputs to the Audit Committee on relevant matters including the integrity, effectiveness, and accuracy of the Company's consolidated financial statements and reports, the performance & effectiveness of the Company's internal controls, audit, financial reporting, and financial risk management.

Based on input and presentations from relevant key stakeholders and Senior Management, the Audit Committee endorsed several items in 2024 for Board approval, including:

- 2023 Annual Report, containing the 2023 consolidated audited financial statements.
- The 2024 quarterly Review Reports and Interim Financial Information.
- The recommendation for the re-appointment of External Auditor for the financial year 2024; and
- Transactions with the Related Parties.

Further, the Audit Committee evaluated and received reports on various key matters including:

- Company's 2024 internal audit plan and progress.
- Internal Audit Reports along with management action plans.
- Updates on status of implementation of agreed management actions plans.
- A report on significant litigation matters.

Financial Reporting and External Audit

During the 2024 AGM, the Company's shareholders re-appointed Ernst & Young (EY) as the Group's External Auditor for the year 2024 at the recommendation of the Audit Committee. The details of remuneration paid to the External Auditor is set out in section 3.8 of the Corporate Governance Report: External Auditor.

The Committee discussed with the External Auditor the significant audit risks, key audit matters, audit scope and materiality amongst other matters. The Audit Committee agreed that the plan and the materiality to which any misstatements should be reported by External Auditor to the Committee was appropriate.

The Audit Committee assisted the Board in assessing important matters on the 2024 audit of Consolidated Financial Statements, focused on monitoring the integrity of the Group's Financial Statements and announcements relating to the Group's financial performance.

During the Audit Committee's meetings held in 2024, the following significant matters pertaining to the 2024 interim and annual financial statements were discussed:

- Key transactions during the year, including material business combinations that were finalized during the year.
- Adoption of new accounting policies following the acquisition of new subsidiaries and its related impact on the consolidated financial statements of the Company.
- Impact of UAE Corporate Tax Law on the consolidated financial statements of the Company.

The Audit Committee confirms that no significant accounting and / or audit issues were raised by the External Auditor which were not resolved during the audit of 2024 consolidated financial statements.

The Audit Committee also reviewed the External Auditor's performance, independence and effectiveness for 2024 and did not identify any deficiencies.

In assessing the effectiveness of the external auditor, the Audit Committee considered the following:

- Quality of the presentation to the Audit Committee and communication.
- Performance and delivery against the audit plan.
- Professional skepticism during the audit
- Major audit findings, including their robustness and perceptiveness in handling key accounting and audit judgements; and
- Demonstration of a clear understanding of the Group's internal controls over financial reporting.

The Audit Committee evaluated independence of the Group's External Auditor to ensure its objectivity in auditing the financial statements. To govern the provision of non-audit services by the External Auditor, a formal process of prior review and pre-approval of any non-audit service requests (including the fee) by the External Auditor at the Audit Committee meeting was established to prevent provision of services that could result in a potential conflict of External Auditor independence. The Committee reviewed and approved all the relevant non-audit service requests (including the fee) from the External Auditor during 2024 and concludes independence of the External Auditor.

Internal Control Systems and Compliance

During the course of the year, the Audit Committee has considered various material controls, including financial, operational, and compliance controls, and the Audit Committee is of the opinion that the Company's internal and financial control systems and risk management systems are effective and adequate.

Further, the Audit Committee continued its efforts to enhance non-financial controls and Corporate Governance which included refreshing of governance and compliance policies and procedures.

Internal Audit

The Audit Committee is responsible for monitoring the activities and effectiveness of the Group Internal Audit function including its scope, plans, activities and resources. To fulfil its duties, the Audit Committee:

- Approved the appointment of the Outsourced Internal Audit service provider (Protiviti) and their remuneration for the year 2024.
- Reviewed and approved the Company's 2024 internal audit plan, including the related plan development approach and process.
- Received the reports and reviewed the Company's internal auditing activities in 2024, covering areas such as assurance activities, advisory engagements, and certain key initiatives taken during the year.
- Reviewed the updates on status of implementation of agreed management actions plans as part of the follow up; and
- Evaluated the performance of Internal Audit service providers and suggested areas of improvement to focus on during Internal Audit activities.

The Internal Audits covered a range of areas, including Corporate Governance, Finance, Procurement, Sales/ Business Development, Operations, Information Technology, ESG, etc. across different subsidiaries/entities under the Group as per the approved Internal Audit Plan.

Looking ahead to 2025, the Committee's key priorities will include maintaining oversight over design and implementation of the Group's Internal Control Over Financial Reporting (ICFR) framework and the testing of its effectiveness by the Group's External Auditors.

I hope you will find this report useful in understanding the activities of the Committee during the year.

DIRECTORS' REPORT

31 December 2024

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present our report along with the audited consolidated financial statements of International Holding Company PJSC (the "Company" or "IHC") and its subsidiaries (collectively referred to as the "Group") for the year ended 31 December 2024.

IHC achieved a solid growth during 2024, while demonstrating the strength of our core businesses, with achievements that are in line with our long-term strategy. The Group's performance during 2024 reflected the clear strategy adopted of enhancing the Group's portfolio through acquisitions, strategic investments, restructuring and diversification.

Below is a summary of the main strategic business acquisitions performed during the year (other acquisitions are included in note 6 to the accompanying audited consolidated financial statements):

- Two Point Zero Group LLC and its subsidiaries
- Abu Dhabi National Exhibition Company (ADNEC) PJSC and its subsidiaries
- Modon Properties PJSC and its subsidiaries
- Sawaeed Holding PJSC and its subsidiaries
- Mopani Copper Mines PLC
- La Zagaleta SLU
- Marmum Dairy Farm LLC

Below is a summary of the main strategic investment in associates entered into during the year:

- Grupo Nutresa S.A.
- El Sewedy Electric Company

Financial highlights

IHC's strategic investments and decision making process have yielded an exceptional financial performance for the financial year ending 31 December 2024, with revenues of AED 92,657,931 thousand (2023: AED 60,089,440 thousand) and a net profit after tax of AED 25,701,381 thousand (2023: AED 32,954,248 thousand). Following is a summary of the key financial highlights for the year ended 31 December 2024.

 <p>AED 92.66 Bn (2023: AED 60.09 Bn) Revenue</p>	 <p>AED 25.70 Bn (2023: AED 32.95 Bn) Profit after tax</p>	 <p>AED 15.77 Bn (2023: AED 27.52 Bn) Profit attributable to the owners of the Company</p>
 <p>AED 401.81 Bn (2023: AED 264.27 Bn) Total assets</p>	 <p>AED 244.39 Bn (2023: AED 156.74 Bn) Total equity</p>	 <p>AED 7.19 (2023: AED 12.55) Earnings per share (EPS)</p>

DIRECTORS' REPORT continued

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF INTERNATIONAL HOLDING COMPANY PJSC

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of International Holding Company PJSC (the "Company") and its subsidiaries (collectively referred to as the "Group"), which comprise the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2024 and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the *International Code of Ethics for Professional Accountants (including International Independence Standards)* (IESBA Code) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the United Arab Emirates, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF INTERNATIONAL HOLDING COMPANY PJSC continued

Report on the Audit of the Consolidated Financial Statements continued

Revenue recognition

Revenue recognition is considered to be a key area of focus given there are multiple revenue streams associated with the Group which come from various decentralised operational locations. In addition, there are a number of different IT systems and applications in place for the recording of revenue transactions. The Group has a variety of customer contracts and revenue arrangements that require careful consideration and judgement to determine the appropriate revenue recognition. Further, revenue is also a key performance indicator for the Group's performance. During the year ended 31 December 2024, total revenue of the Group amounted to AED 92,658 million (2023: AED 60,089 million) (note 32).

We reviewed the revenue recognition policies applied by the Group to assess their compliance with the requirements of IFRS Accounting Standards. For each material operational location with significant revenue streams, we performed, or involved component auditors in the performance of procedures to obtain understanding of the design and operating effectiveness of the controls relating to the revenue recognition process for certain subsidiaries, substantive audit procedures which included overall analytical procedures at the Group and subsidiary level, and testing on transactions throughout the year, to assess whether revenues were properly recognised.

Business combination of entities under common control

During the year, the Group acquired control over entities under common control as disclosed in note 6.1. The acquisitions are excluded from the scope of IFRS 3, as these represented business combination of entities under common control, given that the Company and the acquired entities are controlled by the same ultimate shareholder before and after the acquisitions. This has been identified as a key audit matter as it significantly affects the composition of the Group's businesses and its financial position and performance. The acquisitions have been accounted for in the consolidated financial statements using the pooling of interest method, which reflects the economic substance of the transaction and have resulted in a merger reserve of AED 20,837 million during 2024 (2023: AED 260 million).

We performed, or involved component auditors to perform, the following procedures:

- held discussions with the Group's management and those charged with governance to obtain an understanding of the transaction details;
- obtained and reviewed the share purchase agreements and assessed if the acquisitions fulfilled the requirements of business combination under common control by inspecting evidence of ownership and reviewing the ownership structures before and after the acquisitions, and determining the appropriateness of the amounts recognised as merger reserve in the consolidated statement of equity;
- assessed if the pooling of interest method was consistently applied in accordance with the Group's accounting policy; and
- assessed the adequacy of disclosures in line with the requirements of the IFRS Accounting Standards.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF INTERNATIONAL HOLDING COMPANY PJSC continued

Report on the Audit of the Consolidated Financial Statements continued

Business combinations within the scope of IFRS 3

During the year, the Group acquired control over the entities disclosed in note 6.2 which were determined to be business combinations as defined by IFRS 3. External valuation specialists were engaged by the Group to perform the purchase price allocation exercise, and fair valuation and identification of acquired assets and liabilities. The acquisition of businesses is a key audit matter as these are significant transactions during the year which require significant judgement and estimation regarding the allocation of the purchase price to the assets and liabilities acquired and adjustments made to align accounting policies of the newly acquired assets / businesses with those of the Group.

We performed, or involved component auditors to perform, the following procedures:

- Reviewed the share purchase agreements and ownership structures before and after the acquisitions to assess if the acquisitions fulfilled the requirements of business combination under IFRS 3;
- obtained the provisional purchase price allocation reports for material acquisitions prepared by the external valuers engaged by the Group;
- involved our, or the components auditor's, internal valuation specialists in reviewing the reports. The review included discussions with management and consideration of the reasonableness of the assumptions and valuations in line with our expectations. These key assumptions included cash flow projections based on revenues and earnings before interest and tax ('EBIT'), growth rates and discount rates;
- assessed the independence, qualification and expertise of external valuation specialists engaged by the Group and read the terms of their engagement to determine whether there were any matters that might have affected their objectivity or may have imposed scope limitations upon their work; and
- assessed the adequacy of disclosures in line with the requirements of the IFRS Accounting Standards.

Fair value of investment properties

Investment properties amounting to AED 33,889 million (2023: AED 30,676 million) as at 31 December 2024 (note 9) are stated at cost less accumulated depreciation and impairment. The Group estimates the fair value of its investment properties for disclosure purposes and to assess the existence of any impairment. The valuation of investment properties is a key audit matter given the degree of complexity in valuation and the significance of the judgements and estimates made by management.

The valuations were undertaken by internal management specialists and external valuers (the "Valuers"). In determining property valuations, the Valuers apply different valuation techniques including investment and comparable methods. The Valuers take into account property-specific information such as the current tenancy agreements and apply assumptions for discount rates and estimated market rent, which are influenced by prevailing market yields and consider comparable market transactions, to arrive at the valuation.

We involved component auditors in reviewing the property valuation reports and assessed that the valuation approach for each was in accordance with the established standards for valuation of properties and suitable for use in determining the fair value of properties.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF INTERNATIONAL HOLDING COMPANY PJSC continued

Report on the Audit of the Consolidated Financial Statements continued

Fair value of investment properties continued

We involved component auditors in assessing the external valuers independence, qualification and expertise and read the terms of their engagement to determine whether there were any matters that might have affected their objectivity or may have imposed scope limitations upon their work.

The component auditors involved their internal valuation specialists in reviewing the valuation of properties. The review included discussions with management, and consideration of reasonableness of the significant assumptions.

We assessed the adequacy of disclosures in line with the requirements of the IFRS Accounting Standards.

Impairment assessment of goodwill

The Group has recognised goodwill amounting to AED 6,789 million (2023: AED 5,798 million) arising from the acquisition of subsidiaries operating in multiple segments under business combinations within the scope of IFRS 3 (note 8).

Management carries out impairment assessments of goodwill annually. Goodwill impairment testing is considered a key audit area given the significant estimates and assumptions involved in determining the value in use of the respective cash generating units. Assumptions used relate to future cash flows, revenue growth rates, expected inflation rates and discount rates.

As part of our audit procedures, we performed, or involved component auditors to perform the following for CGUs with significant goodwill:

- tested, with involvement of internal valuation specialists, the methodologies and inputs used by the Group in the discounted cash flow models for impairment testing including key assumptions relating to growth rates, inflation rates and discount rates;
- analyzed the sensitivity of available headroom in the respective CGUs to changes in certain assumptions;
- compared actual performance of cash generating units to the assumptions applied in discounted cash flow models to assess the historical accuracy of management's estimates; and
- assessed the adequacy of disclosure in line with the requirements of the IFRS Accounting Standards.

Other information

Other information consists of the information included in the Directors' Report and Annual Report other than the consolidated financial statements and our auditor's report thereon. We obtained the Directors' report prior to the date of our audit report and we expect the Annual Report to be made available to us after the date of this auditor's report. Management is responsible for the other information.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF INTERNATIONAL HOLDING COMPANY PJSC continued

Report on the Audit of the Consolidated Financial Statements continued

Other information continued

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRS Accounting Standards and in compliance with the applicable provisions of the Articles of Association of the Company and the UAE Federal Law No. (32) of 2021, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF INTERNATIONAL HOLDING COMPANY PJSC continued

Report on the Audit of the Consolidated Financial Statements continued

Auditor's responsibilities for the audit of the consolidated financial statements continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats, or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITOR'S REPORT**TO THE SHAREHOLDERS OF INTERNATIONAL HOLDING COMPANY PJSC** continued**Report on Other Legal and Regulatory Requirements**

Further, as required by the UAE Federal Law No. (32) of 2021, we report that for the year ended 31 December 2024:

- i. we have obtained all the information and explanations we considered necessary for the purposes of our audit;
- ii. the consolidated financial statements have been prepared and comply, in all material respects, with the applicable provisions of the UAE Federal Law No. (32) of 2021, the Articles of Association of the Company;
- iii. the Group has maintained proper books of account;
- iv. the consolidated financial information included in the Directors' report is consistent with the books of account and records of the Group;
- v. investments in shares and stocks are included in notes 6, 10 and 11 to the consolidated financial statements and include purchases and investments made by the Group during the year ended 31 December 2024;
- vi. note 37 reflects the disclosures relating to material related party transactions and the terms under which they were conducted; and
- vii. based on the information that has been made available to us nothing has come to our attention which causes us to believe that the Company has contravened, during the financial year ended 31 December 2024, any of the applicable provisions of the UAE Federal Law No. (32) of 2021 or of its Articles of Association which would materially affect its activities or its consolidated financial position as at 31 December 2024.
- viii. During the year, the Group made social contributions of AED 34,898 thousand (2023: AED 18,967 thousand).

- mining, exploration activities and trading of metals and minerals.

The consolidated financial statements for the year ended 31 December 2024 were authorised for issue in accordance with a resolution of the Board of Directors on 24 February 2025.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

2 Basis Of Preparation

2.1 Statement Of Compliance

The consolidated financial statements have been prepared in accordance with IFRS Accounting Standards ("IFRSs") as issued by International Accounting Standards Board (IASB), and the applicable requirements of the UAE Federal Law No. (32) of 2021.

2.2 Basis Of Measurement

The consolidated financial statements have been prepared on an historical cost basis, except for investments in financial assets carried at fair value through profit or loss, financial assets carried at fair value through other comprehensive income, biological assets, derivative financial instruments and digital assets which are stated fair value.

2.3 Functional And Presentation Currency

The consolidated financial statements are presented in UAE Dirhams ("AED"), which is the presentation currency of the Group and the functional currency of the Company. All the values are rounded to the nearest thousand (AED'000) except when otherwise indicated.

2.4 Basis For Consolidation

The consolidated financial statements of the Group comprise the financial information of the Company and its subsidiaries.

Control is achieved when the Group:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally.

The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

2 Basis Of Preparation continued

2.4 Basis For Consolidation continued

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable IFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under IFRS 9, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

Details of the Company's subsidiaries as at 31 December 2024 and 31 December 2023 were as follows:

Name of subsidiary	Place of incorporation and operation	Principal activities	Proportion of ownership interest and voting power held

2.5 Changes In Material Accounting Policies – New And Amended Standards And Interpretations

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following new amendments effective as of 1 January 2024. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

- Amendments to IFRS 16: Lease Liability in a Sale and Leaseback
- Amendments to IAS 1: Classification of Liabilities as Current and Non-current
- Amendments to IAS 1: Non-current Liabilities with Covenants
- Amendments to IAS 7 and IFRS 7: Supplier Finance Arrangements

These amendments had no significant impact on the consolidated financial statements of the Group.

3 Material Accounting Policy Information

Business Combinations And Goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, which is measured at acquisition date fair value, and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred and included in general and administrative expenses.

The Group determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired process is considered substantive if it is critical to the ability to continue producing outputs, and the inputs acquired include an organised workforce with the necessary skills, knowledge, or experience to perform that process or it significantly contributes to the ability to continue producing outputs and is considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with IAS 12 Income Taxes and IAS 19 Employee Benefits, respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree are measured in accordance with IFRS 2 Share-based Payment at the acquisition date; and
- assets (or disposal groups) that are classified as held for sale in accordance with IFRS 5 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Business Combinations And Goodwill continued

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of IFRS 9 Financial Instruments, is measured at fair value with the changes in fair value recognised in the consolidated statement of profit or loss in accordance with IFRS 9. Other contingent consideration that is not within the scope of IFRS 9 is measured at fair value at each reporting date with changes in fair value recognised in consolidated statement of profit or loss.

Goodwill is initially measured at cost (being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests and any previous interest held over the net identifiable assets acquired and liabilities assumed). If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in consolidated statement of profit or loss.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another IFRS.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Where goodwill has been allocated to a cash-generating unit (CGU) and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

Changes in Group's ownership interest in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the Owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in the consolidated statement of profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary.

The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the initial carrying amount for the purposes of subsequent accounting for the retained interest as an investment in an associate or a joint venture or financial asset.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Acquisition Of Entities Under Common Control

Transactions giving rise to a transfer of interest in entities that are under common control are accounted for in accordance with the pooling of interest method of accounting at the date the transfer without restatement of prior periods. The assets and liabilities acquired are recognised at the carrying amounts recognised previously in the books of transferor entity. The equity of the acquired entities is added to the merger reserve within the Group equity. Any transaction costs paid for the acquisition are recognised directly in equity.

Investment In Associates And Joint Ventures

An associate is an entity over which the Group has significant influence that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but has no control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The considerations made in determining significant influence or joint control are similar to those necessary to determine control over subsidiaries. The Group's investments in its associate and joint venture are accounted for using the equity method.

The results and assets and liabilities of the associates and joint ventures are incorporated in the consolidated financial statements using the equity method of accounting, except when the investment is classified as held for sale, in which case it is accounted for under IFRS 5 Non-current Assets Held for Sale and Discontinued Operations. Under the equity method, the investment in an associate or a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment separately.

The consolidated statement of profit or loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in other comprehensive income ("OCI") of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the consolidated statement of profit or loss and represents profit or loss after tax and non-controlling interests in the subsidiaries of the associate or joint venture.

The financial statements of the associate or joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss within 'share of profit from investment in associates and joint ventures' in the consolidated statement of profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Investment In Associates And Joint Ventures continued

When Group's share of losses in an associate or joint venture equals or exceeds its interests in the joint ventures (which includes any long-term interests that, in substance, form part of the Group's net investment in the joint ventures), the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint ventures.

Upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

Interest In Joint Operations

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

When a group entity undertakes its activities under joint operations, the Group as a joint operator recognises in relation to its interest in a joint operation:

- its assets, including its share of any assets held jointly;
- its liabilities, including its share of any liabilities incurred jointly;
- its revenue from the sale of its share of the output arising from the joint operation;
- its share of the revenue from the sale of the output by the joint operation; and
- its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenue and expenses relating to its interest in a joint operation in accordance with the IFRS Standards applicable to the particular assets, liabilities, revenue and expenses.

When a Group entity transacts with a joint operation in which a Group entity is a joint operator (such as a sale or contribution of assets), the Group is considered to be conducting the transaction with the other parties to the joint operation, and gains and losses resulting from the transactions are recognised in the Group's consolidated financial statements only to the extent of other parties' interests in the joint operation.

When a Group entity transacts with a joint operation in which a Group entity is a joint operator (such as a purchase of assets), the Group does not recognise its share of the gains and losses until it resells those assets to a third party.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of allowances and rebates. The Group recognises revenue when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the entity; and when specific criteria have been met for each of the Group's activities.

The Group recognises revenue from the following major sources:

- Marine and dredging activities
- Construction and related services
- Real estate development
- Management of properties, facilities and development projects
- Food and related non-consumable items
- Rental income
- Hospitality and leisure revenue
- Information technology related revenue
- Manpower and consultancy services
- Management of funds and advisory fees
- Sale of copper and other related materials
- Education and related services
- Coaching and training services
- Sale of properties and land

The Group recognises revenue from contracts with customers based on a five-step model as set out in IFRS 15:

- Step 1** Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.
- Step 2** Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
- Step 3** Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.
- Step 4** Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.
- Step 5** Recognise revenue when (or as) the Group satisfies a performance obligation.

The Group satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- The Group's performance does not create an asset with an alternate use to the Group and the Group has an enforceable right to payment for performance completed to date.
- The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

3 Material Accounting Policy Information continued

Revenue Recognition continued

For performance obligations where any of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Following are the policies for the major sources of revenue:

Marine and Dredging Activities:

Contract revenue – time charter arrangement

The Group measures its progress towards complete satisfaction of the performance obligation using a time-based measure. Further, as the Group charges a fixed amount for each day of service provided, the Group has a right to invoice the customer an amount that corresponds directly with the value of the Group's performance completed to date. Revenue is recognised based on percentage of completion.

Contract revenue – engineering, procurement & construction, dredging and associated land reclamation works

Contract revenue comprises revenue from execution of contracts relating to lump-sum engineering, procurement and construction project services, dredging activities and associated land reclamation works. Lump-sum engineering, procurement and construction project execution services contracts contain distinct goods and services that are not distinct in the context of the contract. These are therefore combined into a single performance obligation.

The Group recognises revenue from its lump-sum engineering, procurement and construction project execution services contracts over time as the assets constructed are highly customised for the customers' needs with no alternative use and the Group has right to payment for performance completed to date.

Contract revenue includes the initial amount agreed in the contract plus any variations in contract work, and incentive payments, to the extent that it is probable that they will result in revenue, they can be measured reliably and will be approved by the customers. Claims are recognised when negotiations have reached an advanced stage such that it is probable that the customer will accept the claim and the amount can be measured reliably. Contract revenue also includes revenue from securing the award of significant projects for dredging and reclamation works. These amounts are recognised when all significant service obligations arising from the related services have been discharged.

If the outcome of a contract can be estimated reliably, contract revenue is recognised in the consolidated statement of profit or loss in proportion to the stage of completion of the contract. Based on the method that most reliably measures the actual work performed on each contract, the stage of completion is determined either on the basis of surveys of work performed or in the proportion of the contract costs incurred for work performed to date as compared to the estimated total contract costs. Losses on contracts are assessed on an individual contract basis and a provision is recorded for the full amount of any anticipated losses, including losses relating to future work on a contract, in the period in which the loss is first foreseen.

In case of contracts, where revenue is recognised on the basis of surveys of work performed, revenue is measured by applying contractual rates, or the minimum recoverable rates expected, to the actual quantities dredged or the related works performed. Revenue is adjusted subsequently based on final customer approval if rates approved are different from those originally used.

When the outcome of a contract cannot be estimated reliably, revenue is recognised only to the extent of contract costs incurred that it is probable will be recoverable; and contract costs should be recognised as an expense in the period in which they are incurred.

Warranty obligations

The Group generally provides warranties for general repairs of defects that existed at the time of sale, as required by law. As such, all warranties are assurance-type warranties under IFRS 15, which the Group accounts for under IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Revenue Recognition continued

Marine and dredging activities: continued *Significant financing component*

For lump sum engineering, construction and procurement projects, if there is a difference in the timing of when the Group receives the advance and progress payments and when it recognises the contract revenue, the Group implies the existence of implicit significant financing component and adjusts transaction price to include the effects of time of value of money. The Group records interest on the delayed payments as interest income. For other contracts generally, the Group receives short-term advances from its customers. Using the practical expedient in IFRS 15, the Group does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

Variation orders and claims

Variation orders and claims are only included in revenue when it is probable that these will be accepted and can be measured reliably. The Group provides for liquidated damages claims where the customer has the contractual right to apply liquidated damages and it is considered probable that the customer will successfully pursue such a claim.

Construction And Related Services: *Revenue from construction contracts*

The Group provides construction services to its customers. Such contracts are entered into before rendering of services begins. Under the terms of the contracts, the Group is contractually restricted from reducing the structure under construction to another customer and has enforceable right to payment for work done. Revenue from construction is therefore recognised over time on a cost to cost method based the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs. The management consider that this input method is an appropriate measure of the progress towards complete satisfaction of the performance obligations under 'IFRS 15 Revenue from Contracts with Customers'.

Where the outcome of a construction contract cannot be estimated reliably, revenue is measured based on the consideration to which the Group expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. Contract costs are recognised as expenses in the period in which they are incurred.

When it is possible that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Under the terms of the contracts in the UAE and United Kingdom, the Group is contractually restricted from redirecting the properties to another customer and has an enforceable right to payment for work done. Therefore, revenue from construction of residential properties in the UAE and United Kingdom is recognised over time on a cost-to-cost method, i.e. based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs. The Group consider that this input method is an appropriate measure of the progress towards complete satisfaction of these performance obligations under IFRS 15. In respect of the Group's contracts for development of residential properties in Egypt and certain contracts in the United Kingdom, the Group has assessed that the criteria for recording revenue over time is not met and transfer of control happens only at the time of handover of completed units to the customers and accordingly the revenue is recognised at the point in time at which the performance obligation is satisfied.

Costs of contracts include all direct costs of labour, materials, depreciation of property, plant and equipment and costs of subcontracted works, plus an appropriate portion of construction overheads and general and administrative expenses of the year allocated to construction contracts in progress during the year at a fixed rate of the value of work done on each contract. Any under recovery at the end of the fiscal year, is charged to profit or loss as unallocated overheads.

The gross amount of contract assets from customers, is the net amount of costs incurred plus recognised profits; less recognised losses and progress billings, for all contracts in progress for which costs incurred plus recognised profits (less recognised losses) exceeds progress billings.

The gross amount contract liabilities to customers, is the net amount of costs incurred plus recognised profits less recognised losses and less progress billings, for all contracts in progress for which progress billings exceed costs incurred plus recognised profits (less recognised losses).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

3 Material Accounting Policy Information continued

Revenue Recognition continued

Construction and Related Services: continued *Revenue from construction contracts* continued

The effect of a change in the estimates of contract revenue or contract costs or the outcome of a contract, including that arising from liquidated damages and final contract settlements, is used in the determination of the amount of revenue and costs recognised in profit or loss in the period in which the change is made and in subsequent periods.

The Group receives advance payments and instalments from some customers in a specific jurisdiction, before the transfer of control over contracted units to customers as agreed in the contract, accordingly there is a significant financing component in those contracts, considering the length of time between the customer's payments and the transfer of control to the customer, and the interest rate prevailing in the market. The transaction price for those contracts is discounted using the interest rate implicit in the contract, and the Group uses the rate that would have been used in the event of a separate financing contract between the Group and the customer at the beginning of the contract, which is usually equal to the interest rate prevailing at the time of the contract. The Group uses the exception of the practical application for short-term payments received from customers. This means the amount collected from customers will not be modified to reflect the impact of the significant financing component if the period between the transfer of control over the units, service and payment is less than a year.

Management Fee Income

The Group manages construction of properties under long term contracts with customers. Management fee income is recognised over time using input method to recognise revenue on the basis of entity's efforts to the satisfaction of a performance obligation. Management considers that input method is an appropriate measure of the progress towards complete satisfaction of the performance obligations under IFRS 15. Where the outcome cannot be estimated reliably, revenue is measured based on the consideration from customers to which the Group expects to be entitled in a contract with a customer in an amount that corresponds directly with the value to the customer of the Group's performance completed to date and excludes amounts collected on behalf of third parties.

Real Estate Development:

Revenue from real estate development is recognised when the outcome of the transaction can be estimated reliably, by reference to the stage of completion of the development obligation at the reporting date. Where the outcome cannot be measured reliably, revenue is recognised only to the extent that the expenses incurred are eligible to be recovered.

Food and Related Non-consumable Items:

The Group recognises revenue from sale of food and related non-consumable items at a point in time. Sales of goods to customers mainly include one performance obligation, where revenue is recognised when control of the goods is transferred (when the goods have been shipped to the customer's specific location (i.e. delivered). Following delivery, the customer has the full discretion over the manner of use of the goods, the primary responsibility on selling the goods and bears the risks of obsolescence and loss in relation to the goods.

Rental Income:

Rental income arising from operating leases on investment properties is recognised, net of discount, in accordance with the terms of lease contracts over the lease term on a straight-line basis. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Hospitality and leisure revenue:

Hospitality revenue corresponds to all the revenues received from guests of the hotels. The services rendered (including room rentals, food and beverage sales and other ancillary services) are distinct performance obligations, for which prices invoiced to the guests are representative of their stand-alone selling prices. These obligations are fulfilled over time when they relate to room rentals, that is over the stay within the hotel, and at a point in time for other goods or services, when they have been delivered or rendered.

Income from leisure businesses comprises revenue from goods sold and services provided at golf courses, beach clubs and marinas, and is recognised at the point when the goods are sold or services are rendered.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Revenue Recognition continued

Information technology related revenue:

Contract revenue

Contract revenue comprises of contracts relating to cyber risk management services projects. The Group recognises revenue from these contracts over time as the assets constructed are highly customised for the customers' needs with no alternative use.

If the outcome of a contract can be estimated reliably, contract revenue is recognised in the consolidated statement of profit or loss in proportion to the stage of completion of the contract. Losses on contracts are assessed on an individual contract basis and a provision is recorded for the full amount of any anticipated losses, including losses relating to future work on a contract, in the period in which the loss is first foreseen.

Supply of computer equipment

The supply of computer equipment mainly includes one performance obligation and is recognised when control of the equipment has been transferred (i.e. revenue recognised at a point in time).

Service revenue

Revenue from services, along with maintenance of computer equipment, is satisfied over time, as the customer simultaneously receives and consumes the benefits provided by the Group on a fixed contract basis.

Manpower and consultancy services:

The Group recognises revenue from provision of manpower to its customers along with other management and consultancy services when the services are rendered to customers and on the basis of the contractual labour and other consultancy rates agreed with the customers. Revenue from domestic workers mediation and provision of temporary employment services is recognised on the basis of contractual rates as labour hours are delivered and direct expenses are incurred and is stated net of discounts and rebates allowed.

Management of funds and advisory fees

The Group's performance obligation is to provide investment, advisory and other services. The Group typically satisfies this performance obligation over time as the services are rendered, and the customers simultaneously receive and consume the benefits provided. The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring the promised services.

Investment advisory and management fees earned from each investment management contract over the contract life represent variable consideration because the consideration the Group is entitled to varies based on fluctuations in the basis for the management fee, e.g., fund asset under management ("AUM"), invested capital or capital commitment. Given that the management and advisory fee bases are susceptible to market factors outside of the Group's influence, advisory and management fees are constrained and, therefore, estimates of the future period advisory fees are generally not included in the transaction price.

In connection with advisory contract from its related party, the Company is entitled to receive performance fees based on the increase in book value of the assets under its management. In such arrangements, performance fees are recognised when the book value of the net assets under its management has increased.

Performance fees will not be recognised as revenue until it is probable that a significant reversal in the amount of cumulative revenue recognised will not occur, or the uncertainty associated with the variable consideration is subsequently resolved. Performance fees are typically recognised as revenue when realised at the end of the measurement period. Once realised, such fees are not subject to clawback or reversal.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

3 Material Accounting Policy Information continued

Revenue Recognition continued

Sale of copper and other related materials:

The Group generates revenue from sale of copper metal, concentrates, anodes, slime, liquified natural gas and other products. Revenue is based on rules for any modes of transport and rules for sea and inland waterway transport established by International Chamber of Commerce (i.e., Incoterms) agreed with the customer, which is taken to be the point in time at which the related control on the goods has been transferred and at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods. Revenue from sale of goods is recognised at a point in time upon satisfaction of the performance obligation. The Group has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

Education and related services:

The education and other related services rendered are distinct performance obligations, for which fees invoiced to the students are representative of their stand-alone selling prices. These obligations are fulfilled over time when they relate to learning, educative, schooling and training services, that is over the academic year the student is enrolled and at a point in time for other services, when they have been delivered or rendered. The Group primarily generates revenue from tuition fees, registration fees and management fees, which are recognised as follows:

- Tuition fees are recognised on a monthly basis over the year. Tuition fees received in advance are recorded as deferred income.
- Registration fees are recognised as income on forfeiture when a registered student does not join the school and registration fees for the new students who join the school are adjusted against the tuition fee.
- Management fees are earned from the management services that the Group provides to certain schools under management and are recognised as revenue when the service is performed.

Coaching and training services:

The Group is engaged in the management and development of motor vehicles driving training. Revenue represents fees charged to customers during the year, which are recognised over the period of the courses, on a time proportionate basis when services are provided to customers. Fees paid in advance relating to training services are deferred and released to revenue when the related services are provided.

Sale of properties and land:

The Group generates revenue from sale of properties including land and buildings. Consideration for the sale of land generally includes the provision of infrastructure necessary for development. The amount of revenue attributable to such infrastructure development is deferred and recognised only upon its completion. All infrastructure related costs incurred until completion are included in development work-in-progress, as appropriate, and are recognised as direct costs when the related revenue is recognised in the consolidated statement of profit or loss. The amount of revenue deferred in relation to the provision of infrastructure is determined by estimating the related construction cost, plus a margin based on normal commercial principles.

Following are policies for other sources of revenue:

Media and marketing services:

The Group provides advertising, public relations, production, events management, media and outdoor advertising. Revenue from providing such services is recognised overtime in the accounting period in which the services are rendered or when the event is held at point in time.

Sale of furniture:

Furniture manufacturing

The Group recognises revenue from contracts with customers for manufacturing household and office furniture and other related carpentry and woodwork. This includes the initial amount agreed in the contract plus any variations in contract work, claims and incentives payments, to the extent that it is probable that they will result in revenue and can be measured.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Revenue Recognition continued

Sale of furniture: continued

Furniture retail

The Group recognises revenue from retail trade of household, office furniture and interior decoration material at point in time when control of goods has transferred, being when the goods have been shipped to the customer's specific location. Revenue is stated net of expected discounts and other allowances.

Sale of cosmetics and related personal care services:

Sale of goods

The Group's contracts with customers for the sale of goods generally include one performance obligation. The Group accounts for that revenue at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods.

Rendering of services

The Group provides services related to women and men personal care and beauty. Such services are generally recognised as a performance obligation satisfied at the point in time when the service is rendered to the customer. Fees paid in advance for such services are deferred and released to revenue when the services are provided or when the validity has lapsed.

Brokerage services:

The Group provides share brokerage services, which mainly includes commission income and interest income on margin trading.

- i. Commission income is recognised when the service has been rendered and when the Group's right to receive the income has been established. The commissions are recognised on a net basis, i.e. commission earned from customers less commission collected on behalf of the exchange. The Group believes this the most appropriate presentation because it acts as an agent in the transaction, rather than as principal.
- ii. Interest income from margin trading is accrued on a time and proportion basis, by reference to the principal outstanding and at the effective interest rate applicable. Interest on margin trading is accrued from the time the customer has not settled its trade after T+2.

Healthcare and other medical supplies:

Includes hospitalisation, medical professional services, equipment, radiology, laboratory, medical consumables and pharmaceutical goods used. Revenue is recorded and recognised during the period in which the medical service is provided, based on the amounts due from patients and / or funding entities.

Hospitalisation - insured patients

Revenue is recognised based on the contract with the insurers net of claim denials (actual and estimated), discounts and time barred un-submitted claims. Transactions with insurers includes an amount of claims denials, which represents disallowance of claims due to technical or medical reasons. As the actual amount of denials may vary from the denial provisions, accordingly the amount of consideration may vary from what was originally claimed. This constitutes variable consideration under IFRS 15 and are recognised as revenue to the extent that it is highly probable that a reversal of revenue will not occur.

Hospitalisation - uninsured patients (self-pay and sponsored patients)

Revenue is recognised based on the most likely value to be recovered from the patients which constitutes variable consideration and are recognised as revenue to the extent that it is highly probable that a reversal of revenue will not occur.

Financing revenue (leasing factoring income)

This mainly includes interest earned from range of non-banking financial services including real estate finance, mortgage financing, consumer finance and other microfinance activities. The Group's performance obligation is to provide financing services. The Group typically satisfies this performance obligation over time as the customers simultaneously receive and consume the benefits provided.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Revenue Recognition continued

Flight charter income and other related aviation services

Flight charter income

The Group provides services related to charter flights. Revenue is recognised on the date when a flight completes the journey as all economic benefits are deemed to be passed to the customer at this point. In the case of any flights being cancelled, the revenue arising from the cancellation is recognised immediately.

Other aviation related services

The Group provides ground services to airports (i.e. trading, maintenance and installation of airports traffic control equipment and devices including wire and wireless communication devices). For trading of equipment, revenue is recognised at point in time when control of the asset is transferred to the customer, generally on delivery of the goods. For maintenance and installation services, revenue is recognised at a point in time when the service is rendered.

District cooling services:

Revenue from providing district cooling services in the course of ordinary activities is measured at the fair value of the consideration received or receivable. Revenue is recognised when pervasive evidence exists, usually in the form of an executed sales agreement, the significant risks and rewards of ownership have been transferred to the customer and the service has been rendered to the customer, recovery of the consideration is probable, the associated costs can be estimated reliably, there is no continuing management involvement with the service, and the amount of revenue can be measured reliably. If it is probable that discounts will be granted and the amount can be measured reliably, then the discount is recognised as a reduction of revenue as the sales are recognised.

Connection fees

Connection fees are recognised on a straight-line basis over the term of the respective customer contracts unless it represents a separately identifiable service and satisfies other criteria for upfront recognition to the consolidated statement of profit or loss.

Sale of cement and other related products:

Revenue from sale of cement is recognised when control over the corresponding goods is transferred to the customer. The timing of revenue recognition of the performance obligation is at a point in time.

Commission and agency fee revenue

The Group provides services for which it charges a commission or agency fee. Revenue is recognised at the point in time when the service is rendered to the customer.

Delivery services:

Revenue from delivery services is satisfied over time, as the customer simultaneously receives and consumes the benefits provided by the Group on a fixed contract basis or using an input method to measure progress towards complete satisfaction of the service.

Dividend income:

Dividend income from investments is recognised in the consolidated statement of profit and loss when the shareholders' rights to receive payment is established.

Interest income:

Interest income is recognised as the interest accrues using the effective interest method, under which the rate used exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Government Grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-monetary assets are recognised as deferred government grant in the consolidated statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses already incurred or for the purpose of giving immediate financial support to the group with no future related costs are recognised in profit or loss in the period in which they become receivable. The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

Land granted by the Government is recognised at nominal value where there is reasonable assurance that the land will be received and the Group will comply with any attached conditions, where applicable.

Employee Benefits

An accrual is made for the estimated liability of employees' entitlement to annual leave and leave passage as a result of services rendered by eligible employees up to the end of the reporting period.

Provision is also made for the full amount of end of service benefits due to employees in accordance with the Group's policy, which is at least equal to the benefits payable in accordance with UAE Labour Law, for their period of service up to the end of the reporting period. The accrual relating to annual leave and leave passage is classified as a current liability, while the provision relating to end of service benefits is classified as a non-current liability.

Pension contributions are made in respect of UAE national employees to the UAE General Pension and Social Security Authority in accordance with the UAE Federal Law No. (2), 2000 for Pension and Social Security.

Property, Plant And Equipment

Recognition and measurement

Items of property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the followings:

- the cost of materials and direct labour;
- any other costs directly attributable to bringing the assets to a working condition for their intended use; and
- when the Group has an obligation to remove the asset or restore the site, an estimate of the costs of dismantling and removing the items and restoring the site on which they are located; and capitalised borrowing costs.

When parts of an item of property and equipment are significant and have different useful lives, they are accounted for as separate items of property and equipment. Any gain or loss on disposal of an item of property and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in the consolidated statement of profit or loss.

Subsequent costs

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the consolidated statement of profit or loss in the period in which they are incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Property, Plant And Equipment continued

Depreciation

Depreciation is calculated on a straight-line basis over their useful lives as follows:

Buildings and leasehold improvements	2 - 55 years
Dredgers, plant and machinery	2 - 60 years
Furniture, fixtures and equipment	2 - 10 years
Barges support vessels and vehicles	2 - 40 years
Aircraft	25 years
Mineral development infrastructure	Units of production

The estimated useful lives, residual values and depreciation method are reviewed at each year-end, with the effect of any changes in estimate accounted for on a prospective basis.

Bearer plants

Bearer plants are the living plants that:

- are used in the production or supply of agricultural produce,
- are expected to bear produce for more than one period, and
- have a remote likelihood of being sold as agricultural produce, except for incidental scrap sales.

IAS 41 "Agriculture," explicitly excludes the bearer plants from its scope and are accounted for in accordance with

IAS 16 "Property, plant and equipment." However, produce growing on a bearer plant is still within the scope of

IAS 41.

Matured bearer plants are stated at cost less accumulated depreciation and any impairment in value. Immature bearer plants are measured at their accumulated cost. Capitalisation of costs ceases when the bearer plants reach maturity, which is when the bearer plants can be commercially harvested.

Mine development costs

Exploration and associated costs relating to non-specific projects or properties are expensed in the period in which they are incurred. Significant property acquisition costs and development costs relating to specific properties for which economically recoverable reserves are believed to exist and are deferred until the project to which they relate is sold, abandoned, or placed into production. No costs are deferred on a property believed to be impaired in value.

Mine development and property acquisition costs, including costs incurred during production to expand ore reserves within existing mine operations, are deferred, and amortised over the life of the mines.

Reviews are undertaken regularly to evaluate the carrying values of operating mines and development properties. If it is determined that the net recoverable amount is significantly lower than the carrying value, and the impairment in value is likely to be permanent, a write-down to the net recoverable amount is made by a charge to profit or loss.

Capital work in progress

Assets under construction ('capital work in progress') are stated at cost, net of accumulated impairment losses, and are not depreciated. All costs directly attribute to bringing the asset to the location and condition necessary for it to be used in the manner intended by management are included in the construction cost, including related staff costs, and for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. When the assets are ready for intended use, the capital work in progress is transferred to the appropriate property, plant and equipment or investment properties category and is depreciated in accordance with the Group's policies.

Derecognition

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in consolidated statement profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in the consolidated statement of profit or loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. The amortisation expense on intangible assets with finite lives is recognised in the consolidated statement of profit or loss.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit or loss.

Concession rights

These include cost incurred to obtain certain concession rights and are amortised on a straight-line basis in the consolidated statement of profit or loss over their estimated useful life of 37 years (2023: 37 years) from the date of construction of a district cooling plant.

Customer contracts

Customer contracts have a finite useful life and are carried at cost less accumulated amortisation and mainly represent long term non-cancellable contracts with customers for the supply of services which were acquired in business combinations. Amortisation is calculated using the straight-line method to allocate the cost over their estimated useful lives of 1 to 10 years (2023: 3 to 10 years).

Customer relationships

Customer relationships represent future economic benefits in the form of future business with a customer beyond the amount secured by any current contractual arrangements. Customer relationships acquired in a business combination that does not arise from a contract, may nevertheless be identifiable because the relationships are separable. These mainly represent non-contractual relationships acquired in business combinations and meet the criteria for recognition as intangible assets under IAS 38. Customer relationships have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate the cost over their estimated useful lives of 3 to 15 years (2023: 3 to 15 years).

Brand names

Brand is a unique design, sign, symbol, words, or a combination of these, employed in creating an image that identifies a product and differentiates it from its competitors. Brand names represent future economic benefits in the form of future business linked with the brand names of subsidiaries acquired in business combination. Brand names identified as part of acquisitions have indefinite and finite useful lives. Brand names with finite useful lives are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate the cost over their estimated useful life of 5 to 20 years (2023: 5 to 20 years).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Intangible Assets continued

Trademarks

Trademarks are words, names, symbols or other devices used in trade to indicate the source of a product and to distinguish it from the products of others. Trademarks represent future economic benefits in the form of future business linked with the trademarks of subsidiaries acquired in business combinations. The trademarks identified as part of acquisitions have indefinite and finite useful lives. Trademarks with a finite useful life are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate the cost over their estimated useful life of 3 to 5 years (2023: 5 years).

Trade license

The license was recognised on an acquisition of a subsidiary, that allows the use of "Fazaa" name for the retail stores under that subsidiary. The license has a useful life of 8 years (2023: 8 years). Further during the year, as part of business combinations, a driving centers license has been identified with an indefinite useful life.

Lease benefits

Lease benefits represents the future economic benefits in the form of a favorable lease arrangements the Group acquired in business combination. Lease benefits have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate the cost over their estimated useful life of 15 to 45 years (2023: 15 years).

Mineral mining license

Mineral mining licenses represent rights to extract and refine the metal resources in the mines. The cost of these intangible assets acquired in a business combination is their fair value at the date of acquisition. Subsequently, they are carried at cost less accumulated amortisation and any accumulated impairment losses. The amortisation of mineral mining licenses is calculated using the units of production method, which reflects the pattern of economic benefits derived from the underlying mineral reserves. Amortisation is based on the actual production during the year as a proportion of the total estimated recoverable mineral reserves associated with the licenses. The estimated recoverable reserves are reviewed periodically, and adjustments to the amortisation rate are made prospectively if necessary. Impairment reviews are conducted whenever events or changes in circumstances indicate that the carrying amount of the intangible assets may not be recoverable.

Digital assets

Digital assets held by the Group are accounted for as intangible assets with indefinite useful lives and are initially measured at cost and subsequently using the revaluation model. Under the revaluation model, an intangible asset is carried at a revalued amount, which is its fair value at the date of the revaluation less any subsequent accumulated impairment losses. Any revaluation surplus is credited to the revaluation reserve under equity, except to the extent it reverses a revaluation decrease of the same asset previously recognised in the consolidated statement of profit or loss, in such case the increase is recognised in the consolidated statement of profit or loss. A revaluation deficit is recognised in the consolidated statement of profit or loss, except to the extent it offsets an existing surplus on the same asset recognised in the asset revaluation reserve.

Digital assets are measured at fair value using the quoted price on an external market price aggregator source, as the principal market or most advantageous market is not always known. The Group believes any price difference between the principal market and an aggregated price to be immaterial. The Group considers this fair value to be a Level 2 input under IFRS 13 Fair Value Measurement fair value hierarchy as the price on this source represents an average of quoted prices on multiple digital currency exchanges.

Other intangible assets are amortised over a period of 2 to 12 years (2023: 2 to 12 years) using straight-line method.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the consolidated statements of profit or loss in the period during which they are incurred.

Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and estimated useful life of the assets, as follows:

Land	2 - 65 years
Warehouses, office spaces, shops and cinema halls	2 - 50 years
Others	2 - 10 years

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The Group applies IAS 36 to determine whether a right-of-use asset is impaired and accounts for an identified impairment loss as described in the 'impairment of non-financial assets' policy.

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate.

Variable rents that do not depend on an index or rate are not included in the measurement of the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included as an expense in the consolidated statement of profit or loss.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Leases continued

Lease liabilities continued

The Group re-measures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- the lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using the initial discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is re-measured by discounting the revised lease payments using a revised discount rate.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of property, plant and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Group as a lessor

The Group enters into lease agreements as a lessor with respect to some of its investment properties.

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term. Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

When a contract includes lease and non-lease components, the Group applies IFRS 15 to allocate consideration under the contract to each component.

Investment Properties

Investment properties are properties held to earn rentals and/or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Investment properties are stated at cost less accumulated depreciation and impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the investment property. The cost of self-constructed assets includes the following:

- the cost of materials and direct labour;
- any other costs directly attributable to bringing the assets to a working condition for their intended use;
- when the Group has an obligation to remove the asset or restore the site, an estimate of the costs of dismantling and removing the items and restoring the site on which they are located; and
- capitalised borrowing costs.

Upon completion of construction or development, a property is transferred from properties under development to completed properties.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Investment Properties continued

Investment properties are derecognised either when they have been disposed of (i.e., at the date the recipient obtains control) or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the consolidated statement of profit or loss in the period of derecognition. In determining the amount of consideration from the derecognition of investment property the Group considers the effects of variable consideration, existence of a significant financing component, non-cash consideration, and consideration payable to the buyer (if any).

When the use of investment property changes such that it is reclassified from, or to, property, plant and equipment, inventory or development work-in-progress, its carrying value at the date of reclassification becomes its cost for subsequent accounting purposes.

Depreciation on investment properties is calculated using the straight-line method over their estimated useful lives ranges from 10 to 50 years.

Discontinued Operations And Non-Current Assets Held For Sale

The Group classifies non-current assets and subsidiaries as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and subsidiaries classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset or disposal group is available for immediate sale in its present condition. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the plan to sell the asset and the sale expected to be completed within one year from the date of the classification.

Property, plant and equipment and intangible assets are not depreciated or amortised once classified as held for sale.

Assets and liabilities classified as held for sale are presented separately as current items in the consolidated statement of financial position.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations;
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations; or
- Is a subsidiary acquired exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the consolidated statement of profit or loss.

Inventories

Fish and fish products

Fish and fish products are stated at lower of cost or net realisable value, cost is determined using the first-in, first-out (FIFO) basis. Cost includes purchase cost, freight, insurance and other related expenses incurred in bringing the goods to their present condition and location. Net realisable value is based on the normal selling price, less cost expected to be incurred in marketing, selling and distribution. Allowance is made when necessary for obsolete, slow-moving and damaged items.

Animal feed products

Inventory consists primarily of alfalfa hay, materials, supplies and parts and are stated at the lower of cost and net realisable value. Alfalfa hay is valued using the weighted average cost method. Materials, supplies and parts are valued using the first in first out method.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Inventories continued

Packing, raw materials, medical supplies, food and its related non-food items, spares and consumables, household furniture and other finished goods

These are stated at the lower of weighted average cost and net realisable value. Cost includes all costs incurred in bringing inventory to its present condition and location. Net realisable value represents the estimated selling price less all estimated costs to be incurred in marketing, selling and distribution.

Poultry products

Broiler chicken, hatching eggs and finished goods are stated at lower of cost and net realisable value. Cost is calculated using the weighted average cost method. The cost comprises of a proportion of the cost of the egg produced by the parent chicken or purchased, and feed, vaccine medicines consumed by the flock, slaughtering expenses and packing charges.

Real estate properties and land plots held for sale

Inventories comprise completed properties held for sale in the ordinary course of business, rather than to be held for rental or capital appreciation, and other operating inventories. Inventories are stated at the lower of cost and net realisable value. Net realisable value represents the estimated selling price less all estimated selling and marketing costs to be incurred. When an inventory property is sold, the carrying amount of the property is recognised as an expense in the period in which the related revenue is recognised. The carrying amount of inventory properties recognised in profit or loss is determined with reference to the directly attributable costs incurred on the property sold and an allocation of any other related costs based on the relative size of the property sold.

Development Work In Progress

Development work-in-progress consists of property being developed principally for sale and is stated at the lower of cost and net realisable value. Cost comprises all direct costs attributable to the design and construction of the property and, where applicable, the cost of land upon which the property is being developed. Net realisable value is the estimated selling price in the ordinary course of business less applicable variable selling expenses.

Land under development granted to the Group without consideration is carried at nominal value.

Biological Assets

Biological assets are measured on initial recognition and at end of each reporting period at fair value less estimated costs to sell, unless at initial recognition that fair value cannot be measured reliably. In such cases, the entity measures the biological asset at historic cost less any accumulated depreciation and any accumulated impairment losses unless/ until fair value becomes reliably measurable. The fair values are determined based on current market prices of similar type of assets. Costs to sell include commission to brokers and dealers.

A gain or loss on initial recognition of biological assets at fair value less estimated costs to sell and from a change in fair value less estimated costs to sell of biological assets shall be included in profit or loss in the period in which it arises.

Poultry livestock

Poultry livestock includes chicken and is carried at cost. There are no quoted market prices for chicken livestock in the Gulf Cooperation Council, and alternatives for measuring fair value are determined by management to be unverifiable. Accordingly, the cost of parent chicken, determined on the basis of monthly average expenditure, comprises purchase price of the day-old chicken ("DOC") and all expenses incurred in bringing the DOCs to the farm from overseas, together with costs such as feed costs, incurred in rearing and maintaining the flock until the egg production commences.

Depreciation is charged using the straight-line method so as to write off the cost of biological assets over their estimated useful lives of 11 to 14 months.

Plants

Plants are measured on initial recognition and at end of each reporting period at fair value less estimated costs to sell. The fair values are determined based on current market prices of similar type and age of trees. Costs to sell include commission to brokers and dealers.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Biological Assets continued

Sturgeon fish and its caviar

Mother fish and juveniles are carried at acquisition cost plus costs incurred post-acquisition for feeds, chemicals and other directly attributable overheads until the age of 5 to 6 years which is considered to be the economic productivity period. After this period, adult sturgeon fish are ready for harvesting of caviar and are measured at fair value based on the expected caviar yield. The fair value is based on the biomass relative to the weight of the fish and is calculated based on current market prices of similar type of assets (caviar). Costs to sell include commission to brokers and retailers. After harvest, the caviar produced is treated as inventory and the fair value at the point of harvest is treated as the initial cost of the inventory.

Sheep:

Sheep are measured at fair value less costs to sell. The fair values are determined based on current market prices of similar type of assets.

Dairy livestock

Dairy livestock includes dairy herd (cows) and camel herd and are stated at their cost of purchase or at the cost of rearing to the point of maturity, less any accumulated depreciation and any accumulated impairment losses, as there is no active market for dairy livestock in the Gulf Cooperation Council against which to measure fair value and the alternative estimates for the determination of the fair value are determined to be clearly unreliable.

The cost of immature livestock (dairy herd and small camels) represents the aggregate of costs incurred during rearing to their respective maturity age.

Depreciation is charged so as to write off the cost of biological assets over their estimated useful lives using the straight-line method on the following basis:

Dairy herd	5 years
Camel herd	10 years

Shrimps

Shrimps are carried at acquisition cost plus costs incurred post-acquisition for feeds, chemicals and other directly attributable overheads until the age of 6 months which is considered to be the economic productivity period. After this period, shrimps are sold to outside parties except for mother shrimps, if any, which are expected to produce larvae and treated as biological assets.

Fish

Mother Fish and Juveniles are carried at acquisition cost plus costs incurred post-acquisition for feeds, chemicals and other directly attributable overheads up to maturity. These species are considered as 'mature' when their weight falls between 400 grams to 2,000 grams, while juvenile species are those whose weight falls between 2 grams to 15 grams. After this period, Fish ready to be sold to outside parties are classified as inventory, except for mother fish, if any, which are expected to produce eggs and treated as biological assets.

Foreign currencies

The Group's consolidated financial statements are presented in AED, which is also the Company's functional currency. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency. The Group uses the direct method of consolidation and on disposal of a foreign operation, the gain or loss that is reclassified to consolidated statement of profit or loss reflects the amount that arises from using this method.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Foreign Currencies continued

Transactions and balances continued

Differences arising on settlement or translation of monetary items are recognised in profit or loss with the exception of monetary items that are designated as part of the hedge of the Group's net investment in a foreign operation. These are recognised in OCI until the net investment is disposed of, at which time, the cumulative amount is reclassified to profit or loss. Tax charges and credits attributable to exchange differences on those monetary items are also recognised in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

In determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which the Group initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Group determines the transaction date for each payment or receipt of advance consideration.

Group companies

On consolidation, the assets and liabilities of foreign operations are translated into AED at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at exchange rates prevailing at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is reclassified to profit or loss.

Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.

Financial Assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. The Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments, cash and cash equivalents and trade receivables)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Financial assets continued

Subsequent measurement continued

The Group has the following financial assets:

Financial assets at amortised cost

The Group measures financial assets at amortised cost if both of the following conditions are met:

- a- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- b- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in the consolidated statement of profit or loss when the asset is derecognised, modified or impaired. The Group's financial assets at amortised cost include a certain portion of trade and other receivables, contract assets, due from related parties, loan to related parties and cash and bank balances.

Cash and short-term deposits

Cash and short-term deposits in the statement of financial position comprise cash at banks and on hand and short-term highly liquid deposits with a maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of bank overdrafts, margin accounts, restricted cash and bank accounts for client's deposits.

Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as investment and other income in the consolidated statement of profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the consolidated statement of financial position at fair value with net changes in fair value recognised in the consolidated statement of profit or loss.

This category includes quoted and unquoted equity investments which the Group had not irrevocably elected to classify at fair value through OCI. Dividends on quoted and unquoted equity investments are recognised under investment and other income in the consolidated statement of profit or loss when the right of payment has been established.

Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Financial Assets continued

Impairment of financial assets continued

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group considers a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire; or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset.

Financial Liabilities And Equity Instruments

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, due to related parties, lease liabilities, borrowings including bank overdrafts, loans from related parties, sukuk and derivative financial instruments.

Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost (loans and borrowings)

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated

upon initial recognition as at fair value through profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Financial Liabilities And Equity Instruments continued

Financial liabilities continued

Financial liabilities at fair value through profit or loss continued

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by IFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the consolidated statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied. The Group has not designated any financial liability as at fair value through profit or loss.

Financial liabilities at amortised cost (loans and borrowings)

This is the category most relevant to the Group. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in consolidated statement of profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the consolidated statement of profit or loss.

This category generally applies to a certain portion of trade and other payables, due to related parties, lease liabilities and borrowings.

Sukuk are stated at amortised cost using the effective profit rate method. The profit attributable to the sukuk is calculated by applying the prevailing market profit rate, at the time of issue, for similar sukuk instruments and any difference with the profit distributed is added to the carrying amount of the sukuk.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

Derivative Financial Instruments

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment;
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment; and
- Hedges of a net investment in a foreign operation.

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which it wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material accounting policy information continued

Derivative financial instruments continued

Initial recognition and subsequent measurement continued

The documentation includes identification of the hedging instrument, the hedged item, the nature of the risk being hedged and how the Group will assess whether the hedging relationship meets the hedge effectiveness requirements (including the analysis of sources of hedge ineffectiveness and how the hedge ratio is determined). A hedging relationship qualifies for hedge accounting if it meets all of the following effectiveness requirements:

- There is 'an economic relationship' between the hedged item and the hedging instrument.
- The effect of credit risk does not 'dominate the value changes' that result from that economic relationship.
- The hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Group actually hedges and the quantity of the hedging instrument that the Group actually uses to hedge that quantity of hedged item.

Hedges that meet all the qualifying criteria for hedge accounting are accounted for, as described below:

Fair value hedges

The change in the fair value of a hedging instrument is recognised in the consolidated statement of profit or loss as other expense. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the consolidated statement of profit or loss as other expense.

For fair value hedges relating to items carried at amortised cost, any adjustment to carrying value is amortised through profit or loss over the remaining term of the hedge using the EIR method. The EIR amortisation may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss.

When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in profit or loss.

Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in OCI in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the consolidated statement of profit or loss. The cash flow hedge reserve is adjusted to the lower of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

The Group uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognised as other expense.

The Group designates only the spot element of forward contracts as a hedging instrument. The forward element is recognised in OCI and accumulated in a separate component of equity under cost of hedging reserve.

The amounts accumulated in OCI are accounted for, depending on the nature of the underlying hedged transaction. If the hedged transaction subsequently results in the recognition of a non-financial item, the amount accumulated in equity is removed from the separate component of equity and included in the initial cost or other carrying amount of the hedged asset or liability. This is not a reclassification adjustment and will not be recognised in OCI for the period. This also applies where the hedged forecast transaction of a non-financial asset or non-financial liability subsequently becomes a firm commitment for which fair value hedge accounting is applied.

For any other cash flow hedges, the amount accumulated in OCI is reclassified to profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Derivative Financial Instruments continued

Cash flow hedges continued

If cash flow hedge accounting is discontinued, the amount that has been accumulated in OCI must remain in accumulated OCI if the hedged future cash flows are still expected to occur. Otherwise, the amount will be immediately reclassified to profit or loss as a reclassification adjustment. After discontinuation, once the hedged cash flow occurs, any amount remaining in accumulated OCI must be accounted for depending on the nature of the underlying transaction as described above.

Offsetting Of Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the consolidated statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Taxation

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the consolidated statement of profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Taxation continued

Deferred tax continued

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. The adjustment is either treated as a reduction in goodwill (as long as it does not exceed goodwill) if it was incurred during the measurement period or recognised in profit or loss.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Value Added Tax ("VAT")

Expenses and assets are recognised net of the amount of VAT, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of VAT included.

The net amount of VAT recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the consolidated statement of financial position.

Fair Value Measurement

The Group measures financial instruments such as financial assets at fair value through other comprehensive income and financial assets at fair value through profit or loss at fair value at each consolidated statement of financial position date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Impairment Of Non-Financial Assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on most recent budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. A long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations are recognised in the consolidated statement of profit or loss in expense categories consistent with the function of the impaired asset.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the consolidated statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill and intangible assets with indefinite useful lives are tested for impairment annually and when circumstances indicate that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future periods.

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Environmental Restoration

Provision is made for costs associated with the restoration and rehabilitation of mining sites as soon as the obligation to incur such costs arises. Such restoration and closure costs are typical of the extractive industry and are normally accrued to reflect the Group's obligations at that time. The costs are estimated on the basis of mine closure plans and the estimated costs of dismantling and removing these facilities and the costs of restoration are capitalised when incurred, reflecting the Group's obligations at that time. A corresponding provision is created on the liability side. The capitalised asset is charged to the profit or loss over the life of the asset through depreciation over the life of the operation and the provision is reviewed annually. Management estimates are based on local legislation and the work of an independent expert. The actual costs and cash outflows may differ from estimates because of changes in laws and regulations, changes in prices, analysis of site conditions and changes in restoration technology.

Changes in the estimated timing of rehabilitation or changes to the estimated future costs are dealt with prospectively by recognising an adjustment to the rehabilitation liability and a corresponding adjustment to the asset to which it relates if the initial estimate was originally recognised as part of an asset measured in accordance with IAS 16.

Over time, the discounted liability is increased for the change in present value based on the discount rates that reflect

current market assessments and the risks specific to the liability. The periodic unwinding of the discount is recognised in the consolidated statement of profit or loss as part of finance costs. For closed sites, changes to estimated costs are recognised immediately in the consolidated statement of profit or loss.

The Group is required to make contributions to the Government for future rehabilitation work relating to its production activities. The contributions are based on an environmental assessment that is performed by environmental auditors.

Treasury Shares

Own equity instruments that are reacquired (i.e treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in the consolidated statement of profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised within equity under share premium.

Contingencies

Contingent liabilities are not recognised in the consolidated financial statements. They are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote.

Contingent assets are not recognised in the consolidated financial statements but disclosed when an inflow of economic benefits is probable.

Dividends

The Company recognises a liability to pay a dividend when the distribution is authorised, and the distribution is no longer at the discretion of the Group. A distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Current versus non-current classification

The Group presents assets and liabilities in the consolidated statement of financial position based on current/ non-current classification.

An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

3 Material Accounting Policy Information continued

Current Versus Non-Current Classification continued

A liability is classified as current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

4 Standards Issued but Not Effective

The new and amended standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Group's consolidated financial statements are disclosed below. The Group intends to adopt these new and amended standards and interpretations, if applicable, when they become effective.

- **IFRS 18:** Presentation and Disclosure in Financial Statements
- **IFRS 19:** Subsidiaries without Public Accountability: Disclosures
- Amendments to **IAS 21:** Lack of Exchangeability
- Amendments to **IFRS 9** Financial Instruments and **IFRS 7** Financial Instruments: Disclosures regarding the classification and measurement of financial instruments

The Group does not expect that the adoption of these new and amended standards and interpretations, other than IFRS 18, will have a material impact on its consolidated financial statements. The Group is currently working to identify all the impacts IFRS 18 will have on the primary consolidated financial statements and notes to the consolidated financial statements.

5 Critical Accounting Judgments and Key Sources of Estimation of Uncertaintys

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

While applying the accounting policies as stated in note 3, management of the Group has made certain judgments, estimates and assumptions that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period of the revision in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

5 Critical Accounting Judgments And Key Sources Of Estimation Of Uncertaintys continued

Key Sources Of Estimation Of Uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Useful lives of property, plant and equipment, investment properties and intangible assets

The Group's management determines the estimated useful lives of its property, plant and equipment, investment properties and intangible assets for calculating depreciation / amortisation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives annually and the future depreciation / amortisation charge would be adjusted where management believes that the useful lives differ from previous estimates. Where management determines that the useful life or residual value of an asset requires amendment, the net book amount in excess of the residual value is depreciated / amortised over the revised remaining useful life.

Impairment assessment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs of disposing of the asset. The value in use calculation is based on a discounted cash flow (DCF) model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the performance of the assets of the CGU being tested.

The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill and other intangibles with indefinite useful lives recognised by the Group.

Properties classified under property, plant and equipment, right-of-use assets and investment properties are assessed for impairment based on the assessment of cash flows on individual cash-generating units when there is an indication that those assets have suffered an impairment loss. Goodwill and intangible assets with indefinite useful lives are tested for impairment on an annual basis.

Based on the assessment performed, management has recorded a net impairment loss on its investment properties and property, plant and equipment of AED 955,901 thousand for the year ended 31 December 2024 (2023: net reversal of impairment loss of AED 81,058 thousand). Further, based on impairment testing conducted by management, an impairment loss of AED 146,025 thousand was recorded on goodwill (2023: nil).

Impairment of investments in associates and joint ventures

In testing for impairment, the Group evaluates the specific investee's profitability, liquidity, solvency and ability to generate operating cash flows for the foreseeable future. Any shortfall between the estimated recoverable amount and the carrying value of investment is recognised as an expense in the consolidated statement of profit or loss.

Business combinations

Accounting for the acquisition of a business requires the allocation of the purchase price to the various assets and liabilities of the acquired business. For most assets and liabilities, the purchase price allocation is accomplished by recording the asset or liability at its estimated fair value. Determining the fair value of assets acquired and liabilities assumed requires judgment by management and often involves the use of significant estimates and assumptions, including assumptions with respect to future cash inflows and outflows, discount rates, the useful lives of assets and market multiples. The Group's management uses all available information to make these fair value determinations.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

5 Critical Accounting Judgments And Key Sources Of Estimation Of Uncertainty continued

Key Sources of Estimation of Uncertainty continued

Estimation of net realisable value for inventories and allowance for slow moving inventories

Inventories are stated at the lower of cost or net realisable value. Adjustments to reduce the cost of inventory to its net realisable value, if required, are made at the product level for estimated excess, obsolescence or impaired balances. Factors influencing these adjustments include changes in demand, technological changes, physical deterioration and quality issues. Revisions to the allowance for slow moving inventories would be required if the outcome of these indicative factors differ from the estimates.

Provision for expected credit losses of trade receivables, contract assets and loans receivable

The Group uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by geography, product type, customer type and rating etc.).

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

At the reporting date, gross trade receivables were AED 25,274,576 thousand (2023: AED 14,175,613 thousand), contract assets were AED 13,998,427 thousand (2023: AED 10,135,540 thousand) and loans receivable were AED 8,195,748 thousand (2023: nil), with provision for expected credit losses of AED 1,351,968 thousand (2023: AED 1,040,561 thousand), AED 184,456 thousand (2023: AED 158,925 thousand) and AED 103,166 thousand (2023: nil) respectively. Any difference between the amounts actually collected in future periods and the amounts expected to be received will be recognised in the consolidated statement of profit or loss.

Impairment of development work-in-progress

Development work-in-progress are stated at lower of cost or net realisable value (NRV). NRV represents the estimated selling price less costs to be incurred in selling the property. The calculation of estimated selling prices involves using comparable factors of development and sale of similar plots in nearby locations. The calculation of the estimated selling prices is performed by an internal management expert, using the comparable method of valuation and has therefore considered comparable market transactions to arrive at estimated selling prices. Management has assessed the net realisable value of its development work-in-progress for impairment as at 31 December 2024. Based on the review, management has concluded a net of impairment loss of AED 377,099 thousand on its development work-in-progress for the year ended 31 December 2024 (2023: net reversal of impairment loss of AED 52,927 thousand).

Contract claims

Certain customers or vendors file claims for compensation arising from delays and/or scope changes. The Group normally agree on an amicable settlement mechanism in the majority of such cases, some parties might have sought refunds and/or compensation, which are not in accordance with the respective agreements. Management makes estimates to settle all legal claims initiated against the Group as at 31 December 2024. Such claims, even if accepted by the Courts, would not have a material effect on the consolidated statement of financial position, given the provisions recorded in accruals and other liabilities as well as the fact that advances from customers are already reflected as liabilities until the unequivocal completion or settlement of the underlying transaction.

Fair value measurement of digital assets

In estimating the fair value of digital assets, the Group uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Group using the quoted price on an external market price aggregator source, as the principal market or most advantageous market is not always known. The valuations of digital assets are particularly sensitive to changes in one or more observable inputs which are considered reasonably possible within the next financial period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

5 Critical Accounting Judgments And Key Sources Of Estimation Of Uncertainty continued

Key Sources of Estimation of Uncertainty continued

Infrastructure costs

The Group estimates total development and infrastructure costs required to complete infrastructure work on its land. Management reviews the estimated infrastructure costs at the end of each annual reporting period and adjusts for any underlying assumptions which may have changed. During the year, management has reviewed the estimated infrastructure costs and there was no impact on the Group's consolidated financial statements arising from this review (2023: nil).

Revenue recognition on real estate contracts

The Group uses the input method to recognise revenue on the basis of entity's efforts or inputs to the satisfaction of a performance obligation in accounting for its construction contracts. This is done by measuring the costs incurred to date relative to the total expected costs to be incurred (forecast final costs).

At each reporting date, the Group is required to estimate stage of completion and costs to complete on its construction contracts. These estimates require the Group to make estimates of future costs to be incurred, based on work to be performed beyond the reporting date. These estimates also include the cost of potential claims by subcontractors and the cost of meeting other contractual obligations to the customers. Effects of any revision to these estimates are reflected in the year in which the estimates are revised. When it is probable that total contract costs will exceed total contract revenue, the total expected loss is recognised immediately, as soon as foreseen, whether or not work has commenced on these contracts.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the consolidated statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions relating to these factors could affect the reported fair value of financial instruments. See Note 41 for further disclosures.

Leases - estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group 'would have to pay', which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when they need to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary's functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the subsidiary's stand-alone credit rating).

Uncertain tax positions

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of international business relationships and the long-term nature and complexity of existing contractual agreements, differences may arise between the actual results and adjustments to tax income and expense already recorded. Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Assessing the recoverability of deferred income tax assets requires the Group to make assumptions related to expectations of future taxable income. Estimates of future taxable income are based on forecast cash flows from operations and the application of existing tax laws in each jurisdiction. To the extent that future cash flows and taxable income differ significantly from estimates, the ability of the Group to realise the net deferred tax assets recorded at the reporting date could be impacted.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

5 Critical Accounting Judgments And Key Sources Of Estimation Of Uncertainty continued

Critical Accounting Judgments in Applying Accounting Policies

In the process of applying the Group's accounting policies, which are described in note 3, management has made the following judgments that have the most significant effect on the amounts recognised in the consolidated financial statements.

Hybrid equity instruments

In the process of classifying a financial instrument, management has made various judgments. Judgment is needed to determine whether a financial instrument, or its component parts, on initial recognition should be classified as a financial liability, a financial asset or an equity instrument in accordance with their respective definitions and the substance of the contractual arrangement. In making its judgment, the Group considered the detailed criteria and related guidance for classification as set out in IAS 32. This included assessing whether the instrument includes a contractual obligation to deliver cash or other financial asset to another entity and whether it may be settled through an equity instrument of a Group entity. Based on the criteria, the Group concluded that the hybrid equity instruments are a part of equity.

Principal versus agent consideration - management of projects

The Group's performance obligation in one of the subsidiaries is to arrange for the provision of the specified goods or services by another party does not control the specified goods or services provided by another party before those goods or services are transferred to the customer. When the Group satisfies a performance obligation, the Group recognises revenue in the amount of management fee to which it expects to be entitled in exchange for arranging for the specified goods or services to be provided by the other party. The Group's primary obligation is to arrange for development services for development projects, and accordingly, the Group acts as agent on those development projects since:

- the Group does not control the specified goods or services provided by other parties before the services are transferred to the customer;
- primary responsibility for the fulfilling the promise does not rest with the Group;
- the Group does not bear any inventory risk since the ownership of the infrastructure, as set out in the management contracts;
- the Group does not have the price risk on the development contracts; and
- customers retains the right to remove the Group as manager for the development projects based on its convenience without default from the Group.

Use of practical expedient in recognising management fee

In line with an agreement with the Government of Abu Dhabi (the "Government"), a subsidiary of the Group is overseeing the management of all projects of an entity (the "Entity") along with managing its operations. As per the agreement between the Government, the Entity and the Group, the Group is entitled to a supervision fee calculated based on the total development cost paid of the capital projects in consideration of the provision of the management services. In line with the contractual arrangement with the Government, the Group has assessed that it has a right to consideration from the Government for an amount which corresponds directly with the value to the customer of the performance completed to date, which is determined based on actual cash paid for projects of the Entity as agreed between the parties. Accordingly, in line with the requirements of IFRS 15, the Group uses practical expedient and recognises management fee on the basis of the invoice amount determined based on the actual cash paid for projects of the Entity.

Classification of properties

In the process of classifying projects during construction, management applies judgment to determine whether they should be investment properties under development or development work-in-progress. Subsequently management reassesses the intended use of the properties based on which these are classified as investment properties or inventories. The Group develops criteria so that it can exercise that judgment consistently in accordance with the definitions of the respective categories. In making its judgment, management considered the detailed criteria and related guidance for the classification of properties as set out in IAS 2 and IAS 40, in particular, the intended usage of the assets at that time.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

5 Critical Accounting Judgments And Key Sources Of Estimation Of Uncertainty continued

Critical Accounting Judgments in Applying Accounting Policies continued

Allocation of development costs

The allocation of project development costs between development work in progress and investment properties under development is based on management's analysis of the utilisation of resources over the period of development.

Contract variations and claims

Contract variations and claims related to assets under construction are recognised as additions to capital work in progress only when management believes that an advanced stage of negotiation has been reached and the cash outflow can be estimated with reasonable certainty. Management reviews the judgement related to these contract claims periodically and adjustments are made in the future periods, if assessments indicate that such adjustments are appropriate.

Determining the lease term of contracts with renewal options

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

Assets held for sale

The Group has finalised the sale and purchase agreements for the disposal of subsidiaries as mentioned in note 20 to the consolidated financial statements. Operations of the subsidiaries are classified as discontinued operations. Management considered the subsidiaries to meet the criteria to be classified as held for sale at that date for the following reasons:

- The sale and purchase agreements, for all the subsidiaries mentioned in note 20, have already been signed with the buyers;
- The subsidiaries are available for immediate sale and can be sold to the buyers in its current conditions; and
- The actions to complete the sales, including the legal proceedings were initiated and expected to be completed within one year from reporting date.

For more details on the assets held for sale, refer to note 20.

Joint arrangement

For assessing joint control, the Group has considered the contractual agreement of sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control. For the purpose of assessing whether a joint arrangement is a joint venture or joint operation, the Group has considered whether it has joint control on the rights to the net assets of the arrangements, in which case these are treated as joint ventures, or rights to the assets and obligations for the liabilities relating to the arrangement, in which case these are treated as joint operations.

Identifying whether an acquisition is a business or an asset

For acquisitions, the Group makes significant judgements to assess whether the assets acquired and liabilities assumed constitutes a business and whether it has acquired control of one or more assets. Where such an acquisition does not constitute a business, the acquisition is accounted for as an asset acquisition. In making the assessment, the Group applies the definition of business under IFRS 3 which requires that, to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs.

5 Critical Accounting Judgments And Key Sources Of Estimation Of Uncertainty continued

Critical Accounting Judgments in Applying Accounting Policies continued

Exploration and evaluation expenditure

The application of the Group's accounting policy for exploration and evaluation expenditure requires judgement to determine whether future economic benefits are likely, from either future exploration or sale, or whether activities have not reached a stage that permits a reasonable assessment of the existence of reserves.

Classification of investments:

The Group's principal activity is in investing and managing investments through different holdings in investees. The Group applies significant judgement with respect to the classification of investments with respect to control, joint control or significant influence exercised on those investments.

Consolidation of entities in which the Group holds less than a majority of voting right

For assessing control, the Group has considered power over the investee, exposure, or rights, to variable returns from its involvement with the investee and the ability to use its power over the investee to affect its returns. In case, where the Group has less than majority of the voting or similar rights in an investee, the Group has considered all relevant facts and circumstances in assessing whether it has power over an investee, including the contractual arrangement with the other shareholders of the investee and de-facto control.

The Group considers that it has de-facto control over the following entities, even though it owns less than 50% of the voting rights:

Aldar Properties PJSC ("Aldar") –

- The Group has appointed four out of the total seven members of Aldar's Board;
- Resolutions of the Board and therefore decisions, are issued based on a simple majority, thus giving the Group outright control over decision making by the Board;
- In accordance with Aldar's articles of association, the Board is fully empowered to manage and carry out all acts and transactions on behalf of the entity, including supervision of Aldar's business affairs, ensuring the effectiveness of governance, overseeing management, as well as appointing and removing Aldar's senior management; and
- The Group is the single largest shareholder of Aldar with 33.62% of the outstanding share capital.

Easy Lease Motorcycle Rental PJSC ("Easy Lease") –

- The Group is the single largest shareholder of Easy Lease with a 49.57% equity interest;
- As per Easy Lease's articles of association, the full power to manage and carry out all acts and transactions on behalf of the entity, lies with the board of directors. Given that the Group has three board representatives (inclusive of chairman of board) out of a total of five, and decisions are issued based on simple majority, the Group has full control over the decision making; and
- There is no history of the other shareholders collaborating to exercise their votes collectively or to outvote the Group.

Modon Holding PSC (formerly "Q Holding PSC") ("Modon") –

- The Group has appointed six out of the total nine members of Modon's Board;
- Resolutions of the Board and therefore decisions, are issued based on a simple majority, thus giving the Group outright control over decision making by the Board;
- In accordance with Modon's articles of association, the Board is fully empowered to manage and carry out all acts and transactions on behalf of the entity, including supervision of Modon's business affairs, ensuring the effectiveness of governance, overseeing management, as well as appointing and removing Modon's senior management; and
- The Group is the single largest shareholder of Modon with 42.59% of the outstanding share capital.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

5 CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION OF UNCERTAINTY continued

Critical Accounting Judgments in Applying Accounting Policies continued

Classification of investments: continued

Consolidation of entities in which the Group holds less than a majority of voting right continued

Emirates Driving Company PJSC ("DRIVE") –

- The Group is the single largest shareholder at 48.01% with the remaining 51.99% being dispersed amongst 589 shareholders, of which two holds 6.51% and 5.74% and the remaining individually hold no more than 5% of the voting rights; and
- There is no history of the other shareholders collaborating to exercise their votes collectively or to outvote the Group.

Al Ain Farms for Livestock Production ("Al Ain Farms") –

- The Group has appointed four out of the total seven members of Al Ain Farms's Board;
- Resolutions of the Board and therefore decisions, are issued based on a simple majority, thus giving the Group outright control over decision making by the Board; and
- In accordance with Al Ain Farms's articles of association, the Board is fully empowered to manage and carry out all acts and transactions on behalf of the entity, including supervision of Al Ain Farms's business affairs, ensuring the effectiveness of governance, overseeing management, as well as appointing and removing Al Ain Farms's senior management.

Beltone Libya –

- The Group has appointed five out of the total seven members of Beltone Libya's Board;
- Resolutions of the Board and therefore decisions, are issued based on a simple majority, thus giving the Group outright control over decision making by the Board;
- The Group is the single largest shareholder of Beltone Libya with 49% of the outstanding share capital.
- There is no history of the other shareholders collaborating to exercise their votes collectively or to outvote the Group.

ChimFin 1 Investment SPV RSC LTD ("ChimFin 1") and ChimFin 3 Investment SPV RSC LTD ("ChimFin 3") –

- The Group appointed the sole Board member in both ChimFin 1 and ChimFin3;
- Resolutions of the Board and therefore decisions, are issued based on a decision of the single member, thus giving the Group outright control over decision making.
- There is no history of the other shareholders collaborating to exercise their votes collectively or to outvote the Group.

In making this judgement, the Group considered the absolute size of its holding in Aldar, Easy Lease, Modon, DRIVE Al Ain Farms, Beltone Libya, ChimFin 1 and ChimFin 3, ability of other shareholders to limit its nominations to the Board, and the Group's majority representation on the Board. Therefore, based on the above factors, the Group has clearly established that it has de-facto control, as evidenced by its ability to control a majority of the Board and accordingly its results have been included in these consolidated financial statements.

The results of the following subsidiaries have been included in the consolidated financial statements, although the Group holds 50% or less ownership. Control has been achieved by virtue of agreements entered with other shareholders granting control to the Group:

- NRTC Food Holding LLC
- ABNIA for Industrial Holding LLC
- Capital Protocol LLC
- Lynx Technology Group Limited
- SODIC Garden City for Development and Investment

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

5 Critical Accounting Judgments And Key Sources of Estimation of Uncertainty continued

Critical Accounting Judgments in Applying Accounting Policies continued

Classification of investments: continued

Consolidation of entities in which the Group holds less than a majority of voting right continued

The results of the following subsidiaries have been included in the consolidated financial statements, although holding an equity interest of 50% or less, as the Group exercises control through ownership of shares with voting rights exceeding 50%:

- Blue Lounge Ltd
- Iris Star Restaurants LLC
- Clap Restaurant & Bar Limited
- BA Restaurant Limited
- Sucre London
- White Flower Event Management FZ
- BDP restaurant & Cafe LLC
- Level Eight Limited
- Sucre Below Restaurant & Bar Ltd
- The White Collections Restaurant Management LLC
- Club Conde Duque
- Cool Zone S.L

Significant influence over investments in associates

Significant influence is presumed to exist when the Group holds 20% or more of the voting power of investee. When the voting power is less than 20%, the Group considers other factors that give rise to significant influence, such as the ability to participate in the financial and operating policy decisions of the investee.

The Group has determined that although it holds less than 20% of the voting power in Iskandar Holdings Limited, Burjeel Holding PLC, Presight AI Holding PLC, Narrative Visualization OU and Grupo Nutresa S.A., significant influence exists due to having a representation on the Board of Directors and the participation in decisions over the relevant activities of the entities.

Joint control over investments in joint ventures

For assessing joint control, the Group has considered the contractual agreement of sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The Group has determined that the investment in Lazio Real Estate investments LLC, China Railway Construction, ORA Developers Investment Holding Limited, The Challenge Egyptian Emirates Marine Dredging Company, ABGC DMCC, WIO Holding Restricted Ltd., Micad Credit JV RSC LTD, NT Energies, Avobar Restaurant – Sole Proprietorship LLC, Richmond Hill Developments (Jersey) Limited, VST JV, Gilded (AD) JV Holdings Limited, Enersol RSC Ltd, Riviera RSC Limited, Citadel Technologies Group LLC, Dune Limited and NPC NNGT JV are joint ventures despite the Group holding less or more than 50% of the voting power, as joint control exists due to having unanimous voting rights in the Board of Directors.

Further, the Group classifies its 2% investment in Alpha Wave Ventures Carry Ltd ("AWVC") as a joint venture, as its ownership structure consists of ordinary shares and carry shares, with the Group holding equal rights and ownership in the carry shares, giving rise to joint control.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

6 Business Combinations

6.1 Business Combination Under Common Control

During the year ended 31 December 2024 and 2023, the Group acquired the following entities under common control. These acquisitions are excluded from the scope of International Financial Reporting Standard 3 (IFRS 3) "Business Combinations" as these are business combination of entities under common control, given that the Company and the acquired entities are ultimately controlled by the same party before and after the acquisition. The acquisitions have been accounted for in the consolidated financial statements using the pooling of interest method, which reflects the economic substance of the transaction. The Group has elected to consolidate the income, expenses, assets and liabilities of acquired entities from the date of acquisition.

6.1 (a) Acquisitions during the year

Two Point Zero Group LLC

Effective 1 January 2024, the Company acquired a 87% equity interest in Two Point Zero Group LLC ("Two Point Zero") for nil consideration. Two Point Zero, a limited liability company registered in Abu Dhabi, is an investment holding company, which at acquisition date, is mainly engaged in investments & funds management, mining, exploration and trading of metals & minerals. From the date of acquisition, Two Point Zero contributed revenue and profit to the Group amounting to AED 3,261,147 thousand and AED 3,456,803 thousand respectively.

Learn Educational Investment LLC OPC

Effective 3 January 2024, Palms Sports PJSC, a subsidiary, acquired an additional 99% equity interest in Learn Educational Investment LLC OPC ("Learn") for nil consideration, increasing its shareholding to 100%. Learn is registered in Abu Dhabi and is engaged in educational related services. From the date of acquisition, Learn contributed revenue and loss to the Group amounting to AED 61,590 thousand and AED 2,734 thousand respectively.

WAS Four Investment Sole Proprietorship LLC

Effective 1 April 2024, Two Point Zero A LLC, a subsidiary, acquired a 100% equity interest in Was Four Investment Sole Proprietorship LLC ("WAS Four") for nil consideration. WAS Four is a limited liability company, registered in Abu Dhabi and is engaged in commercial, agricultural and industrial enterprises investment, institution and management. From the date of acquisition, WAS Four contributed loss to the Group amounting to AED 90,115 thousand. If the acquisition had taken place at the beginning of the year, WAS Four would have contributed loss to the Group amounting to AED 56,655 thousand. No revenue is generated by WAS Four, as it is an investment entity.

Sawaeed Holding PJSC

Effective 30 April 2024, ESG Capital Holding LLC, a subsidiary, acquired the remaining equity interest of Sawaeed Holding PJSC ("Sawaeed"), previously accounted as an investment in associate, increasing the Group's ownership to 100%. Sawaeed is a private joint stock company, registered in Abu Dhabi and is engaged in manpower recruitment and outsourcing, real estate investment, development and management, labour accommodation management, facilities management services, catering services and provision of skills training. From the date of acquisition, Sawaeed contributed revenue and profit to the Group amounting to AED 140,024 thousand and AED 28,449 thousand respectively. If the acquisition had taken place at the beginning of the year, Sawaeed would have contributed revenue and loss to the Group amounting to AED 198,060 thousand and AED 7,574 thousand, respectively.

Reem Energy Holding RSC Ltd

Effective 26 November 2024, E Point Zero Holding RSC Ltd, acquired a 100% equity interest in Reem Energy Holding RSC Limited ("Reem Energy") for nil consideration. Reem Energy is registered in Abu Dhabi and is engaged holding ownership of real property, intellectual property, other tangible and intangible assets. From the date of acquisition, Reem Energy contribute nil loss to the Group. If the acquisition had taken place at the beginning of the year, Reem Energy would have contributed a loss to the Group amounting to AED 531 thousand. No revenue was generated by Reem Energy, as it's in the pre-operating phase.

* The net assets recognised are based on a provisional assessment of their fair values as at the acquisition date. The Group will finalise the purchase price allocation exercise of the acquisitions before the end of 2025.

Intangible assets of AED 4,112,885 thousand have been recognised as a result of aforementioned acquisitions, which comprises largely of customer relationships, customer contracts, mineral license, brand name and trade license.

Goodwill of AED 1,225,672 thousand arising from the acquisitions comprises largely the value of expected synergies arising from the acquisitions, which are not separately recognised.

The fair value measurement is based on significant inputs that are not observable in the market, which IFRS 13 "Fair Value Measurement" refers to as level 3 inputs. The fair value estimate is based on:

- Assumed discount rates of 5.8% to 26%; and
- A terminal value, calculated based on long-term sustainable growth rates for the industry ranging from 1.9% to 4%, which has been used to determine income for the future years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

66 Business Combinations continued

6.2 Acquisitions Under IFRS 3 Business Combination continued

6.2 (b) Acquisitions during the prior year continued

Intangible assets of AED 1,137,451 thousand have been recognised as a result of aforementioned acquisitions, which comprises largely of customer relationships, customer contracts, brand name and trade license.

Goodwill of AED 1,897,165 thousand arising from the acquisitions comprises largely the value of expected synergies arising from the acquisitions, which are not separately recognised.

The fair value measurement is based on significant inputs that are not observable in the market, which IFRS 13 "Fair Value Measurement" refers to as level 3 inputs. The fair value estimate is based on:

- Assumed discount rates of 5.8% to 26.3%; and
- A terminal value, calculated based on long-term sustainable growth rates for the industry ranging from 1% to 5%, which has been used to determine income for the future years.

Prior year acquisitions recognised on provisional assessment of fair values:

During the year, the purchase price allocations for all acquired entities during 2023 were completed, which resulted in the following adjustments:

Ripe Exhibition Organizer Co. LLC:

- Decrease in the fair value of identifiable assets and liabilities by AED 16,665 thousand;
- Increase in goodwill by AED 9,999 thousand; and
- Decrease in non-controlling interest by AED 6,666 thousand.

Juice SPA - Group of entities:

- Decrease in the fair value of identifiable assets and liabilities by AED 2,695 thousand; and
- Increase in goodwill by AED 2,695 thousand.

Guardtime SA:

- Decrease in the fair value of identifiable assets and liabilities by AED 36,338 thousand;
- Decrease in goodwill by AED 40,732 thousand;
- Decrease in non-controlling interest by AED 13,487 thousand; and
- Decrease in merger reserve by AED 63,583 thousand.

Sky Light Corporate Management LLC:

- Decrease in the fair value of identifiable assets and liabilities by AED 3,722 thousand;
- Increase in goodwill by AED 2,605 thousand; and
- Decrease in non-controlling interest by AED 1,117 thousand.

Al Riyadh Medical Center LLC:

- Decrease in the fair value of identifiable assets and liabilities by AED 820 thousand;
- Increase in goodwill by AED 615 thousand; and
- Decrease in non-controlling interest by AED 205 thousand.

Spotlightpos Limited:

- Decrease in the fair value of identifiable assets and liabilities by AED 1,364 thousand; and
- Increase in goodwill by AED 1,364 thousand.

Mais Interior Design LLC:

- Increase in the fair value of identifiable assets and liabilities by AED 4,898 thousand;
- Decrease in goodwill by AED 2,939 thousand; and
- Increase in non-controlling interest by AED 1,959 thousand.

The above adjustments are not material to the prior year's consolidated financial statements and accordingly were posted in the current year's consolidated statement of financial position and consolidated statement of changes in equity under other equity movement.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

- 6 Business Combinations continued
- 6.2 Acquisitions Under IFRS 3 Business Combination continued
- 6.2(b) Acquisitions during the prior year continued

2022 acquisitions recognised on provisional assessment of fair values adjusted in 2023:

During 2023, the purchase price allocations for all acquired entities during 2022 were completed, which resulted in the following adjustments:

NRTC Food Holding LLC:

- Decrease in the fair value of identifiable assets and liabilities by AED 48,000 thousand;
- Increase in goodwill by AED 20,008 thousand; and
- Decrease in non-controlling interest by AED 28,792 thousand.

The above adjustments were not material to the 2022 consolidated financial statements and accordingly were posted in the 2023 consolidated statement of financial position and consolidated statement of changes in equity under other equity movement.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

i. Contingent consideration represents the following:

- For the acquisition of 24 7 Media, an additional cash consideration of AED 40,000 thousand was to be paid to the previous owner, subject to 24 7 Media achieving a minimum net profit of AED 60,000 thousand for the year ending 31 December 2023. As at the acquisition date, the contingent consideration with an estimated fair value of AED 40,000 thousand was recorded, as it was highly probable that the targeted profit would be achieved. During 2024, Media 24 7 achieved the target net profit, resulting in AED 40,000 thousand outflow of cash to the previous owner.
- For the acquisition of PJ Steel, an additional cash consideration of AED 461 thousand was to be paid to the previous owner, subject achieving a minimum net profit of AED 1,613 thousand for the period from 1 January 2023 to 31 March 2024 and an additional cash consideration of AED 461 thousand subject to the previous owner securing new contracts to PJ Steel generating a minimum cash inflow of AED 4,608 thousand. As at the acquisition date, the total contingent consideration with an estimated fair value of AED 922 thousand was recorded, as it was highly probable that both targets will be achieved. During 2024, the Group settled AED 461 thousand to the previous owner due to PJ Steel achieving the target net profit, while the contingent consideration relating to securing new contracts was not met and accordingly not paid to the previous owner.
- ii. Represents the fair value of 50.62% ownership interest in HealthierU, a subsidiary, which was granted to a third party as part of the agreement to acquire LVL.
- iii. The fair value of consideration transferred, represents the following:
 - Aldar Estates Holding Limited, a subsidiary, issued 4,854 new shares at a fair value of AED 1,013,000 thousand of which, 2,427 shares with a fair value of AED 506,500 thousand were issued to a third party as consideration for 50% ownership interest in Elitizam Asset Management LLC. The non-controlling interest share of the newly issued shares amounted to AED 176,769 thousand.
 - Quantum Solutions Limited, a subsidiary, issued 27,676,465 new shares at a fair value of AED 77,070 thousand as a consideration for 100% ownership interest in Guardtime SA. The non-controlling interest share of the newly issued shares amounted to AED 13,487 thousand.

The total share of consideration (i.e. shares issued) allocated to non-controlling interest, amounted to AED 190,256 thousand.

Merger, acquisition and other reserves	<u>514,031</u>	<u>79,650</u>	<u>593,681</u>

6.4 Derecognition of Subsidiaries

6.4 (a) Derecognition of Subsidiaries During the year

During the year, the Group derecognised the following subsidiaries, that were previously classified as discontinued operations held for sale:

Transcend Blocker, INC

During 2023, the Group entered into a sale and purchase agreement with a buyer for the sale of Transcend Blocker, INC ("Transcend"), resulting in its classification as discontinued operations held for sale (note 20.2). The disposal was completed during the year with effect from 9 January 2024, being the date control of Transcend was passed to the acquirer, for a total consideration of AED 631,529 thousand.

Quantum Wealth Holding SPV Limited

Quantum Wealth Holding SPV Limited ("Quantum"), a subsidiary classified as held for sale, became part of the Group as a result of the acquisition of Two Point Zero Group LLC (note 6.1(a)). During the year, the sale of 34.39% ownership interest in Quantum was completed with an effective date of 22 March 2024. The fair value of retained interest in Quantum amounting to AED 77,123 thousand was classified as investment in financial assets carried at fair value through profit or loss (note 11.2).

Holiday Inn Abu Dhabi

During 2021, as part of the acquisition of Modon Holding PSC (formerly "Q Holding PSC"), Holiday Inn Abu Dhabi ("Holiday Inn"), was classified as held for sale (note 20.2). The disposal was completed during the year with effect from 31 August 2024, being the date control of Holiday Inn was passed to the acquirer, for a total consideration of AED 170,000 thousand.

ADH Energy RSC LTD

During the year, the Group entered into a sale and purchase agreement with Enersol RSC Ltd., a joint venture, dated 28 February 2024 for the sale of ADH Energy RSC LTD ("ADH Energy"), resulting in its classification as discontinued operations held for sale (note 20.2). Subsequently with effect from 30 December 2024, being the date control of ADH Energy was passed to the acquirer, the disposal was deemed to be completed for a total consideration of AED 218,500 thousand.

Further during the year, the Group derecognised the following subsidiaries:

Apex Investments PSC

Effective 30 January 2024, Ghitha Holding PJSC, a subsidiary, lost control over Apex Investment PSC ("Apex") due to the disposal of 3% shareholding against a cash consideration of AED 213,192 thousand and losing majority in the board. The retained shareholding interest of 48.5% was classified as an investment in associate at its fair value on the date of loss of control amounting to AED 3,446,901 thousand (note 10).

Diqa Technologies Limited

Effective 28 August 2024, the Company disposed of its entire ownership interest in Diqa Technologies Limited ("Diqa") for no consideration.

Q & Elevate LLC

Effective 24 July 2024, Modon Holding PSC, a subsidiary, disposed of its entire ownership interest in Q & Elevate LLC ("Q&E") for no consideration.

Reset Energy LLC

Effective 1 October 2024, the Company disposed of its entire ownership interest in Reset Energy LLC ("Reset") for no consideration.

Serenity Aviation Holding LLC

Effective 1 October 2024, due to amendments to the shareholder agreement, the Company lost control over Serenity Aviation Holding LLC ("Serenity"). As per the amended agreement, decisions over Serenity shall henceforth require the unanimous agreement of the shareholders. The retained shareholding interest of 50% was classified as an investment in joint venture at its fair value on the date of loss of control amounting to AED 28,970 thousand (note 10).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

6 Business Combinations continued

6.4 Derecognition of Subsidiaries continued

6.4 (a) Derecognition of Subsidiaries During the Year continued

LVL Technology Holding

Effective 30 December 2024, MG Wellness Holding LLC, a subsidiary, disposed of its entire ownership interest in LVL Technology Holding ("LVL") for no consideration. As per the sale agreement, the Group is entitled to a future cash payment contingent upon the resale of LVL shares by the buyer. The Group would receive 50% of any cash proceeds from such sale, capped at AED 29,400 thousand. As the fair value of the contingent consideration cannot be reliably measured, the Group has not recognised it in the consolidated financial statements.

Dicon Investment LLC

Effective 31 December 2024, Mawarid Holding Investment LLC, a subsidiary, disposed of its entire ownership interest in Dicon Investment LLC ("Dicon") for AED 3,013 thousand.

The results of the operations of the above mentioned disposed subsidiaries were not segregated on the face of the consolidated statement of profit or loss, as the amounts are insignificant.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

6 Business Combinations continued**6.4 Derecognition of Subsidiaries continued****6.4 (b) Derecognition of Subsidiaries During the Prior Year**

During 2023, the Group derecognised the following subsidiaries:

Pure Health Holding LLC

Effective 30 March 2023, as a result of amendments in certain clauses to the shareholders agreement, the Group lost control over Pure Health Holding PJSC (*formerly "Pure Health Holding LLC"*) and its subsidiaries ("Pure Health"). As per the amended shareholders agreement, resolutions that were previously passed by simple majority are now required to have at least one vote from the Group's board members and another from a member of a third party shareholder. Accordingly, Pure Health was deconsolidated and recorded as an investment in a joint venture at its fair value on the date of loss of control (note 10).

Fooj Fire Fighting Services LLC

Effective 1 October 2023, the Group disposed its shareholding in Fooj Fire Fighting Services LLC ("Fooj") to EHC Investment LLC ("EHC"), an associate, for a consideration of AED 31,275 thousand, being the fair value of the new shares issued to the Group by EHC.

The carrying value of the identifiable assets and liabilities derecognised on the respective dates are as follows:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

6 Business Combinations continued

6.4 Derecognition of Subsidiaries continued

6.4 (b) Derecognition of Subsidiaries During the Prior Year continued

i. Consideration received consists of the following:

- The fair value of the 46.12% retained interest in Pure Health, which was determined by an independent valuer, using the income and discounted cashflows approach for each cash-generating unit. The significant assumptions used include a discount rate of 9.5% to 15.2% and a terminal growth rate of 3%.
- The fair value of EHC shares received for disposing Fooj was determined by an independent valuer, using the income and discounted cashflows approach for each cash-generating unit. The significant assumptions used include a discount rate of 14.37% to 17.4% and a terminal growth rate of 2%.

Analysis of cash flow from the derecognition of the above subsidiaries is as follows:

	Pure Health AED'000	Fooj AED'000	Total AED'0a00
Cash received from derecognition	-	-	-
Cash given up on derecognition	(5,497,768)	(4,114)	(5,501,882)
Net cash outflow	<u>(5,497,768)</u>	<u>(4,114)</u>	<u>(5,501,882)</u>

6.5 Reduction in Shareholding of Subsidiaries Without a Loss of Control

6.5 (a) Reduction in Shareholding of Subsidiaries During the Year

(A) Partial disposal of shareholding in subsidiaries due to derecognition of a subsidiary

During the year, as a result of the derecognition of Apex Investment PSC (note 6.4(a)), the Group's shareholding in certain subsidiaries reduced (i.e. shareholding interest held by Apex in subsidiaries of the Group). Following is a summary of the reduction in shareholding:

	Alpha Dhabi Holding PJSC	Modon Holding PSC	Multiply Graoup PJSC	Reem Ready Mix LLC	Total
Reduction in shareholding (%)	0.005%	1.01%	0.08%	20.00%	
Carrying value of the shareholding disposed-off (AED'000)	2,310	137,841	21,334	4,196	165,681
Less: fair value of disposed shareholding (AED'000)	(16,745)	(489,779)	(57,800)	(25,949)	(590,273)
Difference recognised directly in merger, acquisition and other reserves (AED'000)	<u>(14,435)</u>	<u>(351,938)</u>	<u>(36,466)</u>	<u>(21,753)</u>	<u>(424,592)</u>

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

6 Business Combinations continued

6.5 Reduction in Shareholding of Subsidiaries Without a Loss of Control continued

6.5 (a) Reduction in Shareholding of Subsidiaries During the Year continued

(B) Partial disposal of shareholding in a subsidiary against consideration

During the year, the Group decreased its shareholding in the following subsidiaries:

	AI Modon Holding PSC(i)	AI Ajban Ajban Poultry LLC(ii)	AI Ain Fodders Factory LLC(ii)	Farms for Livestock Production(i)	Alpha Modon Holding PSC(iii)	Dhabi Holding PJSC(iv)	NMDC Group PJSC(v)	Sawaeed Holding PJSC(vi)	Total
Reduction in shareholding (%)	30.38%	51.7%	51.7%	14.7%	0.75%	0.38%	1.63%	10.65%	
Carrying value of the shareholding disposed-off (AED'000)	4,116,127	351	140,569	117,452	369,264	173,534	187,537	29,980	5,134,814
Less: consideration (AED'000)	(11,325,505)	(351)	(140,569)	(195,991)	(367,500)	(443,281)	(432,871)	(36,898)	(12,942,966)
Difference recognised directly in merger, acquisition and other reserves (AED'000)	<u>(7,209,378)</u>	<u>-</u>	<u>-</u>	<u>(78,539)</u>	<u>1,764</u>	<u>(269,747)</u>	<u>(245,334)</u>	<u>(6,918)</u>	<u>(7,808,152)</u>

- Modon Holding PSC (formerly "Q Holding PSC") and AI Ain Farms for Livestock Production PJSC issued new shares to third parties as consideration to acquire businesses (note 6.2(a)), which diluted the Group's shareholding in both Modon Holding PSC (formerly "Q Holding PSC") and AI Ain Farms for Livestock Production PJSC.
- During the year, Ghitha Holding PJSC, a subsidiary, transferred its 100% ownership interest in Ajban Fodders and Ajban Poultry to AI Ain Farms for Livestock Production PJSC, a 49.3% subsidiary, in return for ownership interest in AI Ain Farms for Livestock Production PJSC.
- During the year, the Group settled a related party balance of AED 367,500 thousand, due to an entity under common control, in the form of Modon Holding PSC (formerly "Q Holding PSC") shares.
- During the year, the Group acquired an additional 0.95% shareholding in Modon Holding PSC (formerly "Q Holding PSC") (note 6.6(a)(C)) by swapping for an equivalent fair value of shareholding in Alpha Dhabi Holding PJSC (i.e. 0.38% shareholding).
- The Group acquired property, plant and equipment amounting to AED 624,800 thousand (note 7) in exchange of new shares issued by NMDC Group PJSC to a third party, which diluted the Group's shareholding in NMDC Group PJSC. The non-controlling interest share of the newly issued shares amounted to AED 191,929 thousand.
- During the year, Abu Dhabi Land General Contracting LLC, a subsidiary, gave up its shareholding in Sawaeed Holding PJSC to a third party as a consideration to acquire 49% shareholding in United International Group for Manpower Services LLC (note 6.6(a)(C)).

Further, the Group's shareholding in the following subsidiaries decreased, due to the dilution in the Group's ownership in Modon Holding PSC (formerly "Q Holding PSC"), Alpha Dhabi Holding PJSC and Sawaeed Holding PJSC. Following is a summary of the reduction in shareholding:

	Multiply Group PJSC	Aldar Properties PJSC	Modon Holding PSC	Palms Sports PJSC	Alpha Dhabi Holding PJSC	Ghitha Holding PJSC	AI Seer Marine PJSC	Total
Reduction in shareholding (%)	0.03%	0.07%	0.03%	0.03%	0.001%	0.0003%	0.001%

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

7 Property, Plant and Equipment continued

As at 31 December 2024, capital work in progress mainly comprises of construction of labour camps, buildings, vessels, district cooling plants, the expansion of plant capacity and costs incurred towards the acquisition of dredgers, trucks, pipelines, dry dockers and mining related assets that are yet to be finalised and ready for use (2023: construction of labour camps, buildings, vessels and district cooling plants, the expansion of plant capacity and costs incurred towards the acquisition of dredgers, trucks, pipelines and dry dockers).

During the year ended 31 December 2024, the Group capitalised finance costs related to its borrowings of AED 10,813 thousand (2023: AED 6,345 thousand). The capitalisation rate range used to determine these finance costs was EIBOR +1.55% to EIBOR +1.85% (2023: EIBOR +1.85%).

Included in additions for the year ended 31 December 2024:

- During the year, NMDC Group PJSC, a subsidiary, acquired certain assets (i.e. marine dredgers, vessels and related equipment & machinery) amounting to AED 624,800 thousand, for a consideration being newly issued shares of NMDC Group PJSC (note 6.5(a)(B)).

Included in additions for the year ended 31 December 2023:

- During 2023, Aldar Investment Properties LLC, a subsidiary, signed an agreement for the purchase of staff accommodation building in Ras Al Khaimah, UAE for a total consideration of AED 81,600 thousand resulting in additions of AED 33,592 thousand to the property, plant and equipment, being the portion of the asset occupied by the Group. The remaining portion amounting to AED 48,008 thousand, which is leased to a third party, has been classified as investment properties (note 9).
- During 2023, NRTC International Investment SP LLC, a subsidiary, acquire the distribution rights and assets from a company in the Kingdom of Saudi Arabia for a total consideration of AED 253,472 thousand. Management concluded that the assets acquired do not represent a business as per the requirement of IFRS 3 Business Combinations.

During the year, the Group transferred AED 21,370 thousand from investment properties to property, plant and equipment representing the portion of the asset being occupied by the Group (2023: AED 34,374 thousand). Further, the Group transferred AED 33,796 thousand of buildings classified under property, plant and equipment to investment properties, as these were previously occupied office spaces that are now being leased (2023: AED nil) (note 9).

Property, plant and equipment with a carrying amount of AED 5,168,007 thousand (2023: AED 4,902,172 thousand) are pledged as security against borrowings (note 26).

Depreciation charge for the year has been allocated in the consolidated statement of profit or loss as follows:

	2024 AED'000	2023 AED'000
Cost of revenue (note 33)	1,711,769	1,009,908
General and administrative expenses (note 34)	744,951	608,763
Selling and distribution expenses (note 35)	29,072	18,928
Biological assets (note 16)	14,314	16,314
Capitalised to bearer plants	2,907	2,460
	2,503,013	1,656,373

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

7 Property, Plant and Equipment continued

Impairment loss for the year has been allocated in the consolidated statement of profit or loss as follows:

	2024 AED'000	2023 AED'000
Impairment of capital work in progress ⁽ⁱ⁾	485,475	-
Impairment of hotel properties ⁽ⁱⁱ⁾	51,383	-
Impairment of other assets	16,919	7,006
Total impairment	553,777	7,006
Reversal of impairment loss ⁽ⁱⁱⁱ⁾	(1,200)	(2,726)
Net impairment during the year	552,577	4,280

Impairment loss for the year has been allocated in the consolidated statement of profit or loss as follows:

	2024 AED'000	2023 AED'000
Cost of revenue (note 33)	536,858	-
General and administrative expenses (note 34)	15,719	7,006
Selling and distribution expenses (note 35)	-	(2,726)
	552,577	4,280

- During the year, the Group conducted impairment assessments on ongoing projects classified under capital work in progress and concluded that an amount of AED 485,475 thousand is required against Kasr Al Bahr hotel located in Morocco (2023: no additional impairment required). The impairment was determined by reference to a discounted cash flow method, using a growth rate of 2% and a discount rate of 10.5%.
- During the year, the Group carried out a review of recoverable amount of its hotel properties. As a result of the review, the carrying value was higher than the recoverable value and accordingly an impairment of AED 51,383 thousand was recorded (2023: the recoverable value was higher than the carrying value and accordingly no impairment was recorded). The recoverable value of relevant assets is based on fair value less cost to sell determined by independent valuer and has been determined by reference to the discounted cash flow method, using exit yield of 7% to 10% (2023: 7.5 % to 9.5%) and a discount rate of 9% to 12.1% (2023: 7.5% to 9.5%).
- The reversal of impairment during the year amounting to AED 1,200 thousand relates to a plot of land (2023: impairment reversal of AED 2,726 thousand relates to a building).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

8 Intangible Assets and Goodwill continued

Amortisation charge for the year has been allocated in the consolidated statement of profit or loss as follows:

	2024 AED'000	2023 AED'000
Cost of revenue (note 33)	141,697	110,183
General and administrative expenses (note 34)	364,880	238,814
	506,577	348,997

Goodwill

Goodwill primarily comprises sales growth, new customers and expected synergies arising from the acquisitions. Goodwill is allocated to respective cash generating units.

Brand names

Brand names represent future economic benefits in the form of future business linked with the brand names of subsidiaries acquired in various business combinations and meet the criteria for recognition as intangible assets under IAS 38.

Concession rights

In December 2018, PAL Cooling Holding LLC, subsidiary of the Company, acquired rights and obligations attached to a district cooling concessional contract relating to part of Sector 4, Reem Island Development Area, Abu Dhabi from its shareholder PAL Group of Companies LLC for AED 80 million (who concurrently acquired the same rights and obligations from Pal Technology Services LLC, a related party of the Group) to provide district cooling services to customers in a concession area developed by Tamouh. The duration of the contract is 37 years from the date of construction of the district cooling plant.

Customer contracts and customer relationship

These represent long term non-cancellable contracts with customers and non-contractual relationships which were acquired in various business combinations and meet the criteria for recognition as intangible assets under IAS 38.

Trademarks

Trademarks represent future economic benefits in the form of future business linked with the trademarks which were acquired in various business combinations and meet the criteria for recognition as intangible assets under IAS 38.

Trade license

Trade license mainly includes the following:

- License of an acquired subsidiary, Royal Horizon Holding LLC, that allows the use of the name "Fazaa" for its retail stores. The license has a useful life of 8 years; and
- License of an acquired subsidiary, Excellence Premier Investment LLC, that allows them to carry out driving centers operations in Emirate of Dubai and is carried at an indefinite useful life.

Lease benefits

Lease benefits represents the future economic benefits in the form of favorable lease arrangements the Group acquired in business combinations. These represent leases of retail shops, cold storage facilities and logistics workshop facilities having a useful life of 15 to 45 years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

8 Intangible Assets and Goodwill continued

During the year ended 31 December 2024, management performed its annual impairment review of goodwill and certain intangible assets with indefinite useful life, using the discounted cashflow model approach. Based on the impairment review, it was concluded that goodwill allocated to certain cash generating units were impaired, as the recoverable amounts were lower than the carrying values. The impairment amounting to AED 146,025 thousand (2023: nil), resulted from updating the projected cashflows to reflect the decrease in demand for services to be offered by the cash generating units.

The recoverable amounts have been computed based on value in use approach derived from financial projections made for a five-year period plus a terminal value thereafter. The methodology used for the estimation of fair value less cost to sell was discounted cash flow.

Value in use was determined by discounting cash flows and was based on the following key assumptions:

- Terminal growth rate: 2% - 7% (2023: 2% - 4.2%); and
- Discount rate: 9.3% - 21% (2023: 7.6% - 27.5%).

No reasonably possible change in any of the above key assumptions would cause the carrying values to materially exceed its recoverable amounts as of 31 December 2024.

Investment properties with a fair value of AED 4,057,875 thousand (2023: AED 5,424,212 thousand) are pledged against borrowings (note 24).

Included in additions for the year ended 31 December 2024:

- During the year, Aldar Investment Properties LLC, a subsidiary, entered into a sale and purchase agreement to exchange a property with plots of land. The fair value of the plots of land received amounted to AED 180,400 thousand while the consideration settled amounted to AED 129,166 thousand (investment properties with a carrying value of AED 123,600 thousand, presented as disposals during the year; cash consideration of AED 5,000 thousand; and other assets of AED 566 thousand), resulting in a gain of AED 51,234 thousand.
- During the year, NMDC Group PJSC, as subsidiary, acquired certain plots of land with a fair value of AED 165,000 thousand in exchange for NMDC Energy PJSC shares disposed on its listing (note 6.5(a)(D)).

Included in additions for the year ended 31 December 2023:

- During 2023, Alpha Dhabi Hospitality LLC, a subsidiary, acquired a 100% ownership interest in C 2 R Real Estate Investment - Sole Proprietorship LLC, resulting in additions to investment properties of AED 79,650 thousand. In accordance with the requirements of IFRS 3 Business Combinations, the acquisition was accounted for as an asset acquisition (note 6.3(b)).
- During 2023, Aldar Investment Properties LLC, a subsidiary, acquired a 60% ownership in AMI Properties Holding Limited ("AMI"), resulting in additions to investment properties of AED 163,854 thousand. AMI owns two plots of land on Al Maryah Island. In accordance with the requirements of IFRS 3 Business Combinations, the acquisition was accounted for as an asset acquisition (note 6.3(b)).
- During 2023, Aldar Investment Properties LLC, a subsidiary, signed an agreement for the purchase of staff accommodation building in Ras Al Khaimah, UAE for a total consideration of AED 81,600 thousand resulting in additions of AED 48,008 thousand to investment properties, being the portion of the asset leased to a third party. The remaining portion amounting to AED 33,592 thousand, being the portion of the asset occupied by the Group, has been classified as property, plant and equipment (note 7).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

9 Investment Properties continued

Land

During the year, impairment loss amounting to AED 136,692 thousand on land was recorded by the Group (2023: AED 1,768 thousand).

A market-based valuation suggests that the fair value of the Group's plots of land approximates AED 3,209,366 thousand at 31 December 2024 (2023: AED 2,411,105 thousand).

Leased properties

Leased properties mainly include real estate properties and labour camps. The fair value of the leased properties as at 31 December 2024 amounted to AED 34,668,347 thousand (2023: AED 31,197,982 thousand). As a result of the valuations conducted by independent external valuers, a net impairment of AED 266,632 thousand was recorded during the year (2023: net reversal of impairment amounting to AED 87,106 thousand).

Impairment losses (reversal of impairment losses) were derived from the following properties:

31 December 2024:

Property name	Impairment/ (reversal of impairment) AED'000	Method of valuation	Valuation inputs used
Jimi Mall	133,519	Discounted cashflow	Discount rate: 8.33%

Properties Under Development

Properties under development comprise of land and buildings under construction, where the Group has approved plan to develop commercial and residential properties.

During the year, the Group conducted impairment assessments on its ongoing projects classified as properties under development, which resulted in no impairment (2023: no impairment).

The fair value of the Group's investment properties as at 31 December 2024 and 2023 has been arrived by management by reference to valuation carried out on the respective dates by independent external valuers. The independent valuers have appropriate qualifications and recent experience in the valuation of properties in the relevant locations.

The following table shows the fair value analysis of assets by level of the fair value hierarchy for the year ended 31 December:

	Level 1 AED'000	Level 2 AED'000	Level 3 AED'000	Total AED'000
31 December 2024				
Investment properties (excluding properties under development)	-	1,284,400	36,593,313	37,877,713
31 December 2023				
Investment properties (excluding properties under development)	-	1,179,253	32,429,834	33,609,087

There were no transfers between level 1, level 2 and level 3 fair values during current and previous year.

The fair value of investment properties is determined using market-based approach and discounted cash flow (DCF) model.

Market based approach considers recent market transactions for similar assets or quotes / bid prices for same or similar assets.

DCF considers the present value of net cash flows to be generated from the property, taking into account expected rental growth rate, void periods, occupancy rate, lease incentive costs such as rent-free periods and other costs not paid by tenants. The expected net cash flows are discounted using risk-adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary) and lease terms factors specific to the respective properties.

* These became associates and joint ventures of the Group during the year as a result of business combinations.

** Derecognised as a result of the derecognition of Apex Investment PSC and Serenity Aviation Holding LLC as subsidiaries (note 12.4(a)).

i. Sawaeed Holding PJSC (“Sawaeed”)

During the year, the Group obtained control over Sawaeed effective from 30 April 2024. The acquisition of Sawaeed was accounted for as an acquisition under common control (note 6.1(a)), and accordingly the investment in associate was derecognised and the carrying value of the previously held equity interest amounting to AED 125,150 thousand was transferred to investment in subsidiaries.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

10 Investment in Associates and Joint Ventures continued

ii. Deco Vision Company - WLL (“Deco Vision”), Modon Properties PJSC (“Modon”), DTEC Industries Limited (“DTEC”) and API Capital Management Limited (“API”)

During the year, the Group obtained control over Deco Vision, Modon, DTEC and API effective from 1 January 2024, 27 February 2024, 31 October 2024 and 8 July 2024 respectively, and accordingly the investment in associates and joint venture were derecognised and the fair value of their previously held equity interest were transferred to investment in subsidiaries as follows:

	Deco Vision AED'000	Modon AED'000	DTEC AED'000	API AED'000	Total AED'000
Fair value of previously held equity interest (note 6.2(a))	69,054	13,141,968	148	376	13,211,546
Carrying value of previously held equity interest	(39,137)	(12,710,376)	(148)	(376)	(12,750,037)
Fair value gain on revaluation of previously held equity interest	29,917	431,592	-	-	461,509

iii. Apex Investment PSC (“Apex”) and Serenity Aviation Holding LLC (“Serenity”)

Effective 30 January 2024, Apex, previously a subsidiary, became an associate of the Group due to loss of control (note 6.4(a)). The Group retains significant influence in Apex, through its board representation (i.e. two out of five board members) and its participation in decisions over the relevant activities.

Further, effective 1 October 2024, Serenity, previously a subsidiary, became a joint venture of the Group due to loss of control as a result of an amendment to the shareholders agreement (note 6.4(a)). The Group retains joint control in Serenity, as decisions are taken unanimously.

iv. Em Sherif Holding Ltd (“Em Sherif”), Akiko Global Commercial Broker LLC (“Akiko”), Dune Limited (“Dune”), EHC Investment LLC (“EHC”) and Enersol RSC Ltd (“Enersol”)

During the year, the Group acquired 35.10%, 30% and 57.50% shareholding interest in Em Sherif, Akiko and Dune respectively for cash consideration of AED 137,455 thousand, AED 120 thousand and AED 58 thousand respectively. Furthermore, the Group acquired 3% additional shareholding interest in EHC for a cash consideration of AED 15,240 thousand.

Moreover, during the year, the Group acquired 49% shareholding interest in Enersol as a form of consideration for the disposal of a subsidiary, namely Transcend Blocker INC, which was recorded as a joint venture at its fair value amounting to AED 309,449 thousand (note 6.4(a)). After which, the Group injected an additional cash of AED 524,562 thousand in Enersol.

v. Iskandar Holdings Limited (“Iskandar”), Safeen Survey and Subsea Services LLC (“Safeen”), Ta’ziz UAE Investment Company RSC Limited (“Ta’ziz”), Micad Credit JV RSC LTD (“MICAD”), South Development One DWC LLC (“South Development One”), South Development Two DWC LLC (“South Development Two”), Chimhaeres Investment Holding Limited (“Chimhaeres”), Alpha Wave Ventures GP, Ltd (“AWV”), Alpha Wave Credit GP, Ltd (“AWC”), Mount Anvil (“Mount”), Citadel Technologies Group LLC (“Citadel”) and MW Energy Limited (“MW Energy”)

The Group injected additional cash in Iskandar, Safeen, Ta’ziz, MICAD, South Development One, South Development Two, Chimhaeres, AWV, AWC, Mount, Citadel and MW Energy amounting to AED 1,438 thousand, AED 199,026 thousand, AED 103,565 thousand, AED 76,008 thousand, AED 13,776 thousand, AED 35,000 thousand, AED 7,345 thousand, AED 734 thousand, AED 184 thousand, AED 9,170 thousand, AED 113,949 thousand and AED 30,329 thousand respectively.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

10 Investment in Associates and Joint Ventures continued

vi. Grupo Nutresa S.A. ("Nutresa") and El Sewedy Electric Company ("El Sewedy")

On 12 April 2024, the Group increased its ownership interest in Nutresa to 14.83% by acquiring an additional 12.38% stake and obtained significant influence through the appointment of a board member during Nutresa's General Assembly held on 20 June 2024.

Further, on 8 December 2024, the Group increased its ownership interest in El Sewedy to 20.37% by acquiring an additional 0.39% stake and obtained significant influence through the appointment of a board member.

Prior to obtaining significant influence, the investments in Nutresa and El Sewedy were classified as a financial asset carried at fair value through profit or loss. Upon obtaining significant influence, they were reclassified as investment in associate at their fair values amounting to AED 3,260,637 and AED 2,870,225 thousand respectively (note 11.2).

vii. Intelligrid AI Ltd ("Intelligrid"), Richmond College ("Richmond"), Riviera RSC Limited ("Riviera"), Jetex AI Bateen FBO Aviation Services LLC ("Jetex"), TGC ACC JV ("TGC"), NPC NNGT JV ("NPC") and South Development Three DWC LLC ("South Development Three")

Riviera and Jetex were incorporated by the Group during the year by injecting cash of AED 1,652,713 thousand and AED 150 thousand respectively. Further, Intelligrid, Richmond, TGC, NPC and South Development Three were incorporated during the year with their capital not yet paid as at reporting date.

Movements in investment in associates and joint ventures are as follows:

	2024 AED'000	2023 AED'0a00
At 1 January	38,060,257	7,654,312

Share of other comprehensive (loss) income for the year	(168,760)	80,573
Foreign exchange translation	(481,540)	(8,530)
Dividends received during the year	(408,738)	(241,046)
At 31 December	<u>40,299,778</u>	<u>38,060,257</u>

i. Included in additions are:

2024:

- AED 3,446,901 thousand, being the fair value of the retained interest in Apex Investment PSC at the date on which the Group lost control (i.e. 30 January 2024) (note 6.4(a)).
- AED 309,449 thousand, relating to Enersol RSC Ltd, being the fair value of the consideration received as part of disposal of Transcend Blocker INC (note 6.4(a)).
- AED 276,470 thousand, being contribution in Kalyon Enerjij Yatirimlari A.S ("Kalyon"), resulting from the conversion of a loan provided to Kalyon by the Group into additional capital (note 37.1).
- AED 28,970 thousand, being the fair value of the retain interest in Serenity Aviation Holding LLC at the date on which the Group lost control (i.e. 1 October 2024) (note 6.4(a)).
- AED 107,065 thousand, being the in-kind contribution of ADH Energy RSC LTD to a joint venture, Enersol RSC Ltd, (note 6.4(a)).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

10 Investment in Associates and Joint Ventures continued

i. Included in additions are: (continued)

2023:

- AED 14,159,134 thousand, being the fair value of the retained interest in Pure Health Holding LLC at the date on which the Group lost control (i.e. 30 March 2023) (note 6.4(b)).
 - AED 762,313 thousand relating to Al Eskan Al Jamae LLC, which became an associate of the Group due to the acquisition of Tri Star Investment LLC, an entity treated as an acquisition of assets (note 6.3(b)).
 - AED 1,171,439 thousand, being the fair value of the non-monetary contribution to acquire Emirates Sdeira Real Estate Investment Group LLC (formerly "Kezad Communities Development and Services Company LLC").
 - AED 129 thousand advance paid during 2022 to acquire DTEC Industries Limited, which was previously included in trade and other receivables in 2022.
 - AED 66,395 thousand, being the fair value of the non-monetary contribution to acquire additional shareholding in EHC Investments LLC.
- ii. Included in disposals for the year ended 31 December 2023 are the following:
- AED 762,313 thousand, being the carrying value of Al Eskan Al Jamae LLC derecognised to acquire Emirates Sdeira Real Estate Investment Group LLC (formerly "Kezad Communities Development and Services Company LLC").
 - AED 85,240 thousand received by the Group from EDE Research Institute LLC ("EDE"), being the reduction in the additional capital contributed, as per the shareholders resolution passed on 14 April 2023.
 - AED 13,905 thousand received by the Group as a further capital reduction in Abu Dhabi Finance PJSC. The Group's carrying value of the investment as of 31 December 2023 is nil.
 - AED 2,226 thousand, being the carrying value of Emirates International Gas LLC derecognised to acquire additional shareholding in EHC Investments LLC.

iii. Transferred to investment in subsidiaries includes the following:

	2024 AED'000	2023 AED'000
Sawaeed Holding PJSC (note 10(i))	125,150	-
Deco Vision Company - WLL (note 10(ii))	39,137	-
Modon Properties PJSC (note 10(ii))	12,710,376	-
DTEC Industries Limited (note 10(ii))	148	-
API Capital Management Limited (note 10(ii))	376	-
Aldar Estate Holding LLC shares acquired through business combination (note 6.6(a)(A))	472,203	-
Lynx Technology Group Ltd.	-	3,205
Progressive Real Estate Development LLC	-	5,572
Eltizam Asset Management LLC	-	189,778
	<u>13,347,390</u>	<u>198,555</u>

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

10 Investment in Associates and Joint Ventures continued

iv. Included in share of profit for the year are:

	2024 AED'000	2023 AED'000
Gain on increase in equity of an associate ^(a)	850,387	-
Gain on acquisition of associates ^(b)	-	12,294,253
Gain on deemed disposal of associates ^(c)	-	144,694
Impairment loss during the year, net of reversals ^(d)	(118,093)	(28,493)
Share of profit for the year	<u>901,436</u>	<u>822,764</u>
	<u>1,633,730</u>	<u>13,233,218</u>

- a- During the year, Pure Health Holding PJSC ("Pure Health") acquired 75% shareholding in Sheikh Shakhbout Medical City LLC – OPC ("SSMC") from one of its shareholders for nil consideration. This resulted in an increase in the Group's share of Pure Health net assets by AED 850,387 thousand, which was recognised as an increase in the investment in Pure Health with a corresponding gain.
- b- Gain on acquisition of associates for the year ended 31 December 2023, was from the acquisition of 49% stake in Modon Properties PJSC and 45% stake in National Corporation for Tourism and Hotels PJSC. As required by IAS28, the Group performed purchase price allocation exercise, which resulted in a total gain of AED 12,294,253 thousand for the excess of the Group's share of net fair value of identifiable assets and liabilities over the cost of investment.
- c- Gain on deemed disposal of associates for the year ended 31 December 2023, was from the issuance of new shares by EHC Investment LLC and Pure Health Holding PJSC to third parties, diluting the Group's shareholding and resulting in a total gain on deemed disposal of AED 144,694 thousand.
- d- During the year ended 31 December 2024 and 31 December 2023, the Group performed impairment assessment for investments in associates and joint ventures and concluded the following:

	2024 AED'000	2023 AED'000
Impairment of Lulo Bank S.A	118,093	65,874
Impairment of BGI for Commercial Investment LLC	-	4,419
Impairment of Lazio Real Estate Investment LLC	-	200
(Reversal of impairment) of EDE Research Institute LLC	-	(42,000)
	<u>118,093</u>	<u>28,493</u>

Included in the consolidated statement of profit or loss for the year ended 31 December 2024 and 31 December 2023 is as follows:

	2024 AED'000	2023 AED'000
Gain on disposal of Al Eskan Al Jamae LLC	-	417,279
Gain on disposal of Emirates International Gas LLC	-	32,895
Gain on partial disposals of investment in associates, net	17,665	42,936
	<u>17,665</u>	<u>493,110</u>
Total gain on disposal of investment in associates and joint ventures	17,665	493,110
Share of profit for the year	1,633,730	13,233,218
Fair value gain on revaluation of previously held equity interest	461,509	318,699
	<u>2,112,904</u>	<u>14,045,027</u>

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

11 Investment in Financial Assets

	Notes	2024 AED'000	2023 AED'000
Investments carried at fair value through other comprehensive income	11.1	1,023,429	1,391,383
Investments carried at fair value through profit or loss	11.2	83,946,265	60,237,417
Investments carried at amortised cost	11.3	69,091	124,320
		85,038,785	61,753,120

Disclosed in the consolidated statement of financial position as follows:

	2024 AED'000	2023 AED'000
Current	71,440,334	39,912,437
Non-current	13,598,451	21,840,683
	85,038,785	61,753,120

11.1 Investments Carried at Fair Value Through Other Comprehensive Income

	2024 AED'000	2023 AED'000
Quoted equity investments	120,519	176,872
Unquoted equity investments	902,910	1,214,511
	1,023,429	1,391,383

Management of the Group has elected to designate these investments in financial instruments as fair value through other comprehensive income, as they believe that recognising short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Group's strategy of holding these investments for long-term purposes and realising their performance potential in the long run.

The geographical distribution of investments is as follows:

	2024 AED'000	2023 AED'000
Inside the UAE	406,398	464,237
Outside the UAE	617,031	927,146
	1,023,429	1,391,383

As of 31 December 2024, there were no investments in shares held in the name of a related party under common control, for the beneficial interest of the Group (2023: AED 745 thousand).

31 December 2024

11 Investment in Financial Assets continued

11.1 Investments Carried at Fair Value Through Other Comprehensive Income continued

The investments are recorded at fair value using the valuation techniques as disclosed in note 43. Movement in investment in financial assets carried at fair value through other comprehensive income is as follows:

	2024			2023		
	Debt instruments AED'000	Equity securities AED'000	Total AED'000	Debt instruments AED'000	Equity securities AED'000	Total AED'000
At 1 January	-	1,391,383	1,391,383	89,141	1,698,894	1,788,035
Additions(i)	-	24,470	24,470	2,040	399,140	401,180
Acquired in business combinations (note 6.1(a))	-	58,795	58,795	-	-	-
Disposals	-	(422,031)	(422,031)	(1,778)	(3,443)	(5,221)
Derecognition of subsidiaries (note 6.4)	-	(2,059)	(2,059)	(90,504)	(147,929)	(238,433)
Transfer to investment in subsidiaries(ii)	-	(12,634)	(12,634)	-	(13,025)	(13,025)
Transfer to investment in associates (note 10)	-	(2,308)	(2,308)	-	-	-
Foreign exchange loss	-	(9,171)	(9,171)	-	-	-
Changes in fair value	-	(3,016)	(3,016)	1,101	(542,254)	(541,153)
At 31 December	-	1,023,429	1,023,429	-	1,391,383	1,391,383

i. Included within additions for the year ended 31 December 2023 are:

- AED 1,718 thousand, being an investment acquired as part of an acquisition of an entity treated as an asset acquisition during the year (note 6.3(b)).
- AED 209 thousand, being an investment acquired by Palms Sports PJSC, a subsidiary of the Group, from the Ultimate Parent for nil consideration. The investment was recorded at its fair value of AED 209 thousand, and the excess of the fair value over the consideration was recognised within equity under merger, acquisition and other reserves.

ii. Transfer to investment in subsidiaries represents the following:

	2024 AED'000
Aldar Properties PJSC shares acquired in business combination (note 6.6(a)(A))	5,460
Modon Holding PSC (formerly "Q Holding PSC") shares acquired in business combination (note 6.6(a)(A))	2,941
Alpha Dhabi Holding PJSC shares acquired in business combination (note 6.6(a)(A))	1,949
Multiply Group PJSC shares acquired in business combination (note 6.6(a)(A))	1,012
Al Seer Marine Supplies and Equipment Company PJSC shares acquired in business combination (note 6.6(a)(A))	712
Ghitha Holding PJSC shares acquired in business combination (note 6.6(a)(A))	266
Learn Educational Investment LLC transferred to investment in subsidiary*	294
	12,634

* During the year, the Group obtained control over Learn Educational Investment LLC through acquiring the remaining 99% ownership interest. Accordingly, the fair value of the previously held equity interest amounting to AED 294 thousand was transferred to investment in subsidiaries (note 6.1(a)).

2023:

During 2023, the Group obtained control over LVL Technology Holding through acquiring an additional 33% ownership interest. Accordingly, the fair value of the previously held equity interest amounting to AED 13,025 thousand was transferred to investment in subsidiaries (note 6.2(b)).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Alpha Dhabi Holding PJSC shares acquired in business combination (note 6.6(a)(A))	37,600
Aldar Properties PJSC shares acquired through business combination (note 6.6(a)(A))	11,029
	815,193

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

11 Investment in Financial Assets continued

11.2 Investments Carried at Fair Value Through Profit or Loss continued

- iii. During the year ended 31 December 2023, The Group lost significant influence in Bayanat AI PLC, an investment previously classified as an investment in associate with a carrying value of AED 469,575 thousand (note 10). Accordingly, the investment was transferred to investments carried at fair value through profit or loss at its fair value of AED 1,287,202 thousand, resulting in a fair value gain of AED 817,627 thousand (note 36).

11.3 Investments Carried at Amortised Cost

	2024 AED'000	2023 AED'000
Debt instruments	<u>69,091</u>	<u>124,320</u>

Debt instruments are stated at amortised cost using the effective profit rate method.

The geographical distribution of investments is as follows:

	2024 AED'000	2023 AED'000
Inside the UAE	48,006	47,733
Outside the UAE	<u>21,085</u>	<u>76,587</u>
	<u>69,091</u>	<u>124,320</u>

Movement in investment in financial assets carried at amortised cost is as follows:

	2024 AED'000	2023 AED'000
At 1 January	124,320	229,509
Additions	64,614	586,336
Disposals	(87,188)	(652,149)
Reversal (allowance for) of expected credit losses	242	(372)
Foreign exchange loss	<u>(32,897)</u>	<u>(39,004)</u>
At 31 December	<u>69,091</u>	<u>124,320</u>

During the year ended 31 December 2024, the Group recorded a reversal on expected credit loss of AED 242 thousand on financial assets carried at amortised cost (2023: expected credit loss charge of AED 372 thousand).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

12 Interest in Joint Operations

The Group has share of assets, liabilities and results of operations for the following joint operations:

Joint operations	Ownership interest	
	2024	2023
Technip - NPCC - Satah Full Field	50%	50%

Work in progress	527,605	80,943
Less: allowance for slow moving inventories	<u>(348,584)</u>	<u>(111,234)</u>
	<u>42,953,551</u>	<u>15,321,904</u>

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

13 Inventories continued

During the year, Modon Holding PSC (formerly "Q Holding PSC"), a subsidiary, acquired a 100% ownership interest in both Oryx Action Restricted Limited and Sahel Restricted Limited, resulting in additions to land plots held for sale of AED 1,156,852 thousand. In accordance with the requirements of IFRS 3 Business Combinations, the acquisitions were accounted for as asset acquisitions (note 6.3). (2023: Aldar Properties PJSC, a subsidiary, acquired 3.4 million square meters of land plots on Al Fahid Island and 3 parcels of land in Dubai, for consideration of AED 2.5 billion and AED 2.08 billion respectively, which are payable over a period of 5 years. These lands were recognised at the present value of the consideration payable amounting to AED 3.86 billion (note 28)).

Movement in allowance for slow moving inventories is as follows:

	2024 AED'000	2023 AED'000
At 1 January	111,234	487,127
Acquired in business combinations	242,186	4,100
Charge for the year	42,505	60,441
Reversals during the year	(40,676)	(3,240)
Write-off during the year	(690)	(41,598)
Derecognition of subsidiaries	(5,975)	(395,596)
At 31 December	<u>348,584</u>	<u>111,234</u>

As at 31 December 2024, inventories amounting to AED 10,431 thousand were pledged as security against borrowings (2023: AED 56,445 thousand) (note 24).

The determination of net realisable value ("NRV") of land plots held for sale is based on external valuations using various valuation methodologies and techniques. Based on the NRV assessment conducted during the year, no write down to NRV on land plots held for sale was recorded (note 33) (2023: land plots held for sale were written down to its NRV by an amount of AED 109,198 thousand).

During the year, Modon Holding PSC (formerly "Q Holding PSC"), a subsidiary, transferred lands from investment properties to land plots held for sale amounting to AED 22,799,584 thousand due to change in the management intention towards these land plots, as management intends to sell these plots (note 9).

During the year, the Group transferred AED 45,400 thousand from inventories to property, plant and equipment (2023: nil), as the land will be used for a school building (note 7).

During the year, completed properties with an aggregate value of AED 148,921 thousand were transferred to inventories from development work-in-progress upon completion (2023: AED 44,391 thousand) (note 17).

During the year, land plots held for sale amounting to AED 2,708,535 (2023: AED 882,063 thousand) (note 17) were transferred to development work in progress, as management intends to develop these lands for future sale.

Allowance for slow moving charge for the year has been allocated to the consolidated statement of profit or loss as follows:

	2024 AED'000	2023 AED'000
Cost of revenue (note 33)	2,718	1,061
General and administrative expenses (note 34)	(889)	56,140
	<u>1,829</u>	<u>57,201</u>

As at 31 December 2024 and 31 December 2023, the Group determined the net realisable value of its inventories and conclude that they are stated at the lower of cost and net realisable value.

Receivables relating to project finance	127,829	131,940
Other non-current receivables	344,638	165,817
	<u>3,405,159</u>	<u>2,922,578</u>

i. Margin receivables relate to receivables from customers from margin trading services. As at 31 December 2024, the securities available in the margin trading account amounted to AED 8,011,757 thousand (2023: AED 7,794,556 thousand), which are held as collateral against the margin receivables. There was no provision for impairment on margin trade receivables as of 31 December 2024 (2023: nil).

ii. During 2022, the Group entered into an agreement to acquire equity shares. As per the agreement, the Group is entitled to receive a guaranteed return over a period of time reduced by any dividends that may be declared and paid by the investee. Accordingly, the Group recognised a non-current receivable of AED 1.94 billion on the transaction date, using a discount rate of 8%, with a corresponding deferred income.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

14 Trade and Other Receivables continued

The average credit period on sale of goods and rendering of services is 30 - 90 days. No interest is charged on the outstanding trade receivables.

The Group measures the loss allowance for trade receivables, contract assets and other receivable at an amount equal to lifetime ECL. The expected credit losses on financial assets and contract assets are estimated using a provision matrix based on the Group's historical credit loss experience and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtor operates and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

Below is the information about the credit risk exposure on the Group's trade receivables:

	Not past Total AED'000	<30 due AED'000	31-60 days AED'000	61-120 days AED'000	121-360 days AED'000	>360 days AED'000	days AED'000

31 December 2024

15 Loans Receivable

The below loans receivable are as a result of acquisition of Two Point Zero Group LLC during the year. Below are the details of loans receivable as of 31 December 2024:

	Interest rate	Instalment	Maturity	2024 AED'000	2023 AED'000
Loan 1	15%	Bullet payment	October 2028	7,350,000	-
Loan 2	11%	Bullet payment	June 2038	222,419	-
Loan 3	SOFR+6.75%	Multiple	September 2028	165,611	-
Loan 4	EURIBOR+9.25%	Multiple	August 2028	152,888	-
Loan 5	15%	Bullet payment	July 2023	98,422	-
Loan 6	SONIA+8.5%	Multiple	August 2028	96,761	-
Loan 7	8%	Bullet payment	March 2023	55,088	-
Loan 8	10%	Bullet payment	September 2023	54,559	-
				8,195,748	-
Less: allowance for expected credit losses				(103,166)	-
Loans receivable, net				8,092,582	-

For loan 5, an amount of AED 8,447 thousand was converted into preference shares during the year and classified to investments carried at fair value through profit or loss. The remaining balance of AED 98,422 thousand is also convertible to preference shares subject to the regulatory approvals.

For loans 7 and 8, as the payments were not received on their due dates, the Group issued demand letters for the payment and reservation rights on the collateralised assets. Accordingly, during the year, the Group recorded allowance for expected credit losses on these loans amounting to AED 41,315 thousand and AED 35,053 thousand respectively.

Movements in loans receivable are as follows:

	2024 AED'000	2023 AED'000
At 1 January	-	-
Acquired in business combination (note 6.1(a))	8,233,746	-
Additions during the year	3,489	-
Repayments during the year	(19,035)	-
Capitalised interest	20,257	-
Converted into equity(i)	(30,482)	-
Foreign exchange loss	(12,227)	-
At 31 December	8,195,748	-

As part of a business combination during the year, the Group acquired a loan receivable of AED 22,035 thousand carrying a fixed interest rate of 15% per annum with a maturity of 31 December 2023. Subsequently on 5 April 2024, the Group entered into a subscription agreement to convert the entire loan amount into equity ownership, a process that was completed on 25 April 2024. Accordingly, the loan balance of AED 22,035 thousand and its related interest receivable of AED 3,305 thousand was reclassified as an investment in financial assets. The total value of converted loans, including Loan 5 and the interest receivable, amounting to AED 33,787 thousand, were classified as investments carried at fair value through profit or loss (note 11.2).

The movement in the allowance for expected credit losses on loans receivable during the year is as follows:

	2024 AED'000	2023 AED'000
Balance at 1 January	-	-
Acquired in business combination (note 6.1)	26,798	-
Charge for the year (note 34)	76,368	-
Balance at 31 December	103,166	-

17 Development Work-In-Progress

Development work-in-progress represents development and construction costs incurred on properties being constructed for sale. Land granted without consideration to the Group is accounted for at nominal value.

Movement during the year is as follows:

	2024 AED'000	2023 AED'000
At 1 January	9,674,319	6,990,398
Acquired in business combinations (note 6.2(b))	-	1,152,558
Development costs incurred during the year	10,693,760	5,284,627
Transferred from property, plant and equipment ⁽ⁱ⁾ (note 7)	40,290	-
Transferred from inventories (note 13)	2,708,535	882,063
Transferred to property, plant and equipment ⁽ⁱⁱ⁾ (note 7)	(33,129)	(22,597)
Transferred to investment properties ⁽ⁱⁱⁱ⁾ (note 9)	(12,934)	(316,531)
Transferred to inventories (note 13)	(148,921)	(44,391)
Recognised in direct costs of properties sold	(9,378,204)	(3,674,913)
Project costs written-off ^(iv) (note 33)	(19,748)	(133,216)
Foreign exchange difference	(953,649)	(443,679)
	<u>12,570,319</u>	<u>9,674,319</u>
Less: provision for impairment	(941,024)	(563,925)
At 31 December	<u>11,629,295</u>	<u>9,110,394</u>

- i. During the year, the Group transferred land with a carrying value of AED 40,290 thousand (2023: nil) from property, plant and equipment to development work-in-progress due to change in use, as the Group intends to develop the land.
- ii. During the year, the Group transferred development work-in-progress with a carrying value of AED 33,129 thousand (2023: AED 22,597 thousand) to property, plant and equipment due to change in use, as the Group intends to construct an education building on the land (2023: construct labor camps on the land).
- iii. During the year, the Group transferred development work-in-progress with a carrying value of AED 12,934 thousand (2023: AED 316,531 thousand) to investment properties due to change in use, as these properties are under development for lease and management intends to lease these properties on completion (2023: same).
- iv. During the year, project costs of AED 19,748 thousand (2023: AED 133,216 thousand) were written-off. These costs relate to non-viable design/ uses and other costs relating to projects under planning which management considers not feasible to continue.

During the year, net borrowing costs amounting to AED 33,727 thousand were capitalised within development work-in-progress (2023: nil).

Movement in provision for impairment is as follows:

	2024 AED'000	2023 AED'000
At 1 January	563,925	622,850
Charge (reversal) for the year, net(i) (note 33)	377,099	(52,927)
Write off during the year	-	(5,998)
At 31 December	<u>941,024</u>	<u>563,925</u>

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

17 Development Work-In-Progress continued

- i. During the year, the Group determined the net realisable value of its development work in progress and concluded that the carrying value was higher than the net realisable value for certain projects and accordingly a net provision of impairment amounting to AED 377,099 thousand was recorded (2023: carrying value lower than net realisable value for certain project and accordingly a net reversal of provision of impairment amounting to AED 52,927 thousand was recorded). The estimates of net realisable values are based on the most reliable evidence available at the reporting date, of the amount that the Group is expected to realise in its ordinary course of business. These estimates also take into consideration the purpose for which the asset is held.

18 Contract Assets

Amounts relating to contract assets are balances due from customers under contracts that arise when the Group receives payments from customers in line with a series of performance related milestones. The Group will previously have recognised a contract asset for any work performed. Any amount previously recognised as a contract asset is reclassified to trade receivables at the point at which it is invoiced to the customer.

	2024 AED'000	2023 AED'000
Contract assets ⁽ⁱ⁾	13,571,548	9,088,213
Contract costs ⁽ⁱⁱ⁾	426,879	1,047,327
	13,998,427	10,135,540
Less: allowance for expected credit losses	(184,456)	(158,925)
	<u>13,813,971</u>	<u>9,976,615</u>

- i. Contract assets mainly comprise of the following

	2024 AED'000	2023 AED'000
Contract assets from construction projects	6,168,247	4,111,530
Contract assets from sale of properties	4,698,240	1,845,743
Contract assets from dredging and marine works	1,056,545	2,258,130
Others	1,648,516	872,810
	<u>13,571,548</u>	<u>9,088,213</u>

- ii. Contract costs represent costs incurred on projects, on which the Group is not contractually entitled to recognise revenue until various work packages are completed and handed over.

The movement in the allowance for expected credit loss against contract assets during the year is as follows:

	2024 AED'000	2023 AED'000
At 1 January	158,925	89,970
Acquired in business combination	9,540	2,000
Charge for the year, net (note 34)	15,991	69,573
Written off during the year	-	(2,618)
	<u>184,456</u>	<u>158,925</u>

	<u>37,920,593</u>	<u>16,083,638</u>

- i. In accordance with the regulations issued by the Emirates Securities and Commodities Authority ("ESCA"), a subsidiary of the Group maintains separate bank accounts for advances received from its customers ("clients' deposits"). The clients' deposits are not available to the Group other than to settle transactions executed on behalf of the customers. Although the use of the clients' deposits by the Group is restricted, they have been presented on the consolidated statement of financial position as notified by ESCA.
- ii. Restricted cash mainly includes an amount of AED 6,181,220 thousand (2023: AED 6,624,183 thousand), which are deposited into escrow accounts representing cash received from customers against the sale of development properties. The remaining balance of restricted cash mainly represent balances designated against government projects and dividends payable for which separate bank accounts are maintained.

Term deposits are placed with commercial banks. These are mainly denominated in the UAE Dirhams and earn interest at market rates. These deposits have original maturity between 1 to 12 months.

Balances with banks are assessed to have low credit risk since they are highly regulated by the central banks of the respective countries. Accordingly, the Group estimates the loss allowance on balances with banks at an amount equal to 12-month ECL. None of the balances with banks are past due and taking into account the historical default experience and the current credit ratings of the bank, impairment loss allowances of AED 135 thousand (2023: AED 31,001 thousand) is considered sufficient. During the year, ECL of AED 60 thousand was acquired as part of business combinations, which is netted off by net reversals of AED 30,926 thousand (note 34) (2023: charge of AED 3,939 thousand netted off by AED 3,992 thousand from derecognition of a subsidiary).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

20 Discontinued Operations and Assets Held For Sale

20.1 Assets Held for Sale – Building

On 5 November 2024, the Board of Directors of Emirates Driving Company PJSC, a subsidiary, approved the plan to sell a building located in Saadiyat Island. The sale of the building is expected to be completed within one year from the reporting date. Accordingly, the building previously classified as investment properties was transferred to assets held for sale in accordance with IFRS 5 Non-Current Asset Held for Sale and Discontinued Operations.

The movement during the year is as follows:

	2024 AED'000	2023 AED'000
At 1 January	-	1,256,424
Transfer from investment properties (note 9)	117,130	-
Completed sales during the year(i)	-	<u>(1,256,424)</u>
At 31 December	<u>117,130</u>	<u>-</u>

- i. Al Tamouh Investments Company LLC, a subsidiary, entered into a sale and purchase agreement in respect of one of its assets having a net book value of AED 385,119 thousand. Further, Modon Holding PSC (formerly "Q Holding PSC"), a subsidiary, committed based on a sale and purchase agreement to sell its property, plant and equipment and investment properties relating to the Traditional Souq project with a net book value of AED 871,305 thousand. During 2023, both sales with a value of AED 1,256,424 thousand were completed, resulting in a gain of AED 218,348 thousand (note 36).

20.2 Discontinued operations

Paragon Mall LLC ("Paragon")

On 31 October 2020, the Group signed a sale and purchase agreement to sell a subsidiary, Paragon Mall LLC. During 2021, a loan amounting to AED 242,422 thousand was settled, in order to meet one of the conditions precedent set in the sale and purchase agreement. As at 31 December 2024, the sale was not completed.

Holiday Inn Abu Dhabi ("Holiday Inn")

Holiday Inn Abu Dhabi, a subsidiary classified as held for sale, became part of the Group as a result of the acquisition of Modon Holding PSC (formerly "Q Holding PSC") in 2021. Prior to acquisition, the buyer and Modon Holding PSC (formerly "Q Holding PSC") entered into a sale and purchase agreement for the sale of Holiday Inn and accordingly, the subsidiary was classified under discontinued operations. The disposal was completed during the year with effect from 31 August 2024 (note 6.4(a)).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

20 Discontinued Operations and Assets Held For Sale continued

20.2 Discontinued Operations continued

Transcend Blocker. INC ("Transcend")

During 2023, the Group decided to dispose of Transcend Blocker INC., a subsidiary, therefore classifying it under discontinued operations. During the year, the sale of Transcend was completed with effect from 9 January 2024 (note 6.4(a)).

ADH Energy RSC LTD

During the year, the Board of Directors of Alpha Dhabi Holding PJSC, a subsidiary, approved the sale of ADH Energy RSC LTED to Enersol RSC Ltd ("Enersol"), a joint venture, which was subsequently approved by the Board of Directors of Enersol on 28 February 2024 and accordingly being classified under discontinued operations. The disposal was completed during the year with effect from 30 December 2024 (note 6.4(a)).

Al Jaraf Fisheries LLC ("Al Jaraf Fisheries") and Arena Stuart Rentals Inc. ("ASR")

As of 31 December 2024, the Board of Directors of Ghitha Holding PJSC and Arena Events Group Limited, both subsidiaries of the Group, approved the plan to sell their respective shareholding in Al Jaraf Fisheries LLC and Arena Stuart Rentals Inc., therefore classifying them under discontinued operations in accordance with IFRS 5 Non-Current Asset Held for Sale and Discontinued Operations. The management of both entities are actively looking for buyers and the transactions are expected to be completed within a year from the reporting date. The non-financial assets of Al Jaraf Fisheries LLC have been written down to their net realisable value by an amount of AED 183,481 thousand.

The carrying value of the assets and liabilities of each discontinued operations as of 31 December 2024 and 2023 are as follows:

	Paragon 2024 AED'000	Al Jaraf Fisheries 2024 AE D'000	ASR 2024 AED'000	Total 2024 AED'000	Paragon 2023 AED'000	Holiday Inn 2023 AED'000	Transcend 2023 AED'000	Total 2023 AED'000

A building relating to Holiday Inn classified under property, plant and equipment with a carrying value of AED 162,080 thousand for the year ended 31 December 2023 was mortgaged as security against borrowings. For the year ended 31 December 2024, there were no assets mortgaged as securities as Holiday Inn sale was completed during the year.

The results of operations of the discontinued subsidiaries were not segregated on the face of the consolidated statement of profit or loss, as the amounts were insignificant.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

21 Share Capital

	2024 AED'000	2023 AED'000
<i>Authorised, issued and fully paid</i>		
2,193,540 thousand shares of AED 1 each		
(31 December 2023: 2,193,540 thousand shares of AED 1 each)	2,193,540	2,193,540

In the Annual General Meeting held on 19 April 2023, the shareholders approved the transfer of AED 127,639,366 thousand from share premium to merger, acquisition and other reserves and the transfer of AED 23,549,461 thousand from share premium to retained earnings.

22 Statutory Reserve

In accordance with UAE Federal Law No. (32) of 2021 and the Company's Articles of Association, the Company has established a statutory reserve by appropriation of 10% of profit for each year until the reserve equals 50% of the share capital. This reserve is not available for distribution except as stipulated by the Law.

23 Treasury Shares

during the year, the Company repurchased 2,918,854 of its own shares under a share buyback program approved in the General Assembly Meeting held on 20 June 2024. The approved buyback program allows the Company to repurchase AED 5,000,000 thousand worth of its own shares. The repurchased shares are classified as treasury shares and presented as a deduction from equity in the consolidated statement of financial position.

As at 31 December 2024, the Company held 2,918,854 treasury shares, representing 0.13% of the issued share capital, with a total cost of AED 1,199,016 thousand.

24 Other Equity Instruments

Other equity instruments comprise of hybrid equity instruments issued by Aldar Investment Properties LLC, a subsidiary, with a balance of AED 1,815,646 thousand as at 31 December 2024 (2023: AED 1,815,646 thousand) (note 24.1) and advances of AED 12,921,165 thousand received during the year from potential investors by Two Point Zero Group LLC ("Two Point Zero"), a subsidiary, that will be converted into Two Point Zero shares at a future date. The advances do not guarantee any specific yield or return, and the investors will not be able to claim back the advances or any return thereon. Therefore, the advances are classified as equity instruments in line with the requirements of IAS 32 Financial Instruments: Presentation.

24.1 Hybrid Equity Instruments

Aldar Investment Properties LLC, a subsidiary, had issued hybrid equity instruments in two tranches to an investor ("Noteholder") worth USD 500 million (the "Notes"). The first tranche amounting to USD 310.5 million was received during March 2022 and the second tranche of USD 189.5 million was received during April 2022.

Issuance period	Issued amount	Coupon rate
March 2022	USD 310.5 million (AED 1,140 million)	Fixed interest of 5.625% with a reset after 15 years
April 2022	USD 189.5 million (AED 696 million)	Fixed interest of 5.625% with a reset after 15 years

As per the terms of the agreement, the Notes do not have any maturity date and the Group may elect at its sole discretion not to pay interest on the Note and the Noteholder does not have a right to claim such interest. Such event will not be considered an Event of Default. Pursuant to the terms and conditions of the agreement, the instrument is classified as hybrid equity instrument in line with the requirements of IAS 32 Financial Instruments: Presentation.

Transaction costs of AED 22,016 thousand related to issuance of the Notes were recorded directly in equity.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

26 Borrowings continued

Term loan 29,31,32,57,78 and 82

There were no drawdowns taken by the Group on these revolving loan facilities as at 31 December 2024. Further, the transaction costs relating to these loans were settled by the Group.

Term loan 84

The loan was derecognised as part of disposal of a subsidiary.

Term loan 1,11,37,40,57 and 78

These loans were early settled by the Group during the year.

Borrowing cost included in the cost of qualifying assets for the year was AED 44,540 thousand (note 7 & 17) (2023: AED 6,345 thousand).

Borrowings are denoted in the following currencies:

	2024 AED'000	2023 AED'000
United Arab Emirates Dirham (AED)	59,218,552	40,107,794
United States Dollar (USD)	2,113,376	1,561,738
Egyptian Pound (EGP)	220,852	382,870
Great Britain Pound (GBP)	2,861,481	916,708
Euro (EUR)	477,738	447
Indian Rupee (INR)	3,828	619
	<u>64,895,827</u>	<u>42,970,176</u>

Movement of unamortised transaction cost during the year is as follows:

	2024 AED'000	2023 AED'000
Balance at 1 January	59,711	52,725
Acquired in business combinations	-	-
Paid during the year	53,303	11,146
Amortised during the year (note 40)	(37,047)	(4,151)
Foreign exchange difference	-	(9)
	<u>75,967</u>	<u>59,711</u>

The following table details the Group's remaining contractual maturity for its borrowings. The table has been drawn up based on the undiscounted cash flows of borrowings based on contractual undiscounted payments.

	2024 AED'000	2023 AED'000
On demand	1,502,556	787,676
Less than 3 months	2,217,233	1,079,408
After 3 months but no more than 12 months	16,890,289	5,989,812
After one but not more than five years	50,440,369	38,981,701
More than 5 years	1,506,438	856,917
	<u>72,556,885</u>	<u>47,695,514</u>

Amortisation of issue costs	780	-
Fair value movement on hedge (note 28)	(18,393)	-
Less: settled during the year	(50,497)	-
	<u>1,809,952</u>	<u>-</u>

Non-convertible sukuk are disclosed in the consolidated statement of financial position as follows:

	2024 AED'000	2023 AED'000
Current portion	1,430,324	46,098
Non-current portion	5,430,838	5,456,856
	<u>6,861,162</u>	<u>5,502,954</u>

28 Derivative Financial Instruments

In order to reduce the Group's exposure to interest rate fluctuations on variable interest-bearing borrowings, to cover certain fixed interest borrowings and specific foreign currency payments and receipts, the Group has entered into interest rate swap and interest rate cap arrangements and forward currency contracts with counter-party banks, generally for amounts matching to those particular borrowings.

Derivatives designated as hedging instruments:

	Fix leg on instrument	Notional amount AED'000	Assets AED'000	Liabilities AED'000
31 December 2024				
- Foreign exchange forward contracts		559,390	-	(26,597)
- Interest rate swaps	0.80%	290,144	12,056	-
			<u>12,056</u>	<u>(26,597)</u>
31 December 2023				
- Foreign exchange forward contracts		164,255	-	(9,790)
- Interest rate swaps	0.80%	422,338	24,602	-
			<u>24,602</u>	<u>(9,790)</u>

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

28 Derivative Financial Instruments continued

Derivatives not designated as hedging instruments:

	Fix leg on instrument	Notional amount AED'000	Assets AED'000	Liabilities AED'000
31 December 2024				
- Interest rate swaps ⁽ⁱ⁾	4.27% - 5.50%	2,041,660	-	(19,033)
- Forward contracts - commodities		44,177	-	(1,822)
			<u>-</u>	<u>(20,855)</u>
31 December 2023				
- Interest rate swaps	4.27%	355,501	-	(2,348)
- Interest rate cap	2.52% - 3.00%	441,664	8,311	-
			<u>8,311</u>	<u>(2,348)</u>

- i. Included is a new forward interest rate swap entered into during the year by Aldar Investment Properties Sukuk Limited, a subsidiary, having a notional amount of AED 1,836,250 thousand. The fixed interest rate received and floating interest rate paid are settled semi-annually by the Group, with the fair value movements on fixed leg of the swap being designated as a hedge of fair value movements in the 10 year Sukuk attributable to the change in USD SOFR coupon curve. As of 31 December 2024, the fair values of these interest rate swaps amounted to AED 18,393 thousand against the Group, which is netted off against a non-convertible sukuk ("Sukuk 4") (note 27).

Derivative financial instruments are disclosed in the consolidated statement of financial position as follows:

	Assets		Liabilities	
	2024 AED'000	2023 AED'000	2024 AED'000	2023 AED'000

Trade payables	102,566	132,044
Other payables	452,674	205,602
	5,804,613	5,794,202

- i. Mainly represents the consideration payable for land plots on Al Fahid Island and 3 parcels of land in Dubai, which are payable over a period of 5 years and are recognised at the present value of the consideration payable (note 13).
- ii. Grant recognised as a result of a business combination during the year, which is to be utilised for specific projects.
- iii. This provision relates to the expected cost to be incurred for restoration and rehabilitation of the mines upon the completion of production life. The majority of the cost is expected to be incurred in the final year of the production life which ranges for more than 25 years.

The Group's trade and other payables have usual credit terms of 30 to 90 days from the invoice date. No interest is charged on trade payables.

30 Contract Liabilities

Contract liabilities represent contracts for which consideration has been received by the Group, however, the performance obligation remains unsatisfied as at the reporting date, including construction contracts where a particular milestone payment exceeds the revenue recognised to date and contracts for goods or services where the transaction price is received by the Group before the control of promised goods or service is transferred to the customer.

	2024 AED'000	2023 AED'000

31 December 2024

38 Basic and Diluted Earnings Per Share

Basic earnings per share is calculated by dividing the profit for the year attributed to the owners of the Company by the weighted average number of shares in issue throughout the year.

Diluted earnings per share is calculated by dividing the profit for the year attributed to the owners of the Company by the weighted average number of shares in issue throughout the year, adjusted for the effects of dilutive instruments.

	2024	2023
Profit attributable to owners of the Company (AED'000)	15,765,848	27,523,100
Weighted average number of shares (shares in '000)	2,193,218	2,193,540
Basic and diluted earnings per share for the year (AED)	7.19	12.55

As of 31 December 2024 and 31 December 2023, the Company has not issued any instruments that have a dilutive impact on earnings per share when exercised.

39 Contingent Liabilities and Commitments

	2024 AED'000	2023 AED'000
Letters of guarantee	39,789,693	29,642,137
Letters of credit	1,316,683	856,128
Capital commitments	40,348,688	36,095,449
Commitments for investments	63,769,128	17,426,891

The Group's share in contingencies and commitments of the associates and joint ventures is disclosed under note 10.

The Group in the normal course of business is involved from time to time in litigations and claims from third parties. The Group undertakes periodic review of its potential exposure to litigations and claims made against it. The Group believes that no material liability will result from those litigations and claims that require to be further accrued for as of 31 December 2024.

40 Finance Costs

	2024 AED'000	2023 AED'000
Interest on borrowings	3,773,023	2,143,183
Interest on lease liabilities (note 31)	184,783	98,450
Amortisation of transaction costs (note 26)	37,047	4,151
Others	79,062	31,582
	4,073,915	2,277,366

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

41 TAXATION

On 9 December 2022, the UAE Ministry of Finance released Federal Decree-Law No 47 of 2022 on the Taxation of Corporations and Businesses, Corporate Tax Law ("UAE CT Law") to enact a Federal corporate tax ("CT") regime in the UAE. Furthermore, on 16 January 2023, a Cabinet Decision was published specifying the threshold of AED 375,000 of taxable income above which taxable entities would be subject to a 9% corporate tax rate. The UAE CT Law is applicable to the Group with effect from 1 January 2024.

The Group's subsidiaries in United States of America, India, Kingdom of Saudi Arabia, Russia, Maldives, Arab Republic of Egypt, Cyprus, Switzerland, Seychelles, United Kingdom, Greece, Panama, Angola, Jordan, Canada, Jersey, France, Malaysia, Thailand, Hong Kong, Uzbekistan, Azerbaijan, Netherlands, Germany, Zambia, Mauritius, Libya and Belarus are subject to taxation. Income tax for the current year is provided on the basis of estimated taxable income computed by the Group using tax rates, enacted or substantially enacted at the reporting date, applicable in the respective countries in which the subsidiaries operate and any adjustment to tax in respect of previous years.

The major components of taxation for the years ended 31 December 2024 and 2023 are:

	2024 AED'000	2023 AED'000
Consolidated statement of profit or loss		
<i>Income tax:</i>		
Charge for the year	1,189,193	144,229
Adjustments in respect of current income tax of previous year	<u>(10,846)</u>	<u>(11,397)</u>
	1,178,347	132,832
<i>Deferred tax:</i>		
Relating to origination and reversal of temporary differences	<u>(205,424)</u>	723,095
Income tax expense reported in the consolidated statement of profit or loss	<u>972,923</u>	<u>855,927</u>
Consolidated other comprehensive income ("OCI")		
<i>Deferred tax related to items recognised in OCI during the year:</i>		
Foreign exchange difference on translation of foreign operations	(18,210)	(4,760)
Gain on revaluation of digital assets	32,399	-
Net loss on financial assets carried at fair value through other comprehensive income	<u>(942)</u>	-
Deferred income tax charged to OCI	<u>13,247</u>	<u>(4,760)</u>

Reconciliation of tax expense and the accounting profit for 2024 and 2023:

	2024 AED'000	2023 AED'000
Accounting profit before tax	26,674,304	33,810,175
Income not subject to tax	-	<u>(32,781,148)</u>
Accounting profit subject to tax	26,674,304	1,029,027
Tax at the domestic rate of 9% (2023: 0%)	2,400,687	-
Tax effect of application of UAE tax law	14,053	723,951
Adjustments in respect of current income tax of previous years	(7,696)	(11,397)
Tax effect on taxable dividend from foreign subsidiary	58,500	-
Effect of higher tax rates of subsidiaries operating in foreign jurisdiction	75,650	152,584
Transfer pricing adjustment	2,511	-
Income taxable at the rate of 0%	(440,492)	-
Step up costs for properties sold under UAE CIT law	(257,271)	-
Tax effect of expenses / income not considered in determining taxable profit	(727,320)	(8,238)
Tax effect of share of results of associates and joint ventures	(147,006)	-
Others	<u>1,307</u>	<u>(973)</u>
Income tax expense reported in the consolidated statement of profit or loss	<u>972,923</u>	<u>855,927</u>

Paid during the year	(175,802)	(120,669)
Foreign currency translation adjustment	(62,946)	(12,294)
Eliminated on disposal of a subsidiary	(9)	(804)
Other movements	<u>2,255</u>	-
Balance at 31 December - tax payable	<u>1,178,958</u>	<u>224,939</u>

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

41 TAXATION continued

International Tax Reform - Pillar Two model rules:

The Organisation for Economic Co-operation and Development ("OECD") has published the Pillar Two Anti Global Base Erosion Rules ("GloBE Rules"), which includes a minimum 15% tax rate by jurisdiction ("Pillar Two"). Various countries have enacted or intend to enact tax legislation to comply with Pillar Two rules. Pillar Two Legislation has not been substantively enacted at the reporting date where the Parent company is incorporated, the UAE.

The Group will be conducting a comprehensive assessment to analyse the potential impact of the Pillar Two income tax. The assessment will be completed during the year 2025.

The Group has applied the temporary exception issued by the IASB in May 2023 from the accounting requirements for deferred taxes in IAS 12. Accordingly, the group neither recognises nor discloses information about deferred tax assets and liabilities related to Pillar Two income taxes.

42 Material Partly-Owned Subsidiaries

Proportion of equity interest held by non-controlling interests:

43 Fair Value Measurement

Fair value of the Group's assets that are measured at fair value on recurring basis

Some of the Group's financial assets are measured at fair value at the end of the reporting year. The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable and gives information about how the fair value of these financial assets are determined.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Following is the information on how the fair value of the financial assets, financial liabilities, biological assets and digital assets are determined.

	Fair value as at		Fair value hierarchy	Valuation techniques and key inputs	Significant unobservable input	Relationship of unobservable inputs to fair value
	31 December 2024 AED'000	31 December 2023 AED'000				
Financial assets						
Quoted equity investments - investment in financial assets	44,827,949	47,236,145	Level 1	Quoted bid prices in an active market.	None	Not applicable
Unquoted equity investments - investment in financial assets	37,937,000	13,776,851	Level 3	Discounted cash flow method and latest transaction price	Net assets value	Higher the net assets value of the investees, higher the fair value
Unquoted debt investments - investment in financial assets	2,204,745	615,804	Level 3	Discounted cash flow method and latest transaction price	Net assets value	Higher the net assets value of the investees, higher the fair value
Derivative financial assets	12,056	32,913	Level 2	Significant observable inputs	None	Not applicable
Financial liabilities						
Derivative financial liabilities	47,452	12,138	Level 2	Significant observable inputs	None	Not applicable
Non-financial assets						
Biological assets	15,886	50,450	Level 2	Significant observable inputs	None	Not applicable
Digital assets	1,879,424	-	Level 2	Average quoted bid prices on multiple digital currency exchanges.	None	Not applicable

There were no transfers between each of the levels during the year. The fair values of all other financial assets and liabilities, other than the below, are not materially different from their carrying values at the reporting date.

Financial liabilities at amortised cost:

	2024 AED'000		2023 AED'000	
	Gross carrying amount	Fair value	Gross carrying amount	Fair value
Sukuk 1 (note 27)	1,394,664	1,372,007	1,852,144	1,820,844
Sukuk 2 (note 27)	1,841,234	1,731,670	1,839,102	1,722,890
Sukuk 3 (note 27)	1,815,312	1,792,933	1,811,708	1,782,319
Sukuk 4 (note 27)	1,809,952	1,866,624	-	-
	<u>6,861,162</u>	<u>6,763,234</u>	<u>5,502,954</u>	<u>5,326,053</u>

The non-convertible sukuk are categorised under Level 1 in the fair value hierarchy.

45 Financial Risk Management

Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debts.

There were no changes in the Group's approach to capital management during the year.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by net debt and equity. Net debt is calculated as borrowings, non-convertible sukuk, lease liabilities, loan from related parties, trade and other payables, contract liabilities, due to related parties less cash and bank balances. Total capital is calculated as 'equity' as shown in the consolidated statement of financial position plus net debt.

	2024 AED'000	2023 AED'000
Borrowings	64,895,826	42,970,176
Lease liabilities	4,583,461	2,152,747
Loan from related parties	2,919,447	125,318
Trade and other payables	48,148,308	37,215,362
Non-convertible sukuk	6,861,162	5,502,954
Contract liabilities	23,463,973	15,775,359
Due to related parties	1,458,232	1,351,413
Cash and bank balances	<u>(55,212,208)</u>	<u>(33,918,559)</u>
Net debt	97,118,201	71,174,770
Equity	244,386,593	156,736,871
Net debt and equity (capital)	<u>341,504,794</u>	<u>227,911,641</u>
Gearing ratio	<u>0.28</u>	<u>0.31</u>

Financial instruments risk management objectives and policies

The Group is exposed to the following risks related to financial instruments - market risk (including foreign exchange risk, price risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of the financial markets and seeks to optimise potential adverse effects on the Group's financial performance.

The Board of Directors of the Company establishes and oversees the Company's risk management framework, while the management and respective boards of certain companies within the Group takes responsibility for the establishment and oversight of risk management frameworks at the entities' levels.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group's Audit, Risk and Compliance Committee oversees how management monitors compliance with the Group's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

Market risk management

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, price risk and interest rate risk. Financial instruments affected by market risk include investment in financial assets, borrowings and derivative financial instruments.

Foreign exchange risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency), investment in financial assets and the Group's net investments in foreign subsidiaries, associates and joint ventures.

The carrying amounts of the Group's monetary assets and liabilities in major foreign currencies at the reporting date are as follows:

	Assets 2024 AED'000	Liabilities 2024 AED'000	Net Exposure 2024 AED'000	Assets 2023 AED'000a	Liabilities 2023 AED'000	Net Exposure 2023 AED'000
Egyptian Pound ('EGP')	13,865,324	6,372,109	7,493,215	5,550,932	4,036,112	1,514,820
Euro ('Eur')	2,704,992	1,485,432	1,219,560	1,822,918	443,630	1,379,288
Great Britain Pound ('GBP')	4,509,257	4,261,904	247,353	2,937,181	1,941,297	995,884
Moroccan Dirham ('MD')	500,872	523,515	(22,643)	369,688	374,312	(4,624)
Indian Rupees ('INR')	6,019,074	24,023	5,995,051	7,240,853	11	7,240,842
Colombian Peso ('COP')	3,154,439	-	3,154,439	268,033	-	268,033
Swiss Franc ('CHF')	234,710	1,170	233,540	-	-	-
Others	368,013	772,311	(404,298)	169,394	428,227	(258,833)

Foreign currency sensitivity analysis

The Group is exposed to currencies not denominated in USD or AED, as the latter is pegged to the US Dollar. The major exposure to foreign currencies at the end of reporting period relates to EGP, Euro, GBP, MD, INR, COP and CHF. The following table demonstrates the sensitivity of AED on the Group's equity to a reasonably possible change by 5% against following foreign currencies, with all other variables held constant. The Group's exposure to foreign currency changes for all other currencies is not material.

	Effect on Equity 2024 AED'000	Effect on Equity 2023 AED'000
Egyptian Pound ('EGP')	374,661	75,741
Euro ('Eur')	60,978	68,964
Great Britain Pound ('GBP')	12,368	49,794
Moroccan Dirham ('MD')	(1,132)	(231)
Indian Rupees ('INR')	299,753	362,042
Colombian Peso ('COP')	157,722	13,402
Swiss Franc ('CHF')	11,677	-
Others	(20,215)	(12,942)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

45 Financial Risk Management continued

Market risk management continued

Price risk

The Group is exposed to equity securities price risk because of quoted investments held by the Group. The Group's quoted investment portfolio amounted to AED 44,827,949 thousand (2023: AED 47,236,145 thousand). At the reporting date if the prices of investments were 5% higher/lower with all other variables held constant, the Group's equity and profit or loss would have increased/decreased as follows:

	2024 AED'000	2023 AED'000
Impact on the Group's profit for the year (increase/decrease)	<u>2,235,372</u>	<u>2,352,964</u>
Impact on the Group's other comprehensive income for the year (increase/decrease)	<u>6,026</u>	<u>8,844</u>

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's borrowings with floating interest rates.

At 31 December 2024, if interest rates on the borrowings had been 100 basis points lower/higher with all other variables held constant, profit for the year would have been increased or decreased by AED 365,332 thousand (2023: AED 220,614 thousand).

Interest rate swap contracts

Under interest rate swap contracts, the Group agrees to exchange the difference between fixed and floating rate interest amounts calculated on agreed notional principal amounts. Such contracts enable the Group to mitigate the risk of changing interest rates on the fair value of issued fixed rate debt and the cash flow exposures on the issued variable rate debt. The fair value of interest rate swaps at the reporting date is determined by discounting the future cash flows using the curves at reporting date and the credit risk inherent in the contract. The notional principal amounts are disclosed in note 28.

Interest rate cap contracts

The Group is exposed to interest rate risk on interest bearing debt and manages its exposure to interest rate risk through the proportion of fixed and variable rate debt in its total net debt portfolio.

Cashflow hedges

All interest rate swap contracts exchanging floating rate interest amounts for fixed rate interest amounts are designated as cash flow hedges in order to reduce the Group's cash flow exposure resulting from variable interest rates on borrowings. The interest rate swaps and the payments on the loan occur simultaneously.

Credit risk management

Credit risk is managed on a Group basis, except for credit risk relating to accounts receivables balances. Each local entity is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Credit risk arises from cash and cash equivalents and deposits with banks and financial institutions, as well as credit exposures to customers, including outstanding receivables and committed transactions. Individual risk limits are based on management's assessment on a case by case basis. The utilisation of credit limits is regularly monitored. The Group's policy is to place cash and cash equivalents and short terms deposits with reputable banks and financial institutions.

There are no significant concentrations of credit risk within the Group. There are policies in place to ensure that services are rendered to customers with an appropriate credit history. The Group's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments.

Liquidity risk management

Liquidity risk is the risk that the Group will be unable to meet its funding requirements. The maturity profile of financial liabilities is monitored by management to ensure adequate liquidity is maintained.

Cash flow forecasting is performed in the operating entities of the Group and aggregated by the Group Finance. The Group finance monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants on any of its borrowing facilities. Such forecasting takes into consideration the Group's debts financing plans, covenant compliance and compliance with internal consolidation statement of financial position targets. The table below analyses the Group's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows:

	On demand AED'000	Less than 3 months AED'000	3 to 12 months AED'000	1 to 5 years AED'000	More than 5 years AED'000	Total AED'000
At 31 December 2024						
Borrowings	1,502,556	2,217,233	16,890,289	50,440,369	1,506,438	72,556,885

46 Dividends

Dividends attributable to non-controlling interest amounting to AED 2,708,299 thousand was declared in 2024 (2023: AED 1,209,205 thousand).

47 Comparative Information

Certain comparative figures have been reclassified, wherever necessary, to conform to the presentation adopted in the current year consolidated financial statements. Such reclassification has no impact on previously reported profit or equity of the Group.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 December 2024

48 Subsequent Events

Subsequent to the year end, the Group entered into the following transactions to acquire shareholding interest:

- Masdar Green REIT (CEIC) ("MGR") – 60% equity interest
(MGR is involved in the ownership, management and leasing of real estate assets located in Masdar City)
- Libra Property Holding RSC ("Libra") – 60% equity interest
(Libra is developing and selling real estate)
- 2 Finsbury Avenue – 50% equity interest
(To develop and own 2 Finsbury Avenue, a 750,000 sqft prime real estate project in Broadgate, London)

In addition, on 22 April 2024, Alpha Dhabi Hospitality Holding LLC and Murban Energy Limited, both subsidiaries of the Group, entered into a sale and purchase agreement with National Corporation for Tourism & Hotels PJSC ("NCTH"), where certain assets are to be sold to NCTH in exchange for NCTH shares. Subsequent to the year end, the closing obligations were fulfilled, and the Group acquired a controlling ownership stake of 73.73% in NCTH.
